Slow Dancing:

Slow Dancing with Fire Brahna Yassky, 2022-05-03 As an emerging young painter in New York City Brahna Yassky lived her dream working full time as an artist and supporting herself with her work attending art openings and going to clubs and painting scenery in theaters In 1982 a flame shot up from her stove and burned 55% of her body In *Slow Dancing with Fire* Yassky chronicles the day she was burned the three months she spent in the burn unit enduring an arduous healing process and the next full year of physical and occupational therapy She feared she might never paint again or have an independent life Would any man ever find her attractive enough to want a relationship Over time Yassky's resilient spirit guided her to build a new life She earned credentials as an art therapist and helped others heal from their traumas by engaging with the creative process She adopted a daily practice of swimming both as a meditation and a way to loosen scar contractions The New York City Department of Health commissioned her to create a mural on the outside of a building in the South Bronx and posters for every subway car She joined the Guerrilla Girls a women's artist activist collective whose mission was to fight racism and sexism in the art world She wrote and directed a film about the day she was burned casting an actress to play herself thus objectifying the experience and eliminating her personal identity as a burn victim And finally she married a man she never would have dated before the fire because his greatest attributes were kindness and nurturance not coolness and worldly success Her story encourages the belief that building a resilient spirit and healing our wounds and traumas are not only possible but exhilarating

Popular Music David Metzger,2017-09-21 While ballads have been a cornerstone of popular music for decades this is the first book to explore the history and appeal of these treasured songs David Metzger investigates how and why the styles of ballads have changed over a period of more than seventy years offering a definition of the genre and discussing the influences of celebrated performers including Frank Sinatra Aretha Franklin and Whitney Houston The emotional power of the ballad is strongly linked to the popular mood of the time and consequently songs can tell us much about how events and emotions were felt and understood in wider culture at specific moments of recent American history Tracing both the emotional and stylistic developments of the genre from the 1950s to the present day this lively and engaging volume is as much a musical history as it is a history of emotional life in America Stuck in the Middle (of Middle School) Karen Romano
