Peterson, 2006 Sir John Betjeman 1906 1984 Poet Laureate was probably the most widely read English poet of the twentieth century Because of his frequent appearances on radio and television and his fervent devotion to the preservation of England's architectural heritage his face and voice became familiar to millions Few other poets of any century have had such a powerful influence on their contemporaries This bibliography lists and describes all of his known writings including his own books ephemera contributions to periodicals and to books by others lectures and radio and television programmes Other categories such as editorships music settings and dramatic adaptations of his poems recordings and interviews are also included as well as a section devoted to writings about him Manuscripts and drafts of all his works are described in detail This enormous body of material is thoroughly indexed cross referenced and in most cases annotated Now at last the activities of this remarkable man both a poet and a cultural phenomenon can be seen in their full breadth and complexity **Anti-Sport Sentiments in Literature** John Bale, 2007-11-05 This book draws on literature specifically on the writings of selected novelists and poets to widen an existing anti sport discourse to include hitherto excluded voices from the world of literature The book commences with a review of exiting pro and anti sport discourses and then proceeds to examine in turn the written works of five eminent authors excavating from their writings their anti sports rhetorics These writers are Lewis Carroll Charles Dodgson Charles Hamilton Sorley Jerome K Jerome John Betjeman and Alan Sillitoe In its conclusion the book draws together the broad themes discussed in the preceding chapters Innovative in its approach to sport and literature and remarkable for its not having been previously explored in any depth this book will be of interest to readers from both social sciences and humanities backgrounds *Harvest Bells* John Betjeman, 2019-06-27 A charming new collection of previously unpublished and uncollected poems by Sir John Betjeman John Betjeman's unforgettable poems on landscape and suburbia desire and death faith and doubt helped to establish him as the beloved voice of a nation Yet the ten books of poetry he published individually later assembled in the *Collected Poems* were an incomplete representation of his poetic oeuvre Many poems published in journals or magazines were excluded from Betjeman's books by him or his editors and a substantial number of finished poems were never printed at all remaining unknown to readers until now In this exquisite new edition of Betjeman's verse editor Kevin Gardner promises new treasures for Betj's admirers the world over Betjeman wrote many of these poems in the late 1920s and early 1930s when he was still developing his unique poetic voice They reveal a young poet experimenting with both Modernism and post Romanticism yet influenced by Shelley and Pope among others Some of these poems are profoundly psychological personal and deeply affecting to read today Several have the delicate and eccentric touch of much of his early poetry and shed new light on his

growth as a young poet while many others reflect the sustained maturity of his later verse Almost all are typically amusing and highly witty in the style typical of Betjeman some verge on the bawdy and even in one instance point towards homosexuality These charming and surprising new discoveries found in archives as far apart as Austin Texas and Christ Church Oxford will delight poetry lovers and introduce a whole new generation to Betjeman's unforgettable work

The Complete Works of W. H. Auden Wystan Hugh Auden, 1996 Volume 5 This fifth volume of W H Auden's prose displays a great writer's mind in its full maturity of wisdom learning and emotional and moral intelligence It contains his most personally revealing essays the ones in which he wrote for the first time about the full history of his family life his sexuality and the development of his moral and religious beliefs Among these works are the lightly disguised autobiographies that appear in long essays on the Protestant mystics and on Shakespeare's sonnets The book also features the full text of his T S Eliot Memorial Lectures Secondary Worlds and many unpublished or unavailable lectures and speeches Edward Mendelson's introduction and comprehensive notes provide biographical and historical explanations of obscure references The text includes corrections and revisions that Auden marked in personal copies of his work and that are published here for the first time

The New Cambridge Bibliography of English Literature: Volume 4, 1900-1950 George Watson, I. R. Willison, 1972-12-07 More than fifty specialists have contributed to this new edition of volume 4 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries

John Betjeman Greg Morse, 2012-02-29 John Betjeman was undoubtedly the most popular Poet Laureate since Tennyson This book explores his identity through such Victorianism via the verse of that period but also its architecture religious faith and more importantly religious doubt

The Landscapes of W. H. Auden's Interwar Poetry Ladislav Vít, 2021-12-14 This is the first book length study foregrounding Auden's sense of place as a means for enhancing our grasp of this crucial twentieth century poet Proposing that Auden had a remarkable spatial sensibility this book concentrates on his treatment of his homeland England as well as the North Pennines and Iceland both of which served as his good places holy grounds and sources of topophilic sentiment The readings draw on the scholarship of humanistic geography tracing patterns of mental constructs which emerge from spatial experience In a scholarly but engaging way this book argues that focusing on Auden's poetics of place as it emerged and evolved can be instrumental to our understanding of this influential poet not only in relation to his epoch but also to the Anglophone poetic tradition Precisely because of his stature these elaborations on Auden's preoccupation with places escapism borders and local identity promise to enrich our understanding of the cultural and intellectual climate of the

interwar period when established notions of local places and cultures were beginning to be contested by internationalisation This study will be of interest to both academics and students in the field of Anglophone literary studies while also appealing to those attracted to Auden's poetry interwar culture and the literary representation of space **Shadow Sites** Kitty Hauser, 2007-03-29 At certain times of the day at sunrise and sunset the outlines of prehistoric fields barrows and hill forts in the British landscape may be thrown into relief Such shadow sites best seen from above and captured by an airborne camera are both examples of and metaphors for a particular way of seeing the landscape At a time of rapid modernisation and urbanisation in mid twentieth century Britain an archaeological vision of the British landscape reassured and enchanted a number of writers artists photographers and film makers From John Piper Eric Ravilious and Shell guide books to photographs of bomb damage aerial archaeology and *The Wizard of Oz* Kitty Hauser delves into evocative interpretations of the landscape and looks at the affinities between photography as a medium to capture traces of the past as well as their absence **Elkhorn** Richard Taylor, 2018-09-21 When former Kentucky Poet Laureate Richard Taylor took a job at Kentucky State University in 1975 he purchased a fixer upper in need of a roof a paint job city water and central heating that became known to his friends as Taylor's Folly The historic Giltner Holt House which was built in 1859 and sits close by the Elkhorn Creek a few miles outside of Frankfort became the poet's entrance into the area's history and culture and the Elkhorn became a source of inspiration for his writing Driven by topophilia love of place Taylor focuses on the eight mile stretch of the creek from the Forks of the Elkhorn to Knight's Bridge to provide a glimpse into the economic social and cultural transformation of Kentucky from wilderness to its current landscape He explores both the natural history of the region and the formation of the Forks community Taylor recounts the Elkhorn Valley's inhabitants from the earliest surveyors and settlers to artist Paul Sawyier who memorably documented the creek in watercolors oils and pastels Interspersed with photographs and illustrations contemporary and historic and intermixed with short vignettes about historical figures of the region *Elkhorn Evolution of a Kentucky Landscape* delivers a history that is by turns a vibrant and meditative personal response to the creek and its many wonders Flowing across four counties in central Kentucky Elkhorn Creek is the second largest tributary of the Kentucky River Known for its beauty and recreational opportunities Elkhorn Creek has become an increasingly popular location for canoeing kayaking and camping and is one of the state's best known streams for smallmouth bass bluegills and crawfish Like Walden Pond for Henry David Thoreau the Elkhorn has been a touchstone for Taylor A beautiful blend of creative storytelling and historical exploration of one of the state's beloved waterways Elkhorn celebrates a gem in the heart of central Kentucky Sir John Betjeman Duncan Andrews, Wellesley College Library, 1976

Rootedness Christy Wampole, 2016-04-06 People have long imagined themselves as rooted creatures bound to the earth and nations from which they came In *Rootedness* Christy Wampole looks toward philosophy ecology literature history and politics to demonstrate how the metaphor of the root surfacing often in an unexpected variety of places from the family tree

to folk etymology to the language of exile developed in twentieth century Europe Wampole examines both the philosophical implications of this metaphor and its political evolution From the root as home to the root as genealogical origin to the root as the past itself rootedness has survived in part through its ability to subsume other compelling metaphors such as the foundation the source and the seed With a focus on this concept s history in France and Germany Wampole traces its influence in diverse areas such as the search for the mystical origins of words land worship and nationalist rhetoric including the disturbing portrayal of the Jews as an unrooted and thus unrighteous people Exploring the works of Martin Heidegger Simone Weil Jean Paul Sartre Paul Celan and many more Rootedness is a groundbreaking study of a figure of speech that has had wide reaching and at times dire political and social consequences

In Solitude, for Company Wystan Hugh Auden, 1995 The third volume of Auden Studeis presents Auden in maturity and includes a large amount of previously unpublished prose by him The book concentrates on the relatively unexplored area of Auden s post 1940 writings and the letters essay and lectures printed here demonstrate the Goethean scope of his intellect which ranged easily from psychoanalysis to theology archaeology to politics In Solitude for Company contains two hitherto unpublished and little known lectures The first of these introduced by Nicholas Jenkins is on the theme of vocation delivered during the troubled war years when Auden was examining his own vocation The second lecture was given near the end of the poet s life on the subject of the value of the work of Sigmund Freud Katherine Bucknell precedes this with the first full length examination of Auden s intensely ambivalent relation to Freud Auden s correspondence with his close friends James and Tania Stern reveals much new and important biographical information and Edward Mendelson s further supplement to the Auden Bibliography provides an extensive listing of all published letters by Auden In addition distinguished literary critics including David Bromwich Lawrence Lipking Edna Longley and Michael Wood together with the nonagenarian communist Edward Upward contribute to a symposium on one of this century s most famous poems In Praise of Limestone , The Island Nicholas Jenkins, 2024-06-11 Nicholas Jenkins explores war love and politics in the early works of W H Auden one of the twentieth century s most controversial and moving poets Auden s poems embraced both haunted meditations on World War I and lyrical visions of English national identity until in the mid 1930s he lost faith in the artistic potential of such myths

Institute of Pacific Relations United States. Congress. Senate. Committee on the Judiciary, 1952 **AB Bookman's Weekly** , 1992 The Art of Restraint Richard Hoffpauir, 1991 Richard Hoffpauir argues that the works of the best poets have found ways of not capitulating to contemporary reality and outlines the terms of the debate by setting the weaknesses of Yeats against the strenghts of Hardy Subsequent chapters discuss the nature poetry of Edward thomas the war poetry of Graves Blunden and Gurney the love poetry of Bridges Lawrence and Graves and the political and social verse of Rickword Daryush Betjeman and Larkin **Antiquarian Bookman** , 1963 **W.H. Auden Encyclopedia** David Garrett Izzo, 2015-05-07 W H Auden s life and work were perhaps best explained and condensed in the words of Edward Mendelson

Auden's literary executor when he remarked Auden grew up in a household in which the scientific inquiries of his father maintained an uneasy truce with the ritualized religion of his mother. Indeed science and religion were dominant themes in Auden's life and work which for him were oftentimes one and the same. Auden was hailed as the new T. S. Eliot and as the coming man greatly influencing the future generations of angry young men with his thoughts on science, religion, and the relationship between the two. This book is an exhaustive reference to W. H. Auden. Those new to Auden and his writing will find the work a comprehensive introduction while Auden scholars will appreciate the quick access it offers to the details of all his poems, plays, libretti, and other pieces of writing. It also includes entries on the people who were closest and most important to Auden, including fellow writers Christopher Isherwood, Stephen Spender, C. Day Lewis, Edward Upward, and T. S. Eliot, as well as significant events in his life such as his arrival in America, his vision of agape, and his search in science and religion for answers to the deep questions of life and existence.
