The Andaman Islanders Alfred Reginald Radcliffe-Brown, 1922 *The Andaman Islanders* Alfred Reginald Radcliffe-Brown, 1933 *The Andaman Islanders* A. R. Brown, 2015-06-13 Excerpt from *The Andaman Islanders A Study in Social Anthropology* Anthony Wilkin Studentship Research 1906 This book contains some part of the results of anthropological research carried out in the Andaman Islands in the years 1906 to 1908 under the terms of the Anthony Wilkin Studentship in Ethnology of the University of Cambridge The funds supplied by the studentship were supplemented by grants from the Royal Society and from the government of India In its original form the monograph was presented as a fellowship thesis at Trinity College The work of rewriting it was interrupted by absence from England and was only completed in 1914 There has since been a long delay in publication as a result of the war The book deals with the social institutions of the tribes of the Great Andaman These had previously been studied by Mr E H Man to whose work I have been obliged to make many references in order that my account may be as complete as possible I should have preferred to devote my attention almost exclusively to the natives of the Little Andaman about whom very little is known I found however that it was not possible in the time at my disposal to do any satisfactory work amongst these people owing to the difficulty of language The natives of the Little Andaman know no language but their own and that is so little related to the languages of the Great Andaman that even a thorough knowledge of the latter is of almost no use in an attempt to learn the former I spent nearly three months camped with natives of the Little Andaman giving most of the time to learning their language No one who has not actually made the attempt to learn the language of a savage people without the help of an interpreter can form an adequate idea of the difficulties of the task About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **ANDAMAN ISLANDERS** A. The Andaman Islanders A. R. Brown, 2017-09-12 Excerpt from *The Andaman Islanders A Study in Social Anthropology* Anthony Wilkin Studentship Research 1906 The results of my researches on the physical anthropology of the Andaman Islanders have not been published I hoped to be able to obtain the services of some one more competent in such matters than myself to assist or direct me in the measurement and study of the collection of skulls and skeletons that I brought to England and that is now in the Anthropological Museum at Cambridge In this I was disappointed and absence from England has prevented me from completing my work in this branch of research About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

scarcely to move at all Our object in this was not only to have a leisurely opportunity for examining them but also that they might not be disturbed by the noise of the steam and paddles which fortunately had not yet attracted their attention We next determined to approach considerably nearer to the shore probably within a few hundred yards and to drop anchor at a convenient place and depth An object so large and prominent as the steamer accompanied in its progress by the loud noise of the engines and the constant splash of the paddle wheels could not long escape observation and of course we had no wish it should but the reverse As we drew towards the reef already mentioned the native party stationed on it were observed all at once to make a sudden start and to stand transfixed with unspeakable astonishment and awe It is not too much to say that they seemed to be completely paralysed by our sudden appearance on their coast If we had dropped from the clouds or risen from the sea their wonder and admiration could not have been more excessive They appeared all at once to have been struck dumb their wondering gaze fixed in one direction and on one sole object What was it what was in it what was to their surprise and agitation 117 come out of it and how was it to affect them were thoughts that no doubt simultaneously occurred to their agitated minds at the sight of this puffing

Excerpt from Adventures and Researches Among the Andaman Islanders The Saddle Mountain is situated to the southward of Port Cornwallis at the distance of a few miles It rises to a considerable height and forms the highest point to be seen in the whole group its elevation being about feet On a favourable day when the atmosphere is clear and cloudless it is visible to the practised eye of the mariner at a distance of twenty leagues from the land The middle division known as the Middle Andaman is separated from the northern portion of the island by a narrow strait It is somewhat larger than the latter extending in length to fifty miles and being fifteen miles in width The narrow strait is quite innavigable and on examining it we found that at a distance of six miles from its eastern outlet it became a mere mud marsh at low water At its north western extremity on the other hand it was ascertained that it opened into a fine broad expanse forming an excellent and capacious harbour with secure anchorage for ships at the extremity of which is Interview Island one of the largest detached islets of the whole group About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
