

A misty mountain landscape with a lake in the foreground. A small red cabin is nestled in the valley. A large firework is exploding in the sky, and many birds are flying. The mountains are layered and shrouded in mist.

Somewhere South Of Here:

Somewhere South of Here William Kowalski, 2024-04-16 I d wondered about my mother all my life what she looked like how she smelled and sounded and acted Lately this wondering had grown to encompass a curiosity about the kind of people she herself came from because they were my family too after all even though I knew nothing about them I d no idea whether they were loud or soft spoken funny or boring preferred chocolate to vanilla if they liked movies over books or the other way around I wondered whether any of them had ever done anything magnificent in their lives or if they were the kind of folks who were satisfied with just getting by These things were important knowing them would help me to know myself and the only way that would happen was if I went and looked for her With all his possessions on his motorcycle Billy Mann sets off on a cross country odyssey from New York to Santa Fe in search of a mother who deserted him long ago What Billy discovers however is a life rich with possibility the chance for love friendship and finally a family to call his own **Got Warrants?**

Timothy Cotton, 2021-10-01 For the hundreds of thousands of followers of the Bangor Maine Police Department on social media the Got Warrants feature brings a regular dose of levity Pulled straight from daily reports these short interludes provide a welcome spin on the standard police log Collected here is a fresh batch of all true police related hijinks Poking fun at human nature and turning ne er do wells into sages of silliness Got Warrants reminds us all to step back take a deep breath and try not to take things so seriously **Hearings** United States. Not From Around Here Brandon J O'Brien, 2019-10-01 Tidy categories may suit the media but people are more complex up close News outlets historians and sociologists can and do tell us all about the statistics but they don t and can t tell us about what it s really like in a given place how the squish of creek water between your toes or the crunch of autumn leaves on a city sidewalk shape your sense of normal and good and right To understand that to understand the people in the places we need stories We need to listen get to know the nuance of people and have empathy for their way of seeing things Brandon

O'Brien is in many ways a man torn between places. Raised in the rural South, educated in the suburbs, and now living and doing ministry in Manhattan, he's seen these places and their complexity up close. With the knack of a natural storyteller, he shares what he learned about himself, faith, and the people who make up America on his own journey through it. *Wish I Was Here* M. John Harrison, 2024-09-03. Named a Best Book of the Year by The Guardian, The Observer, London, Granata and TLS, and a finalist for a World Fantasy Award. Acclaimed master of speculative fiction, fantasy, space opera, and literary realism, and one of the most celebrated living British authors, M. John Harrison has crafted a masterpiece. Helen MacDonald, author of *H Is for Hawk*, with this anti-memoir about the joys and perils of the writing life. M. John Harrison has produced one of the greatest bodies of fiction of any living British author. But is there even an M. John Harrison, and if so, where do we find him? This is the question the author asks in this memoir as mystery turns for clues to forty years of notetaking. A note or it never happened. A note or you never looked. Are these notebooks records of failed presence? How do they shine a light on a childhood in the industrial Midlands, a portrait of a young artist in counterculture London, on an adulthood of restless escape into hill and moorland landscapes? And do they tell us anything about the writing of books, each one so different from the last that it might have been written by another version of the author? With aphoristic daring and laconic prose, this infectiously engaging *The Times Literary Supplement* London anti-memoir will fascinate and delight. It confirms M. John Harrison still further in his status as the most original British writer of his generation. *Wish I Was Here* is a beautifully strange masterwork. It is as if M. John Harrison's prose devises its own autobiography while the figure of its author stands to one side, tinkering at a eulogy for a dead cat, a manifesto against ruin porn, and a manual of operating procedures for creativity as funky as a Brian Eno card deck. How can this also produce a sublime fugue on memory and aging? Read it and see. Jonathan Lethem, author of *Motherless Brooklyn* and *The Fortress of Solitude*. The End, as It Happens to Quade Randy Dolph, 2015-12-09. The whole world has followed the example of America's new civil war, which is fought in the streets now of every nation. The unrest the planet then feels turns into something else as nation begins to take on nation. When China feels itself truly in harms' way, it releases a virus that it has long been working on, and smiles as it gives its citizens the antidote. When it all backfires, the population is reduced from billions to a few hundred thousand, spread thinly around the globe. The end. The apocalypse. No zombies. No undead terror. Now just survival. Quade, an ex-Navy SEAL having long ago been thrown into prison for a crime committed in his youth, finds his new-found freedom, all that he thought it would be minus the people, of course, which suits him just fine. He quickly finds, however, that he has a chance at redeeming the things that went wrong in his youth. Getting involved means he could lose his longed-for unshackled life, but he knows he cannot turn away. Soon the loner becomes a part of a small group of survivors, one of which hates civilization and all of its scary possibilities. Agreeing, however, their need for supplies outweighs such chance of encounters, they enter the outskirts of a large city in the rainy parts of lower Oregon. They find a train terminal to use as a base and start their search. More decisions must be made as Quade and his new team find a

small group of survivors fighting for their place in the twisted world as a large new age cult headed by a man calling himself The Crown bares down on them Quade tries to ignore the groups psychic as they make plans Whatever they are going to do they need to make it fast The train terminal seems to all like a good place to start *The Peril Finders* George Manville Fenn,2020-07-18 Reproduction of the original *The Peril Finders* by George Manville Fenn **The Future That Brought Her Here** Deborah DeNicola,2009-04-01 A dynamic blend of history science psychology dreams and visions Deborah DeNicola s memoir is a compelling account of self discovery that is provocative and humble A poet dream analyst and college professor DeNicola writes about her struggle to live in the ordinary world of academia while honoring the competing call of the creative and the spiritual DeNicola s memoir shows her range of intellectual pursuits and spiritual experiences as she battles an inner war between depressive cynicism and faith and shares her lifelong search to heal the trauma of her father s tragic death when she was a teenager Struggles between cynicism and faith depression and hope independence and attachment creativity and financial security in the midst of spiritual searching motherhood teaching and writing are inextricably woven into the fabric of her story Sharing the process of her awakening and how dreams and visions guide her DeNicola stirs readers to listen courageously to their own inner voices Her visionary quest takes her to the American West Israel and Southern France Along the way she weaves together references from the Bible and the Gnostic Gospels the story of Mary Magdalene medieval history the Templar Knights the Black Madonnas String Theory and quantum physics to find the repeated linkage between divinity and humanity *Comics Studies Here and Now* Frederick Luis Aldama,2018-05-15 *Comics Studies Here and Now* marks the arrival of comics studies scholarship that no longer feels the need to justify itself within or against other fields of study The essays herein move us forward some in their re diggings into comics history and others by analyzing comics and all its transmedial and fan fictional offshoots on its own terms *Comics Studies* stakes the flag of our arrival the arrival of comics studies as a full fledged discipline that today and tomorrow excavates examines discusses and analyzes all aspects that make up the resplendent planetary republic of comics This collection of scholarly essays is a testament to the fact that comic book studies have come into their own as an academic discipline simply and powerfully moving comic studies forward with their critical excavations and theoretical formulas based on the common sense understanding that comics add to the world as unique transformative cultural phenomena **Mailman** Robert J Lennon,2004-09-14 Chronicles the odyssey of Albert Lippincott a neurotic mailman whose efficiency hides his penchant for reading other people s mail a nervous breakdown a disastrous marriage and a sexually ambiguous relationship with his sister **Lisa's Way** Robert L.
