a province in the middle geographically economically and culturally Lacking Quebec's cultural distinctiveness Ontario's traditional economic dominance or Alberta's combustible mix of prairie populism and oil wealth Manitoba appears to blend into the background of the Canadian family portrait But Manitoba has a distinct political culture one that has been overlooked in contemporary political studies Manitoba Politics and Government brings together the work of political scientists historians sociologists economists public servants and journalists to present a comprehensive analysis of the province's political life and its careful mutual fund model approach to economic and social policy that mirrors the steady and cautious nature of its citizens Moving beyond the Legislature the authors address contemporary social issues like poverty environmental stewardship gender equality health care and the province's growing Aboriginal population to reveal the evolution of public policy in the province They also examine the province's role at the intergovernmental and international level Manitoba Politics and Government is a rich and fascinating account of a province that strives for the centre for the delicate middle ground where individualism and collectivism overlap and where a multitude of different cultures and traditions create a highly balanced society

**Making and Moving Knowledge** John Sutton Lutz, Barbara Neis, 2008 It has long been acknowledged that research does not directly translate into knowledge nor does knowledge necessarily or even often translate into wisdom Whether the immediate challenge is global warming epidemic disease poverty environmental degradation or social fragmentation our research efforts are all wasted if we cannot devise processes to create and transfer knowledge to policy makers interested groups and ordinary people in a manner that is efficient and understandable How we maximize the impact of the research that scholars do and how to combine that with knowledge already extant in lay or local communities are key issues in a world with scarce research resources and numerous social and scientific conflicts Making and Moving Knowledge focuses directly on how knowledge is created transferred and used and perhaps most important how it is blocked and atrophies It treats knowledge generated by universities and governments alongside traditional and practical knowledge generated in coastal aboriginal and non aboriginal communities and looks at how the different kinds flow in different directions The chapters are theoretical methodological and applied as the authors model their commitment to knowledge transfer in their work with community academics and policy makers

**Locating Law, 3rd Edition** Elizabeth Comack, 2020-05-27T00:00:00Z Praise for the second edition This book is the best available for teaching the role of law in society and making sense of how it operates within the inter connections of race class and gender dynamics often perpetuating oppression Locating Law is essential for undergraduate students in justice sociology and criminology Margot Hurlbert University of Regina Students regularly tell me that Locating Law is their favourite book out of the selections for the Law and Society course The case studies are sufficiently different from one another that the students deepen their general knowledge and they appreciate the fact that the chapters are written in a style they can understand Jennifer Jarman Lakehead University A primary concern within the study of law has been to understand the law society relation Underlying this concern is the belief that law has a distinctly social basis it both shapes and is shaped by the society in which it operates This book explores the law society relation by locating law within the nexus of race class gender sexuality relations in society In addition to updating the material in the theoretical and substantive chapters this third edition of Locating Law includes three new contributions sentencing law and Aboriginal peoples corporations and the law and obscenity and indecency legislation The analyses offered in the book are sure to generate discussion and debate and in the process enhance our understanding of law s location

**"Indians Wear Red"** Elizabeth Comack, Lawrence Deane, Larry Morrissette, Jim Silver, 2020-11-26T00:00:00Z With the advent of Aboriginal street gangs such as Indian Posse Manitoba

Warriors and Native Syndicate Winnipeg garnered a reputation as the gang capital of Canada Yet beyond the stereotypes of outsiders little is known about these street gangs and the factors and conditions that have produced them Indians Wear Red locates Aboriginal street gangs in the context of the racialized poverty that has become entrenched in the colonized space of Winnipeg s North End Drawing upon extensive interviews with Aboriginal street gang members as well as with Aboriginal women and elders the authors develop an understanding from inside the inner city and through the voices of Aboriginal people especially street gang members themselves While economic restructuring and neo liberal state responses can account for the global proliferation of street gangs the authors argue that colonialism is a crucial factor in the Canadian context particularly in western Canadian urban centres Young Aboriginal people have resisted their social and economic exclusion by acting collectively as Indians But just as colonialism is destructive so too are street gang activities including the illegal trade in drugs Solutions lie not in quick fixes or getting tough on crime but in decolonization re connecting Aboriginal people with their cultures and building communities in which they can safely live and work
