The Arab Horse:

The Blood of the Arab Albert W. Harris, 2018-04-03 IN THE FOLLOWING PAGES the author deals with an exceedingly interesting subject in a most agreeable and instructive manner His long experience with Arab horses in the East in the West on the ranch in the park and on Endurance Rides fits him to speak with authority I was one of the judges of the first Endurance Ride conducted under rigid rules and active supervision in this country Mr Harris rode an Arabian mare in this difficult contest sixty miles per day for five successive days with two hundred pounds up and brought her in in fine shape to win first place In addition to being a fine horseman and horsemaster he is a renowned breeder of Arabian horses If one were in quest of accurate and complete information historical or practical about the Arab horse data which would not glorify the Arab at the expense of fact I should unhesitatingly refer him to the author He owned the best Arab sire I have ever seen whether in this country Europe or Asia He has a large stud farm of pure bred Arabs He also used his sires on mares of other breeding or no breeding with excellent results Whether one agrees with his conclusions or not I know of no one better fitted to write of the merits and accomplishments of the Arab horse without indulging in befogging breed enthusiasm than the author

It was an event which inspired other Arab countries to organise horse shows of their own. Bennett, John Davidson, 2016-03-20 Table of Contents Introduction Chapter 1 A Magnificent Horse Chapter 2 Training General Tips Chapter 3 Horses Fun Facts Conclusion Nature's Great Wonders Author Bio Introduction A good horse makes short miles. George Elliot Arabian Horses The Arabian horse or Arab horse is a beautiful breed with a shiny coat. They are very fast and strong and can ride around for a very long time without getting tired. These amazing horses come from the Arabian Peninsula. Do you remember what a peninsula is? What is a Peninsula? The dictionary describes a Peninsula as a piece of land almost surrounded by water or coming out of a body of water. So its land with lots of water around it. The Arabian Peninsula is found in the continent of Asia and is the biggest one in the world.

Arab Horse Jules Archer, Rosemary Archer, 2000 As one of the oldest breeds, the Arabian is extraordinarily prepotent; it has had a profound influence on light horse breeding throughout the world. Admired for its beauty and intelligence, centuries of life in the harsh environment of the Arabian Desert also endowed it with the qualities of toughness, endurance and courage, whilst its close association with man resulted in its noble ability to form strong attachments to humans. The Arabian has all the qualities of a perfect riding horse, and its performance in a wide variety of activities is proof of its versatility. The book's outstanding photographs not only complement the text but also demonstrate this trait of versatility by showing the Arabian at work in every equestrian discipline as well as its natural desert habitat and depicted in art.

The Arab Horse Peter Upton, 2007-05 Presents an illustrated account of the Arab Horse with lines of descent of the desert bred horses imported into Britain after Padischah 1830s. This title includes the origins of the Arab Horse and development of strains, fine art reproductions of famous horse portraits and portraits of horses by author.
