Fiskesjö,2021-08-13 The Wa people have a rich civilization of their own and a deep history in the mountains of Southeast Asia Their mythology suggests their land is the first place inhabited by humans which they care for on behalf of the world This book introduces aspects of Wa culture including their approach to the world s troubles and the lessons others might learn from it It also presents a new interpretation of Wa headhunting questioning explanations that see it as a primitive custom and instead placing it within the fraught history of the last few centuries *Changing Ethnicity* Zhitian Guo,2019-07-10 This book investigates the changes in ethnicity in contemporary China by examining the Yi in Liangshan With a particular focus on cadres a seemingly highly politicized group this book tries to contribute to the discussion of ethnopolitics in China and the politicization of ethnicity This study categorizes cadres into three generations and discovers that for the veteran echelon ethnicity is related to an emotional expression for the second generation it is more about a political discourse and competitions and for the third generation it takes the form of symbolic ethnicity that resonates in everyday life *Changing ethnicity of Yi* is a miniature portrayal of the social development in China and demonstrates the interplay between ethnicity and ethnopolitics and how these interactions are expressed in people s everyday life The valuable context offered in this book for discussions about ethnicity in contemporary China will be of interest to China scholars ethnologists and political scientists

Department of the Army Pamphlet ,1972 *Watching China Change* Robert C. Cosbey,2001 Between May 1976 while Mao was still alive and 1997 when Deng Xiaoping died was a time of tremendous change in China from the Great Proletarian Cultural Revolution to the affluent eighties and nineties from socialism to what looks like unrestrained capitalism and from a mysterious country wrapped in isolation to one of the key players in modern international affairs It s a dramatic story that involves a fifth of the human race and impinges on the rest I am moved to get down on paper my memories and observations about my twenty five year experience with China Neither a eulogy nor an expos just as honest an account as I can make it of the China I saw and experienced *Slavery in the American Mountain South* Wilma A. Dunaway,2003 Wilma Dunaway breaks new ground by focusing on slave experiences on small plantations in the Upper South She argues that a region was not buffered from the political economic and social impacts of enslavement simply because it was characterized by low black population density and small slaveholdings By drawing on a massive statistical data base derived from antebellum census manuscripts and county tax records of 215 counties in nine states on a vast array slaveholder manuscripts and on regional slave narratives she pinpoints several indicators that distinguished Mountain South enslavement from the Lower South *Minority Groups in North Vietnam* Joann L. Schrock,American Institutes for Research,1972 Maps research and writing completed April 1970 April 1972 T p **East Wind** Tom Buchanan,2012-04-19 East Wind offers the first complete archive based account of the relationship between China and the British Left from the rise of modern Chinese nationalism to the death of Mao Tse tung Beginning with the Hands Off China movement of the mid 1920s Tom Buchanan charts the mobilisation of British opinion in defence of China against Japanese aggression 1931 1945 and the role of the

British left in relations with the People's Republic of China after 1949. He shows how this relationship was placed under stress by the growing unpredictability of Communist China, above all by the Sino-Soviet dispute and the Cultural Revolution, which meant that by the 1960s China was actively supported only by a dwindling group of enthusiasts. The impact of the suppression of the student protests in Tiananmen Square, June 1989, is addressed as an epilogue. East Wind argues that the significance of the left's relationship with China has been unjustly overlooked. There were many occasions such as the mid 1920s, the late 1930s and the early 1950s when China demanded the full attention of the British left. It also argues that there is nothing new in the current fascination with China's emergence as an economic power. Throughout these decades the British left was aware of the immense unrealised potential of the Chinese economy and of how China's economic growth could transform the world. In addition to analysing the role of the political parties and pressure groups of the left, Buchanan sheds new light on the activities of many well-known figures in support of China, including intellectuals such as Bertrand Russell, R. H. Tawney and Joseph Needham. Many other interesting stories emerge concerning less well-known figures which show the complexity of personal links between Britain and China during the twentieth century.

Recovering the Human Subject James Laidlaw, Barbara Bodenhorn, Martin Holbraad, 2018-02-15. A focused debate on human subjectivity and post-humanism with a range of theoretical and ethnographic responses to a classic article.

Economies of Favour After Socialism David Henig, Nicolette Makovicky, 2017. Paperbacks in Print, 1972. [Historical Dictionary of Slavery and Abolition](#) Martin A. Klein, 2014-09-04. For almost four thousand years, men and women with power have exploited vulnerable populations for cheap or free labor. These slaves, serfs, helots, tenants, peons, bonded or forced laborers, etc., built pyramids and temples, dug canals and mined the earth for precious metals and gemstones. They built the palaces and mansions in which the powerful lived, grown the food they ate, spun the cloth that clothed them. This second edition of *Historical Dictionary of Slavery and Abolition* relates the long and brutal history of slavery and the struggle for abolition, using several key features: Chronology, Introductory essay, Appendixes, Extensive bibliography. Over 500 cross-referenced entries on forms of slavery, famous slaves and abolitionists, sources of slaves and current conditions of modern slavery around the world. This book is an excellent access point for students, researchers and anyone wanting to know more about slavery and abolition.
