## **The American Greek Subculture Process Of Continuity American Ethnic Groups Ser Hardcover:**

**Books in Print** ,1994      The American-Greek Subculture Chrysie Mamalakis Costantakos,1980-01-01

**Forthcoming Books** Rose Arny,1997-04      *Studies on Greek Americans* George A. Kourvetaris,1997 This reader combines theory and research in the study of Greek American ethnicity and identity It includes chapters on the histories of early and late immigrants first and second generation Greeks in Chicago Greek Orthodox and Greek American identity and Greek American entrepreneurs It also discusses continuity and change in the Greek American experience and examines the past present and future of Greek American ethnicity within the larger framework of multiculturalism      *Greek Americans* Peter C. Moskos,Charles C. Moskos,2013-11-27 This is an engrossing account of Greek Americans their history strengths conflicts aspirations and contributions Blending sociological insight with historical detail Peter C and Charles C Moskos trace the Greek American experience from the wave of mass immigration in the early 1900s to today This is the story of immigrants most of whom worked hard to secure middle class status It is also the story of their children and grandchildren many of whom maintain an attachment to Greek ethnic identity even as they have become one of America s most successful ethnic groups As the authors rightly note the true measure of Greek Americans is the immigrants themselves who came to America without knowing the language and without education They raised solid families in the new country and shouldered responsibilities for those in the old They laid the basis for an enduring Greek American community Included in this completely revised edition is an introduction by Michael Dukakis and chapters relating to the early struggles of Greeks in America the Greek Orthodox Church success in America and the survival and expansion of Greek identity despite intermarriage This work will be of value to scholars of ethnic studies those interested in Greek culture and communities and sociologists and historians      **Greek Americans** Charles C. Moskos,1989-01-01 This is an engrossing account of Greek Americans their history strengths conflicts aspirations and contributions This is the story of immigrants their children and grandchildren most of whom maintain an attachment to Greek ethnic identity even as they have become one of this country s most successful ethnic groups      **Assimilation and a Euro-ethnic Group in the Urban and Suburban Setting** James Frank Dimitriou,1979      The Assimilation of Greeks in the United States Evan Vlachos,1968 Social research monograph on the acculturation of Greek immigrants and the Greek ethnic group in the USA examines patterns of social integration among children and grandchildren of immigrants in anderson indiana and includes the research methodology etc Bibliography pp 190 to 199 references and statistical tables      **The Greek American Community in Transition** John G. Zenelis,1982

**The Greek Americans** Dimitris Monos,1989-04-01      Reading Greek America Spyros D. Orfanos,2002      **Ethnic Identification** Donna Misner Collins,1991 Navigating between the shoals of assimilation and acculturation Dr Collins finds in the Greek community of Houston a group that has been less affected by the host community than sociologists insist happens and in turn only marginally impressing its ways on the Americans around it This strong sense of community derives

not so much from continued contacts with Greece but from shared cultural features within the ethnic group itself language religion marriage structures festivals etc These findings support the view of a pluralistic society in America rather than the long prevalent assimilationist view which holds that immigrants automatically mix and lose much of their ethnic identity the melting pot theory This study proposes that Greek Americans in the society examined are not so much trying to be more American but less Greek in certain respects e g community provincialism and narrowmindedness The study is supported by illustrations notes appendices including a Greek glossary bibliography and index The Greek Americans Alice Scourby,1984 **The Religion of Ethnicity** Gary A. Kunkelman,2019-03-20 The integrative role of religion has been a recurrent theme of sociological and anthropological theory This role is apparent in the Greek American community religion functions as a cement of the social fabric Indeed it would be hard to overestimate the role of Greek Orthodoxy in joining people of Greek ancestry into a community and reinforcing their sense of ethnic identity The nature of ethnic identity and the church s role in fostering and sustaining it are subjects of this study first published in 1990 In ultimately focusing on the interplay between church community and individual the book suggests that understanding the relation of these people to their church is to understand them as a people Cultural Continuity Among Second Generation Greek-American Students in a Greek Community Michael C. Christopher,1987 **Greek Americans** Dimitris Monos,1995 A celebration of the ethnic groups that provide the United States and Canada with their rich and varied cultural heritage Narrates the history and culture of specific immigrant or native populations Generously illustrated with photographs maps and graphics **The Greek-American Group of Tarpon Springs, Florida** Edwin Clarence Buxbaum,1980-01-01 *Ancient Perceptions of Greek Ethnicity* Irad Malkin,2001 This book is a study of the variable perceptions of Greek collective identity discussing ancient categories such as blood and mythically related primordiality language religion and culture It considers complex middle grounds of intra Hellenic perceptions oppositional identities and outsiders views **Sociocultural Issues Concerning the First and Second Generation Greeks in America** , *Ethnic Studies Process* ,1972
