and pictorial history chronicles the lives and separate worlds of black and white communities in Jim Crow era Colorado County TX First settled by Stephen F Austin s colonists in the early nineteenth century Colorado County has deep roots in Texas history Mainly rural and agrarian until late in the twentieth century it was a cotton growing region whose population was evenly divided between blacks and whites These life long neighbors led separate and unequal lives memories of which still linger today To preserve those memories Patsy Cravens began interviewing and photographing the older residents of Colorado County in the 1980s In this book Cravens presents photographs and recollections of the last generation black and white who grew up in the era of Jim Crow segregation And they have engrossing stories to tell They recall grinding poverty and rollicking fun in the Great Depression losing crops and livestock to floods working for the WPA romances gone wrong and love gone right dirty dancing church and faith sharecropping quilting raising children racism and bigotry and even the

horrific lynching of two African American teenagers in 1935 These stories reveal an amazing resiliency and generosity of spirit despite the hardships that have filled most of their lives They also capture a now lost rural way of life that was once common across the South

Misogynies Joan Smith,2013-05-07 Misogynies is one of the most celebrated feminist texts by a British author First published in 1989 it created shock waves with its analyses of history literature and popular culture Joan Smith drew on her own experience as one of the few women reporting the Yorkshire Ripper murders and looked at novels slasher movies Page Three and Princess Diana teasing out the attitudes that brought them together A feminist classic Smith's exploration of fear and hatred of women resonates to this day

America's Dirty Wars Russell Crandall,2014-04-28 This book examines the long complex experience of American involvement in irregular warfare It begins with the American Revolution in 1776 and chronicles big and small irregular wars for the next two and a half centuries What is readily apparent in dirty wars is that failure is painfully tangible while success is often amorphous Successfully fighting these wars often entails striking a critical balance between military victory and politics America's status as a democracy only serves to make fighting and to a greater degree winning these irregular wars even harder Rather than futilely insisting that Americans should not or cannot fight this kind of irregular war Russell Crandall argues that we would be better served by considering how we can do so as cleanly and effectively as possible

Enemy Under Our Roof Johanna M. W. F. Lemke,2024-03-18 Riveting inspiring and informative Johanna's often graphic memoir Enemy under Our Roof is based on the author's experiences in war torn Hengelo the Netherlands in World War II From nights of terror spent in the cellar during air raids to the dreaded razzias when friends and neighbours are taken away to the camps readers will be spellbound as they are transported back to 1940's Europe Told through the eyes of young Cobie the narrative adopts an innocence that stands in stark contrast to the realities of war When hordes of Nazi bombers invade the Netherlands Cobie's peaceful orderly world is turned upside down Gradually she must learn to cope with fear loss cruelty and despair As she matures she tries to make sense of the horrors of war and her Christian faith a faith she maintains amid disillusionment and questioning Her most trying experience occurs when a Nazi officer billets himself in her home by force and she is confronted with issues of hatred and forgiveness She must battle both the enemy without and within uncovering valuable truths in the process Throughout the ordeal she is sustained by her older brother's sense of humour her faithful friends and the love and courage of her parents who keep hope alive until the long awaited day of liberation

The Finish Mark Bowden,2012 From Mark Bowden the preeminent chronicler of our military and special forces comes The Finish a gripping account of the hunt for Osama bin Laden With access to key sources Bowden takes us inside the rooms where decisions were made and on the ground where the action unfolded After masterminding the attacks of September 11 2001 Osama bin Laden managed to vanish Over the next ten years as Bowden shows America found that its war with al Qaeda a scattered group of individuals who were almost impossible to track demanded an innovative approach Step by step Bowden describes the development of a new tactical

strategy to fight this war the fusion of intel from various agencies and on the ground special ops After thousands of special forces missions in Iraq and Afghanistan the right weapon to go after bin Laden had finally evolved By Spring 2011 intelligence pointed to a compound in Abbottabad it was estimated that there was a 50 50 chance that Osama was there Bowden shows how three strategies were mooted a drone strike a precision bombing or an assault by Navy SEALs In the end the President had to make the final decision It was time for the finish **The Cedar Christian** Theodore Ledyard Cuyler,1891 **After Evil** Jane Carter Woodrow,2008-12-07 AS FEATURED IN THE ITV SERIES THE LONG SHADOW AND THE NETFLIX SERIES THE RIPPER Criminologist Jane Carter Woodrow has spent many years working with both offenders and victims of violent crime but it wasn't until she met Neil whose mother was one of the Yorkshire Ripper's first victims that she realised quite how devastating the aftermath of a murder can be Everything seemed perfect in Neil Jackson's childhood until one day on a cold January morning in 1976 He was awoken by the police knocking on the door to break the shocking news that his mother had become the second victim of a serial killer soon to become known as the Yorkshire Ripper This evil act exposed a web of secrets and lies that was to devastate Neil and change his life forever In After Evil criminologist Jane Carter Woodrow reveals what happens when the camera and the lurid headlines fade away Neil's riveting story captures the real nature of the tragedy that murder can visit on a family and shows how incredibly he pieced his life back together after becoming one of the forgotten victims of Britain's most notorious serial killer **City of Dreadful Delight** Judith R. Walkowitz,2013-06-14 From tabloid exposes of child prostitution to the grisly tales of Jack the Ripper narratives of sexual danger pulsed through Victorian London Expertly blending social history and cultural criticism Judith Walkowitz shows how these narratives reveal the complex dramas of power politics and sexuality that were being played out in late nineteenth century Britain and how they influenced the language of politics journalism and fiction Victorian London was a world where long standing traditions of class and gender were challenged by a range of public spectacles mass media scandals new commercial spaces and a proliferation of new sexual categories and identities In the midst of this changing culture women of many classes challenged the traditional privileges of elite males and asserted their presence in the public domain An important catalyst in this conflict argues Walkowitz was W T Stead's widely read 1885 article about child prostitution Capitalizing on the uproar caused by the piece and the volatile political climate of the time women spoke of sexual danger articulating their own grievances against men inserting themselves into the public discussion of sex to an unprecedented extent and gaining new entree to public spaces and journalistic practices The ultimate manifestation of class anxiety and gender antagonism came in 1888 with the tabloid tales of Jack the Ripper In between there were quotidian stories of sexual possibility and urban adventure and Walkowitz examines them all showing how women were not simply figures in the imaginary landscape of male spectators but also central actors in the stories of metropolitan life that reverberated in courtrooms learned journals drawing rooms street corners and in the letters columns of the daily press A model of cultural
