**Inside the Ropes** Zachary Michael Jack, 2008-12-01 Most of us will never know what it's like to parachute out of a Cessna tend goal for the Boston Bruins burn rubber on a NASCAR track scale Everest or quarterback the Detroit Lions So it's our good fortune when dauntless literary journalists actually play the sports they cover returning with firsthand tales from inside the ropes Here in the tradition popularized by George Plimpton is participatory sportswriting at its finest and most far out Editor Zachary Michael Jack fields a dream team of today's best sports journalists hotshots and rising stars in search of the game behind the      **The Boatman** Robert M. Thorson, 2017-04-24 Robert Thorson gives readers a Thoreau for the Anthropocene The boatman and backyard naturalist was keenly aware of the way humans had altered the waterways and

meadows of his beloved Concord River Valley Yet he sought out for solace and pleasure those river sites most dramatically altered by human invention and intervention for better and worse [The Bald Eagle: The Improbable Journey of America's Bird](#) Jack E. Davis, 2022-03-01 Best Books of the Month Wall Street Journal Kirkus Reviews From the Pulitzer Prize winning author of *The Gulf* a sweeping cultural and natural history of the bald eagle in America The bald eagle is regal but fearless a bird you're not inclined to argue with For centuries Americans have celebrated it as majestic and noble yet savaged the living bird behind their national symbol as a malicious predator of livestock and falsely a snatcher of babies Taking us from before the nation's founding through inconceivable resurgences of this enduring all American species Jack E Davis contrasts the age when native peoples lived beside it peacefully with that when others whether through hunting bounties or DDT pesticides twice pushed *Haliaeetus leucocephalus* to the brink of extinction Filled with spectacular stories of Founding Fathers rapacious hunters heroic bird rescuers and the lives of bald eagles themselves monogamous creatures considered among the animal world's finest parents *The Bald Eagle* is a much awaited cultural and natural history that demonstrates how this bird's wondrous journey may provide inspiration today as we grapple with environmental peril on a larger scale **Seafood Handbook** The Editors of Seafood Business, 2009-03-10 Updated to include a number of new species not previously include *Seafood Handbook* Second Edition remains the only professional seafood reference guide Easy to use and comprehensive this book covers the sourcing cooking nutrition product forms names and global supply information for more than 100 types of finfish and shellfish with two oversized posters for quick reference Professionals in the foodservice industry who need to make menu selections or purchase fish and seafood buyers will benefit from this in depth guide [Dead Zones](#) David L. Kirchman, 2021-01-22 Dead zones are on the rise Human activity has caused an increase in uninhabitable oxygen poor zones also known as dead zones in our waters Oxygen is the third most abundant element in the universe and it is a necessity for nearly all life on Earth Yet many rivers estuaries coastal waters and parts of the open ocean lack enough of it In this book David L Kirchman explains the impacts of dead zones and provides an in depth history of oxygen loss in water He details the role the agricultural industry plays in water pollution showcasing how fertilizers contaminate water supplies and kickstart harmful algal blooms in local lakes reservoirs and coastal oceans Algae decomposition requires so much oxygen that levels drop low enough to kill fish destroy bottom dwelling biota reduce biological diversity and rearrange food webs We can't undo the damage completely but we can work together to reduce the size and intensity of dead zones in places like the Gulf of Mexico Chesapeake Bay and the Baltic Sea Not only does Kirchman clearly outline what dead zones mean for humanity he also supplies ways we can reduce their deadly impact on human and aquatic life Nutrient pollution in some regions has already begun to decline because of wastewater treatment buffer zones cover crops and precision agriculture More needs to be done though to reduce the harmful impact of existing dead zones and to stop the thousands of new ones from cropping up in our waters Kirchman provides insight into the ways changing our diet can reduce nutrient pollution while also lowering

greenhouse gasses emitted by the agricultural industry Individuals can do something positive for their health and the world around them The resulting book allows readers interested in the environment whether students policymakers ecosystem managers or science buffs to dive into these deadly zones and discover how they can help mitigate the harmful effects of oxygen poor waters today

*Walk Ride Paddle* Thomas Nelson, 2024-04-09 A compelling account of one man's journey across hundreds of miles of Virginia wilderness and a moving testament to the optimistic spirit of America *Walk Ride Paddle* provides an unseen glimpse into a life outside In 2019 Tim Kaine Virginia senator and former Democratic vice presidential candidate commemorated both his sixtieth birthday and his twenty fifth year in public office by undertaking a three part journey across the Virginia landscape as he hiked cycled and canoed across the state His chronicle became an organic reflection of the extraordinary events occurring across America during that time including two impeachment trials a global pandemic growing racial protests the January 6 attack on the Capitol and more During weekends and in Senate recess weeks Kaine over a period of several years hiked the 559 miles of the Appalachian Trail that cross Virginia from Harpers Ferry to the Tennessee border biked 321 miles along the crest of the Virginia Blue Ridge on the beautiful parkways built during the Great Depression to create jobs and give everyday people on the East Coast an accessible place to vacation and canoed the entire James River 348 miles from its headwaters in the Allegheny Mountains to its entrance into the Chesapeake Bay Along the way Kaine reflected on the events that have shaped both his life and the world around him sharing his deep love for the natural world and the importance of preserving it for future generations in a fascinating memoir that blends adventure reflection and political insight With immediacy and honesty Kaine pulls back the curtain to reveal his inner thoughts during such monumental times Kaine's storytelling gift and wise observations offer a fascinating glimpse into the mind of a seasoned politician and outdoor enthusiast *Walk Ride Paddle* is a captivating memoir of one man's physical journey through the Virginia wilderness but it is also a unique and ultimately optimistic perspective on these pivotal moments in history offering inspiration wisdom and hope

**Looking for a Story** Noel Rubinton, 2025-05-13 An annotated guide to the work of the Pulitzer Prize winning writer teacher and pioneer of creative nonfiction John McPhee has been a staff writer for *The New Yorker* since 1965 and has written more than thirty acclaimed books that began on the magazine's pages But few readers know or fully appreciate the true breadth of his writing *Looking for a Story* is a complete reader's guide to McPhee's vast published work documenting much rarely seen or connected with McPhee including remarkable early writing for *Time* magazine published without his name In chronicling McPhee's career where he broke ground applying devices long associated with fiction to the literature of fact Noel Rubinton gives insights into McPhee's techniques choice of subjects and research methods shedding light on how McPhee turns complicated subjects like geology into compelling stories Beyond detailing more than seventy years of McPhee's writing Rubinton recounts McPhee's half century as a Princeton University writing professor a little known part of his legacy McPhee inspired generations of students who wrote hundreds of books of

their own also catalogued here With an incisive foreword by New Yorker staff writer and former McPhee student Peter Hessler Looking for a Story also includes extensive annotated listings of articles about McPhee reviews of his books and interviews readings and speeches Whether you are already an admirer of McPhee or new to his writings this book provides an invaluable road map to his rich body of work 100 Weird Ways to Catch Fish John Waltman,2005-02-23 Perfect gift book for anglers Entertaining to veterans and newcomers who fish saltwater and fresh Many who catch fish and fish in a variety of foreign and problematic habitats have developed a panoply of interesting innovative and oftentimes weird ways of outwitting them These 90 essays mix fact lore and anecdotes in a humorous compilation describing the great lengths to which fishermen are willing to go to extract these relatively dimwitted yet challenging creatures from lakes rivers and the sea On the cover a retired school bus driver in Washington rigged a giant slingshot to the side of an ancient Volkswagen Beetle By rearing back about twenty feet on the rubber sling he could fire his railroad spike sinker and bait well out into the Columbia River to catch sturgeon Running Silver John Waldman,2013-10-15 That one could walk drishod on the backs of schools of salmon shad and other fishes moving up Atlantic Coast rivers was a not uncommon kind of description of their migratory runs during early colonial times Accounts tell of awe inspiring numbers of spawners pushing their way upriver the waters running silver to complete life cycles that once replenished marine fisheries along the Eastern Seaboard Over the centuries these stocks were so stressed that virtually all are now severely depressed with many extinct and some simply forgotten Running Silver is an important and fascinating look at the fish whose history life cycles and conservation challenges are so poorly understood Drawing on the author s thirty year career as scientist and educator the book tells the story of the past present and future of these sea river fish through research historical accounts personal anecdotes interviews and images Running Silver will detail the enormous legacy that has already been lost and try to inspire efforts to save what remains Fishes Gene Helfman,Bruce Collette,2011-11-03 One fish two fish red fish nearly thirty thousand species of fish or fishes as they are properly called when speaking of multiple species This is but one of many things the authors of this fascinatingly informative book reveal in answering common and not so common questions about this ubiquitous group of animals Fishes range in size from tiny gobies to the massive Ocean Sunfish which weighs thousands of pounds They live in just about every body of water on the planet Ichthyologists Gene Helfman and Bruce Collette provide accurate entertaining and sometimes surprising answers to over 100 questions about these water dwellers such as How many kinds of fishes are there Can fishes breathe air How smart are fishes and Do fishes feel pain They explain how bony fishes evolved the relationship between them and sharks and why there is so much color variation among species Along the way we also learn about the Devils Hole Pupfish which has the smallest range of any vertebrate in the world Lota lota the only freshwater fish to spawn under ice the Candiru a pencil thin Amazonian catfish that lodges itself in a very personal place of male bathers and must be removed surgically and many other curiosities With over 100 photographs including two full

color photo galleries and the most up to date facts on the world s fishes from two premier experts this fun book is the perfect bait for any curious naturalist angler or aquarist      **Beaches, Bays, and Barrens** Eric G. Bolen,2024-05-17 Biologist Eric G Bolen introduces readers to the natural wonders of the Jersey Shore taking them on a guided tour of its unique ecology and fascinating history You ll learn about everything from sand dunes to salt marshes from blueberry patches to cranberry bogs and from ship wrecks to shark attacks      **Casting Seaward** Steve Ramirez,2023-04 In Casting Seaward author naturalist and educator Steve Ramirez expands beyond the geographical scope of his first two books by traveling thousands of miles by plane motor vehicle boat and foot pursuing the native gamefish of North America s salt and brackish water habitats This journey includes following anadromous fish like salmon from the ocean s depth to the shallowest tributaries of Alaskan rivers and following rivers and streams from their freshwater sources to their brackish water deltas In the course of this journey Ramirez explores and fishes portions of the entire American coastline from the Northern Atlantic coast to the Caribbean Sea the Gulf of Mexico and up the Pacific coast from California to Alaska The entirety of this sojourn was written while traveling through the COVID 19 pandemic and it touches on the lessons that challenges such as global pandemics global ecological and sociological disruption and global opportunities for positive learning and change can teach us about nature and human nature Most of all Casting Seaward is a celebration of the bounty and beauty of our water covered planet and a recognition of its increasingly rarefied qualities Each story is told in part through the eyes of the people who have lived alongside and come to love these waters and fish Woven throughout these adventures are the stories of the people he meets and befriends while pursuing a mutual love of nature and the best of human nature as the first criterion for finding common ground Casting Seaward is an enthralling exploration an insightful warning and call to action and an exceedingly hopeful story in an all too often seemingly hopeless time It is a story of fishing and friendship It is a story of humanity s impact on nature and nature s impact on humanity It is our story in this pivotal moment in the history of humanity and the living blue planet we call home

*Tabula Rasa* John McPhee,2023-07-11 A literary legend s engaging review of his career stressing the work he never completed and why Over seven decades John McPhee has set a standard for literary nonfiction Assaying mountain ranges bark canoes experimental aircraft the Swiss Army geophysical hot spots ocean shipping shad fishing dissident art in the Soviet Union and an even wider variety of other subjects he has consistently written narrative pieces of immaculate design In *Tabula Rasa* Volume 1 McPhee looks back at his career from the vantage point of his desk drawer reflecting wryly upon projects he once planned to do but never got around to people to profile regions he meant to portray There are so many examples that he plans to go on writing these vignettes an ideal project for an old man he says and a reminiscent montage from a writing life This first volume includes among other things glimpses of a frosty encounter with Thornton Wilder interrogative dinners with Henry Luce the allure of western Spain criteria in writing about science fireworks over the East River as seen from Malcolm Forbes s yacht the evolving inclinations of the Tower of Pisa the islands among the river deltas of

central California teaching in a pandemic and persuading The New Yorker to publish an entire book on oranges The result is a fresh survey of McPhee s singular planet
