Subcommittee on Courts, Civil Liberties, and the Administration of Justice, 1981      *Case Studies in Family Violence* Robert T. Ammerman, Michel Hersen, 2012-12-06 Since the publication of the first edition in 1991 there has been substantial progress in our understanding of the etiology and associated features of domestic violence As in the first edition this book elucidates and highlights the complex multidisciplinary issues facing clinicians who work with family violence cases Each chapter combines two illustrative cases with a broader discussion of the issues that are encountered by clinicians working with families that engage in abuse or neglect      *Slaughter of the Innocents* Conseil de la radio-télévision canadienne, 1971      **Four Perspectives on the Status of Child Abuse and Neglect Research** Herner and Company, 1977

**Living Nonviolently** Gabriel Moran, 2011-03-31 Are human beings naturally violent Is war the fate of the human race Despite the depressing record of the past the world's future depends upon avoiding war and drastically reducing violence *Living Nonviolently* Language for Resisting Violence examines carefully the language of violence and war One of the first casualties of violence is language which in turn makes resistance to violence difficult to articulate In the first four chapters Gabriel Moran proposes distinctions for the interconnected ideas of force power aggressiveness violence and war not to invent a new and logical language but to ground the meaning of these terms in our human experience That revitalization of ordinary language depends upon an inclusive language of men and women adults and children human and nonhuman animals The fifth chapter locates the potential for both encouraging violence and resisting violence in the peculiar logic of religion Jesus Sermon on the Mount is commonly invoked by people who say that nonviolence may be an admirable ideal for a few people but it is irrelevant for most people and for all nations in this chapter Moran examines the widely misunderstood sermon in detail to illustrate its potential for resisting violence For a conclusion he discusses practical means of education that are helpful to reaching some understanding of violence and resistance to violence *Living Nonviolently* is written for scholars in peace studies political philosophy or religious studies and for anyone who wishes to understand the roots of violence and war      *Research Into Violent Behavior* United States. *The Management of Child Protection Services* Robert Sanders, 2019-05-23 First published in 1999 The Management of Child Protection Services is not about child abuse but about child protection It is about the arrangements that professionals from different disciplines make to ensure they operate together effectively to protect the most vulnerable children in society The book examines five different contexts of child protection historical cross cultural structural managerial and professional and consideration of the operation of Area Child Protection Committees In exploring these contexts the book seeks to address such questions as how can universal standards be applied to protect vulnerable children whilst avoiding ethnocentrism and from where are derived historically and cross culturally the models of child protection adopted in the UK today It also seeks to identify the different professional contexts roles and contributions of agencies involved in child protection with a view to promoting interdisciplinary understanding These questions and understandings are necessary if changes currently being
