The positive effect of trade on on-the-job human capital accumulation remains significant when controlling for GDP, educational attainment, and institutional quality. It is not the result of self-selection heterogeneity in returns to experience English speaking origin or cultural background. The effect persists when restricting the sample to non-OECD countries, thereby resolving the theoretical ambiguity of whether trade increases or decreases learning by doing. The role of trade in generating economic growth is therefore likely to be more important than generally considered    **Production & Operations Management** Mayank Kumar Agrawal, 2025-06-01    **The Way of Freedom**, 1972    *Marketing Manager Diploma (Master's level) - City of London College of Economics - 12 months - 100% online / self-paced* City of London College of Economics, Overview The ultimate course in marketing Nothing will be uncovered Content What is Marketing Marketing Management Marketing Management Philosophies Marketing Challenges into the Next Century Marketing and Society Social Responsibility and Marketing Ethics Social Criticisms of Marketing Citizen and Public Actions to Regulate Business Actions Towards Socially Responsible Principles for Public Policy Towards Marketing Strategic Marketing Planning The Global Market Place Business Markets and Business Buyer Behaviour Market Information and Marketing Research Core Strategy And many more Duration 12 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we'll send you the assignment questions Study material The study material will be provided in separate files by email download link    *MBA in Marketing - City of London College of Economics - 10 months - 100% online / self-paced* City of London College of Economics, Overview An MBA in Marketing or Master of Business Administration is a degree that will prepare you for leading positions in marketing such as Chief Marketing Officer Content What is Marketing Marketing Management Marketing Management Philosophies Marketing Challenges into the Next Century Marketing and Society Social Responsibility and Marketing Ethics Social Criticisms of Marketing Citizen and Public Actions to Regulate Business Actions Towards Socially Responsible Principles for Public Policy Towards Marketing Strategic Marketing Planning The Global Market Place Business Markets and Business Buyer Behaviour Market Information and Marketing Research Core Strategy Digital Marketing Strategy Customer Relationship Management E-Commerce Fundamentals of Management And many more Duration 10 months Assessment The assessment will take place on the basis of one assignment at the end of the course Tell us when you feel ready to take the exam and we'll send you the assignment questions Study material The study material will be provided in separate files by email download link
