Why Should Anyone Believe Anything at All? James W. Sire, 2010-07-17 A Christianity Today 1995 Books of the Year Finalist Believing Most of us take it for granted We just do it whether it s trusting that the sun will come up tomorrow that the lunch we are about to eat is not poisoned or that our religious beliefs are not ill founded But why should we believe any of these things Why should anyone believe anything at all With insight and humor James W Sire examines the reasons people give for believing what they do and suggests what are truly satisfying and compelling reasons for belief He then turns to the question of a specific belief namely belief that the Christian faith is true Sire tackles both the best reason for belief in Christianity the identity of Jesus and the chief reason against it the problem of evil And he responds to these issues

personally and philosophically Here is a book to challenge the skeptic and reassure the doubter in us all What Happens When I Die? a Promise of the Afterlife Brian C Stiller, 2011-06-01 Life as we know it will end It s not a thought that tends to occupy our minds when we are young and in full health and vigor We take risks some foolhardy We live as though we were immortal And then when we have our own children we are renewed and life is good But we can t look in the mirror every day without noticing subtle signs of change We can t lose a loved one without reflecting on the passage of time and being nagged by the question What is it in life that I have yet to accomplish Then it s not a giant leap from asking that question about ourselves to wanting to know What happens when I die Brian Stiller author of When Life Hurts took on the task of answering this challenging question Where is the proof that anything is going to happen after death Why not just live life for the day because that may be all there is What Happens When I Die is a journey toward understanding the nature of life after death one that leads ultimately to the Scriptures and the promise given by God It is a promise rooted in faith and joy It is a promise that has everything to do with what we make of our life here on earth What Happens When I Die is not just about death but about living a fulfilled loving and caring life The choice is ultimately ours to seek and God s gift or not But the way had been prepared as this insightful and thought provoking book affirms *Persons and Life after Death* Hywel D Lewis, 1978-06-29

Life After Death James Hervey Hyslop, 1919 *Death, the Last God* Anne Geraghty, 2014-11-28 Anne Geraghty was a clinical psychologist and psychotherapist when her son Tim Guest author of My Life in Orange died suddenly Her old life ended She went on a search for her lost son Where was he What was he Did he live on in some other realm Or had he fallen

into the darkness of oblivion Her search for Tim became an exploration into the nature of death itself We die as we have lived Our lives are not like those of a C12th Tibetan a C15th Cardinal or a Zen monk we cannot therefore simply turn to old maps and myths of what happens when we die We need a new narrative of death that embraces our modern understandings of our humanity and the workings of the universe This book is the story of a grieving mother looking for her dead son an investigation into death in our modern world and an exploration of our struggles to live well in the ever present shadow of death It is not a book with answers it is an invitation to look at death differently This book offers fresh and original ideas about death and dying And it will radically change your understanding of what death is
