Smith Jones:

Smith & Jones Nicholas Monsarrat, 2012-05-24 Within the precarious conditions of the Cold War diplomats Smith and Jones are not to be trusted Their files reveal numerous indiscretions and drunkenness but friends in high places ensure this doesn't count against them However when they defect at all costs and by whatever means they must be silenced *Identity, Personal Identity and the Self* John Perry, 2002-06-15 This volume collects a number of Perry's classic works on personal identity as well as four new pieces The Two Faces of Identity Persons and Information Self Notions and The Self and The Sense of Identity Perry's Introduction puts his own work and that of others on the issues of identity and personal identity in the context of philosophical studies of mind and language over the past thirty years **Core Questions in Philosophy** Elliott Sober, 2021-05-26 Written in an engaging lecture style format this 8th edition of Core Questions in Philosophy shows students how philosophy is best used to evaluate many different kinds of arguments and to construct sound theories Well known historical texts are discussed not as a means to honor the dead or merely to describe what various philosophers have thought but to engage with criticize and even improve ideas from the past In addition because philosophy cannot function apart from its engagement with the wider society traditional and contemporary philosophical problems are brought into dialogue with the physical biological and social sciences Text boxes highlight key concepts and review questions discussion questions and a glossary of terms are also included Core Questions in Philosophy has served as a premier introductory textbook for three decades with updates to each new edition Key updates to this 8th edition include A new chapter Probability and Bayes Theorem A new explanation of the concept of soundness as a useful tool in assessing arguments A clearer explanation in the chapter on evolution of the crucial biological idea that the similarities of different species provide evidence of their common ancestry A new discussion of evolutionary altruism in the chapter on psychological egoism A presentation of two interesting arguments from historically important Islamic and Confucian philosophers Improved clarity and updated material from philosophy and empirical research throughout Revisions to the online list of recommended resources include Additional recommendations of supplementary readings with the inclusion of more work from female philosophers New recommended videos and podcasts all organized by their relevance to each chapter in the book **Tax Information on Subchapter S Corporations** United States. Internal Revenue Service, 1979 *The Free State of Jones, Movie Edition* Victoria E. Bynum, 2016-01-25 Between late 1863 and mid 1864 an armed band of Confederate deserters battled Confederate cavalry in the Piney Woods region of Jones County Mississippi Calling themselves the Knight Company after their captain Newton Knight they set up headquarters in the swamps of the Leaf River where they declared their loyalty to the U S government The story of the Jones County rebellion is well known among Mississippians and debate over whether the county actually seceded from the state during the war has smoldered for more than a century Adding further controversy to the legend is the story of Newt Knight's interracial romance with his wartime accomplice Rachel a slave From their

relationship there developed a mixed race community that endured long after the Civil War had ended and the ambiguous racial identity of their descendants confounded the rules of segregated Mississippi well into the twentieth century Victoria Bynum traces the origins and legacy of the Jones County uprising from the American Revolution to the modern civil rights movement In bridging the gap between the legendary and the real Free State of Jones she shows how the legend what was told what was embellished and what was left out reveals a great deal about the South s transition from slavery to segregation the racial gender and class politics of the period and the contingent nature of history and memory In a new afterword Bynum updates readers on recent scholarship current issues of race and Southern heritage and the coming movie that make this Civil War story essential reading The Free State of Jones film starring Matthew McConaughey Gugu Mbatha Raw and Keri Russell will be released in May 2016

Cognitive Processes in Comprehension Marcel A. Just, Patricia A. Carpenter, 2013-11-26 First published in 1978 Cognitive Processes in Comprehension is a look at what goes on in the mind of the listener or reader when he hears a sentence during a conversation or reads a passage in a book For most adults comprehension is rapid automatic and effortless But despite its apparent simplicity comprehension includes a myriad of subprocesses each of which by itself constitutes a formidable computational task

Botan,2017-10-03 Beginning with the basic premise that public relations can best be understood as a specialized type of communication the contributors to this volume establish public relations as a vital and viable realm for communication research and theory development Through the application of communication theories they attempt to explain and predict public relations practices and then use these practices to develop communication theories Their discussions fall into three distinct categories metatheory theory and examples of applications of theories An ideal volume for professionals and students in communication journalism and related fields **Free Will: Libertarianism, alternative possibilities, and moral responsibility** John Martin Fischer,2005 **Quiz Booklet for Fundamentals of Supervision of Navy Civilians** United States. Naval Air Systems Command,1970 Reason and Action Bruce Aune,2013-06-29 Philosophers writing on the subject of human action have found it tempting to introduce their subject by raising Wittgenstein s question What is left over if you subtract the fact that my arm goes up from the fact that I raise my arm The presumption is that something of particular interest is involved in an action of raising an arm that is not present in a mere bodily movement and the philosopher s task is to specify just what this is Unfortunately such an approach does not take us very far since a person could properly be said to raise his or her arm while asleep or hypnotized even though he or she would not be performing an action in the sense of action with which philosophers are particularly concerned To avoid this kind of difficulty I shall approach the subject of human action in a more academic way I shall expound some important rival theories of human action and introduce the relevant issues by commenting critically on those theories One of the issues I eventually introduce is a metaphysical one A theory of action makes sense I contend only on the assumption that there are such things as actions or events After considering some key arguments bearing on the issue I conclude that as matters currently stand in philosophy a metaphysically noncommittal attitude toward actions and events seems justified

Dissolving the Gettier Problem John Ian K. Boongaling,2020-11-18 This book argues that a complete dissolution of the Gettier problem is possible using Jaakko Hintikka s Socratic Epistemology with its emphasis on questioning as a knowledge seeking procedure The key to accomplishing this task is to treat Gettier s counterexamples as a game of inquiry where epistemic agents deal with various pieces of information employ different moves and make different choices or strategies such as bracketing or unbracketing an item of information in determining for themselves what to believe in or what they can claim to have knowledge of This book will appeal to both undergraduate and graduate students as well as post graduate researchers as it offers a novel perspective for understanding the Gettier problem and a cogent explanation for the failures of previously proposed solutions to it All this is made possible by going beyond analysis and dealing with the experiences of
