**Before the World Ends** Larry Larson, Levi Lee, 1986 **THE STORY** The setting is the bombed out post holocaust sanctuary of a church where the Reverend Eddie clad in long underwear prepares to deliver his final sermon **Life Is Like a Basketball Game** Abetted by his faithful helper the hunch back *Where's my dog? The search for honest leadership.* David B.

Watkins, 2013-04-15 What a bizarre title But it is interesting isn t it Doesn t it make you ask What could this be all about Well the truth is it s not about dogs at all it s about leadership and honesty Nevertheless dogs are a useful metaphor You see dogs are the closest thing we can find when searching for examples of uncompromising honesty Dishonesty is not part of their DNA In contrast the problem for many leaders today is that at some level most people lie This may seem like a provocative statement but it s true even though most of the time we do not even know we are doing it Some including many renowned psychologists would even say that at some level we need to lie to survive Do we In a world of business sports and political Watergates and scandals that has even culminated in Papal resignations against a background of vatileaks we seem to suffer from a paradoxical scenario We find ourselves contrasting the lack of honesty that brought down many of our business and sporting figures as exemplified by the likes of Madoff Lance Armstrong and Oscar Pistorius to name a few with the apparent total honesty of leaders such as the Dalai Lama Kofi Anan and even Richard Branson or Steve Jobs We all know that whilst some leaders command respect others do not Some leaders have willing followers whilst others are followed through coercion Some may lose their followers whilst others should never have any And some allow their egos to block trust whilst others are dealers in trust This book is therefore a journey into one of the hottest topics for leaders today honest leadership

But this is not just another leadership book or simply a nice story. It is about honest leaders changing the world. Now that's a big claim. But it's deserved because this book sniffs and scratches around the undergrowth searching for the real meaning of honesty and leadership and finishes up helping you uncover your own truth. And with the aid of a remarkably simple idea, the Eight Axioms of Honest Leadership, this book will provide you with the tools and skills to enable you to identify, train, and maybe even tame your own leadership approach and help you to become a top dog.
