Breaking the Sound Barrier: A Communication on Being Deaf Lois Hooper Diamond, 2018-02-28 Imagine yourself as a normal healthy seven year old child One day you begin to feel sick showing signs of a fever and thinking you just have the flu your parents tuck you into bed and tell you to rest But as you awake some time later you look up and realize that your father s lips are moving but you cannot hear what he is saying The

music and sounds around you are no longer there You are deaf and your life has abruptly and forever changed This was author Lois Hooper Diamond's reality and in *Breaking the Sound Barrier* she takes you into the world of the millions who live without sound Although spinal meningitis took her hearing when she was just a little girl Lois would go on to champion and give voice to her community Deafness is more than just hearing loss it is a culture and Lois answers a number of questions about hearing loss while exploring issues related to whether deaf children should be taught to lip read and orally communicate or be encouraged to learn sign language

A Man Without Words Susan Schaller, 2014-05-15 For more than a quarter of a century Ildefonso a Mexican Indian lived in total isolation set apart from the rest of the world He wasn't a political prisoner or a social recluse he was simply born deaf and had never been taught even the most basic language Susan Schaller then a twenty four year old graduate student encountered him in a class for the deaf where she had been sent as an interpreter and where he sat isolated since he knew no sign language She found him obviously intelligent and sharply observant but unable to communicate and she felt compelled to bring him to a comprehension of words The book vividly conveys the challenge the frustrations and the exhilaration of opening the mind of a congenitally deaf person to the concept of language This second edition includes a new chapter and afterword

Cochlear Implants in Children John B. Christiansen, Irene Leigh, 2002 They also detail their children's experiences with the implants after surgery and their progress with language acquisition and in school
