

Astrology

A cosmic background featuring a dark space filled with numerous small, distant stars. Several celestial bodies are visible: a large, detailed Earth with visible continents and clouds on the left; a bright, full moon in the lower-left; a purple planet (Neptune) and a red planet (Mars) near the top center; and several crescent moons in shades of red and white on the right side. A faint, thin line, possibly a comet or a distant galaxy, stretches diagonally across the bottom left.
