The Anguish Of Change:

The Anguish of Change Louis Harris,1973 **Successful Change Management in Health Care** Annette Chowthi-Williams,Geraldine Davis,2022-03-03 Change is frequent in healthcare yet change management is often far from perfect This book considers the complexity of change within large organisations explores existing models of change and emphasises the vital role of emotional and cognitive readiness in successful change management Despite the plethora of organisational change management approaches used in healthcare the success rate of change in organisations can be as low as 30 percent New thinking about change management is required to improve success in service development improvement and innovation Arguing that emotional and cognitive readiness for change requires engagement with the people involved and a thorough understanding of areas of friction and potential challenge this book also delves into the neglected issue of emotion examining emotional labour and emotion and change It investigates how human emotion can be incorporated into Change Management Models alongside and intertwined with cognitive approaches to support effective change Using the NHS as a central case study this book incorporates examples of actual change from a range of healthcare settings from acute to primary care enabling readers to see how Change Management Models can be adapted and utilised in practice This is an essential read for students as future change leaders and practitioners and managers leading and managing change in healthcare

The Triumph of the Flexible Society Manuel Hinds,2003-11-30 Hinds takes offers a fresh perspective on the social political and economic disturbances now affecting our world This book looks at those disturbances not as separate problems but rather as the coherent symptoms of a deep technological revolution that is changing the shape of society on the scale of the Industrial Revolution the Connectivity Revolution the basis of the New Economy Analyzing the resistance to change that erupted violently in response to that last major economic upheaval Hinds shows how Communism Nazism and fundamentalism owe their triumphs not to the prevalence of poverty or oppression but to the rigidity of societies threatened by profound social changes prompted by rapid technological progress Demonstrating that their rigidity was caused by the same kind of state intervention in the economy that is now being proposed to stop globalization he argues persuasively that only a horizontal flexible society can smoothly manage change in such a way that the pain of transformation and therefore the risk of giving birth to new varieties of destructive regimes is minimized

Eating Drugs Stefan Ecks, 2014 A Hindu monk in Calcutta refuses to take his psychotropic medications His psychiatrist explains that just as his body needs food the drugs are nutrition for his starved mind Does it matter how or whether patients understand their prescribed drugs Millions of people in India are routinely prescribed mood medications Pharmaceutical companies give doctors strong incentives to write as many prescriptions as possible with as little awkward questioning from patients as possible Without a sustained public debate on psychopharmaceuticals in India patients remain puzzled by the notion that drugs can cure disturbances of the mind While biomedical psychopharmaceuticals are perceived with great suspicion many non biomedical treatments are embraced Stefan Ecks illuminates how biomedical Ayurvedic and homeopathic treatments are used in India and argues that pharmaceutical pluralism changes popular ideas of what drugs do Based on several years of research on pharmaceutical markets Ecks shows how doctors employ a wide range of strategies to make patients take the remedies prescribed Yet while metaphors such as mind food may succeed in getting patients to accept the prescriptions they also obscure a critical awareness of drug effects This rare ethnography of pharmaceuticals will be of key interest to those in the anthropology and sociology of medicine pharmacology mental health bioethics global health and South Asian studies

Construction Business Development Christopher Preece, Paul Smith, Krisen Moodley, 2007-03-30 Construction Business Development is the first book to provide an insight into business development strategies tools and techniques in construction This edited text combines academic research with the broad industrial experience of construction business development professionals and marketing consultants It uses illustrations and case studies in addressing current and future challenges and opportunities in a highly competitive business environment This practical book will help construction managers learn how to turn clients into loyal customers
