The Appearing:

The Appearing Kevin J. Kurtz, 2022-09-28 Mark Mallory's investigation into crop circle messages has revealed an ominous theme: the man of destruction, Destroyer of Worlds, is returning from the stars. At an archaeological dig site in Megiddo, Israel, Mark and friends discover the ancient worship of Isis Aherah is being revived by the European Union. A billionaire philanthropist with ideals on controlling the world has ties with a miracle worker, military corporation, and the Pope. Mark must uncover the sinister plan that binds them together. The attack on Israel described in Ezekiel 38-39 is the beginning of the end. When three black triangular UFOs land in St. Peter's Square and the doors open, will the savior of the world emerge or the Antichrist?

The Appearing of God Our Savior Claire Smith, 2024-12-18 An Introduction to the Theology and Themes of 1 and 2 Timothy and Titus. The letters of 1 and 2 Timothy and Titus were written by Paul to trusted coworkers toward the end of his apostolic ministry. As Paul's delegates, they were to teach and defend the truth, model godly living, and ensure that godly church leadership was in place. But these letters are more than just a how-to guide for ministry. In this volume of the New Testament Theology series, Claire Smith explores the central themes and theology of each letter, which consistently focus on God's eternal plan in Christ to save a people for himself. Emphasizing that we live between the two appearances of Christ Jesus in history, Smith encourages readers to live in this present time as God's household. 1 Timothy: how to endure suffering as believers. 2 Timothy: and how to live in an unbelieving world. Titus: Part of the New Testament Theology Series. Other volumes include To Walk and to Please God, Ministry in the New Realm, United to Christ, and more. Resource for Church Leaders. Explores 1 and 2 Timothy and Titus, written to guide church leaders toward authentic and gospel-centered ministry. Great for Studying the Bible More Deeply. Perfect for pastors, seminarians, college students, and laypeople.

The Appearing Demos Laikwan Pang, 2020-02-11 As the waves of Occupy movements gradually recede, we soon forget the political hope and passions these events have offered. Instead, we are increasingly entrenched in the simplified dichotomies of Left and Right, us and them, hating others and victimizing oneself. Studying Hong Kong's Umbrella Movement, which might be the largest Occupy movement in recent years, The Appearing Demos urges us to recommit to democracy at a time when democracy is failing on many fronts and in different parts of the world. The 79-day-long Hong Kong Umbrella Movement occupied major streets in the busiest parts of the city, creating tremendous inconvenience to this city famous for capitalist order and efficiency. It was also a peaceful collective effort of appearance, and it was as much a political event as a cultural one. The urge for expressing an independent cultural identity underlined both the Occupy movement and the remarkably rich cultural expressions it generated. While understanding the

specificity of Hong Kong's situations The Appearing Demos also comments on some global predicaments we are facing in the midst of neoliberalism and populism It directs our attention from state based sovereignty to city based democracy and emphasizes the importance of participation and cohabitation The book also examines how the ideas of Hannah Arendt are useful to those happenings much beyond the political circumstances that gave rise to her theorization The book pays particular attention to the actual intersubjective experiences during the protest These experiences are local fragile and sometimes inarticulable therefore resisting rationality and debates but they define the fullness of any individual and they also make politics possible Using the Umbrella Movement as an example this book examines the freed political agents who constantly take others into consideration in order to guarantee the political realm as a place without coercion and discrimination In doing so Pang Laikwan demonstrates how politics means neither to rule nor to be ruled and these movements should be defined by hope not by goals Discourses on the second appearing of Christ Thomas Playford,1856
