## **Small Gods Discworld S:**

*Small Gods* Terry Pratchett, 1993-11-01 In the beginning was the Word And the Word was Hey you For Brutha the novice is the Chosen One He wants peace and justice and brotherly love He also wants the Inquisition to stop torturing him now please

*Small Gods* Terry Pratchett, 2013 Brutha a simple man leading a quiet life tending his garden finds his life irrevocably changed when his god speaking to him through a tortoise sends him on a mission of peace

*Small Gods* Terry Pratchett, 2016-07-28 Just because you can't explain it doesn't mean it's a miracle In the beginning was the Word And the Word was Hey you This is the Discworld after all and religion is a controversial business Everyone has their own opinion and indeed their own gods of every shape and size and all elbowing for space at the top In such a competitive environment it's certainly not helpful to be reduced to appearing in the form of a tortoise a manifestation far below god-like status in anyone's book In such instances you need an acolyte and fast for the Great God Om Brutha the novice is the Chosen One or at least the only One available He wants peace and justice and brotherly love He also wants the Inquisition to stop torturing him now please

Now adapted into graphic novel form with new artwork by Ray Friesen

*Small Gods* Terry Pratchett, 2009-03-17 Pratchett's Monty Python-like plots are almost impossible to describe His talent for characterization and dialogue and his pop culture allusions steal the show Chicago Tribune No sacred cow is left unskewered in this intriguing installment in Sir Terry Pratchett's internationally bestselling Discworld series a divinely funny take on organized religion petty gods and the corrupting thirst for power Religion is a competitive business in the Discworld Everyone has their own opinion and their own gods of every shape and size all fighting for faith followers and a place at the top So when the great god Om accidentally manifests as a lowly tortoise stripped of all divine power it's clear he's become less important than he realized Om needs an acolyte and fast Enter Brutha the Chosen One or at least the only One available He's a simple lad whose highest ambition is tending his melon patch until he hears the voice of a god calling his name A small god for sure But bossy as Hell Brutha wants peace justice and love but that's hard to achieve in a world where religion means power money is worshipped and corruption reigns supreme The Discworld novels can be read in any order but *Small Gods* is a standalone

*Small Gods* Terry Pratchett, 1992 Brutha is a simple lad He can't read or write but he's pretty good at growing melons and his wants are few He wants peace and justice and brotherly love but most of all he wants his god who's currently in the shape of a tortoise to choose someone else

Cartledge, 2011-09-14 Part of the GREAT PHILOSOPHERS series Democritus c 460 c 370BC The Renaissance's Laughing Philosopher our own age's Prophet of Quark throughout the modern philosophical tradition Democritus has been a man little known beyond his labels Yet if the image of the cheerful ironist understates his true seriousness that of father of modern nuclear physics though by no means entirely unfounded loses sign of the man in the hyperbole Flattering as it is it fails to do

justice either to the full range of Democritus interests or to the astonishing originality of his ideas For Democritus remarkable investigations took him far beyond the realms of physics and chemistry to explore the science of existence as a whole Perception selfhood and society ethic politics and the law as Paul Cartledge s enthralling introduction makes clear Democritus has much to teach us in all these fields and more [The Turtle Moves!](#) Lawrence Watt-Evans,2008-07-11 After growing from humble beginnings as a Sword Sorcery parody to more than 30 volumes of wit wisdom and whimsy the Discworld series has become a phenomenon unlike any other Now in The Turtle Moves Lawrence Watt Evans presents a story by story history of Discworld s evolution as well as essays on Pratchett s place in literary canon the nature of the Disc itself and the causes and results of the Discworld phenomenon all refreshingly free of literary jargon littered with informative footnotes Part breezy reference guide part droll commentary The Turtle Moves will enlighten and entertain every Pratchett reader from the casual browser to the most devout of Discworld s fans [Power and Society in Terry Pratchett's Discworld](#) Justine Breton,2025-04-24 A critical deep drive into conceptions of power and society in Terry Pratchett s Discworld novels this book brings together experts in fantasy literature political sciences economics philosophy history and journalism to consider the intricate social tapestry of one of the most intricate worlds in modern fantasy Surveying the Discworld s institutionalised power structures from government and police to civil services banks and societies it explores ideas such as language translation humour crowds community justice and coercion in the series major works Featuring analyses of novels such as Men at Arms Equal Rites Carpe Jugulum Guards Guards Jingo Night Watch Wyrd Sisters Witches Abroad and many more this collection illuminates how Pratchett juxtaposed his narratives with contemporary reflections on social constructs Broken down into parts looking at social power dynamics building and destroying worlds and the power of language the book offers a much needed corrective to the dearth of scholarship on one of fantasy literature s worldbuilding titans

[Subcreation: Fictional-World Construction from J.R.R. Tolkien to Terry Pratchett and Tad Williams](#) Stefanie Schult,2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the

cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media

**If You Like Monty Python...** Zack Handlen,2011-12-01 Limelight From their perfectly insane television show to their consistently irreverent and riotous movies Monty Python has owned the zany and absurd side of comedy since their debut Their influence can be felt in every comedy show that followed them from Saturday Night Live and Second City television to The Kids in the Hall not to mention all the laughs writ large on the silver screen where their brand of absurdity opened the doors for such people as Jim Carrey who made a name for themselves by pushing the funny even further This is the first book to look at everything influenced by the Pythons but also at those who came before them from the classic British comedies to the Marx Brothers and everything in the Python universe from Fawlty Towers and A Fish Called Wanda to Spamalot and Brazil If You Like Monty Python is a book for any fan who has graduated from the Ministry of Silly Walks and wants more

**The Intertextuality of Terry Pratchett's Discworld as a Major Challenge for the Translator** Aleksander Rzyman,2017-01-06 For the translator intertexts are among chief problems posed by the source text Often unmarked typographically direct or altered not necessarily well known and sometimes intersemiotic quotations and references to other writings and culture texts call for erudition and careful handling so that readers of the translation stand a chance of spotting them too For the reader the rich intertextuality of Terry Pratchett s Discworld series is among its trademark features Consequently it should not be missed in translations whose success thus depends significantly on the quality of translation of the intertexts which as is highlighted here cover a vast and varied range of types of original texts The book focuses on how to deal with Pratchett s intertexts how to track them down analyse their role predict obstacles to their effective translation and suggest translation solutions complete with a discussion of the translation of selected intertextual fragments in the Polish version wiat Dysku a concise overview of intertextual theories and an assessment of the translator s work
