The Arab Image In The Us Press:

The Arab Image in the US Press Issam Suleiman Mousa, 1984 Based on a study of the New York Times *The United States and the Middle East* Hooshang Amirahmadi, 1993-01-01 This book advances a critical analysis of U S Middle East policy and offers alternative perspectives It highlights areas of policy shortcomings in the wake of ongoing global and domestic changes and draws attention to the need for a new and more plausible U S policy The United States and the Middle East evaluates the roots and consequences of post World War II diplomatic and military initiatives including the Arab Israeli conflict the Palestinian question United States relations with Iran following the Iranian revolution Irangate the reflagging of Kuwaiti tankers and the war led by the United States against Iraq The important roles of U S media and Middle East studies and education in influencing U S foreign policy are also emphasized A concluding chapter focuses on the ongoing global restructuring and the U S quest for world leadership in the wake of the Persian Gulf War *The Arab Image in Western Mass Media*, 1980 **The U.S. Press and Iran** William A. Dorman, Mansour Farhang, 2023-04-28 No one seriously interested in the character of public knowledge and the quality of debate over American alliances can afford to ignore the complex link between press and policy and the ways in which mainstream journalism in the U S portrays a Third World ally The case of Iran offers a particularly rich view of these dynamics and suggests that the press is far from fulfilling the watchdog role assigned it in democratic theory and popular imagination This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1988 No one seriously interested in the character of public knowledge and the quality of debate over American alliances can afford to ignore the complex link between press and policy and the ways in which mainstream journalism in the U S portrays a Third World *The Arab Gulf States and the West* Dania Koleilat Khatib, Marwa Maziad, 2018-10-30 This book examines the changing image of the Arab Gulf States in the West It addresses the question of perception in international relations and how the Arab States of the Gulf have pursued various endeavors to project themselves into Western imagination The book chapters generate ideas on how perceptions came about and ways to improve cultural and political realities on the ground in the Arab Gulf States Thus it paves the way for a new area of research in the field of Gulf Studies that extends beyond traditional international relations frameworks by weaving elements of intercultural communication into the mix Recognizing yet extending beyond a traditionally realist framework which has dominated the analysis of Arab Gulf States foreign relations with western countries this book tackles both the materialist and the symbolic in the efforts and initiatives launched by the Arab Gulf States Some chapters maintain a social scientific approach about the politics of the Arab Gulf States in the West from an international relations lens Others employ theoretical frameworks that were founded on the notion of the encounter

with anthropological lenses and concepts of intercultural communication In addition to the value of this academic research agenda as such some of the chapters also touch upon the added importance of policy oriented input As the Arab Gulf States actively engage with the West the book would widely appeal to students and researchers of Gulf politics and international relations

Images of the U.S. around the World Yahya R. Kamalipour,1999-01-01 Examines how peoples of other nations perceive the U S how media of other nations portray the U S and how exported media products impact the U S image around the world

Religious Diversity and American Religious History Walter H. Conser,Sumner B. Twiss,1997 The ten essays in this volume explore the vast diversity of religions in the United States from Judaic Catholic and African American to Asian Muslim and Native American traditions Chapters on religion and the South religion and gender indigenous sectarian religious movements and the metaphysical tradition round out the collection The contributors examine the past present and future of American religion first orienting readers to historiographic trends and traditions of interpretation in each area then providing case studies to show their vision of how these areas should be developed Full of provocative insights into the complexity of American religion this volume helps us better understand America s religious history and its future challenges and directions

Navigating War, Dissent and Empathy in Arab/U.S Relations Osman Latiff,2021-06-28 This book focuses on American political discourse connected to war dissent and empathy Through interdisciplinary methods of history politics and media studies the book examines ways in which American self identity alters as a consequence of media portrayal of human suffering and of its existential others It compares representations of the Iraq wars to earlier precedents and looks at the work of American activists assessing how narratives and images of human suffering in new media iconography generate empathic attitudes towards others This comparative multimodal study helps to explain shifting self identities within the U S and relationally through the representation of the Arab other presenting an original and historicised contribution to the media war field of academic and public debate The book underscores empathy as a vibrant category of analysis that expands how we think about West Arab relations revealing how understanding the cultural aspects of this conflictual interrelationship needs to be broadened

Rethinking the Color Line Charles A. Gallagher,2021-12-16 Rethinking the Color Line is a collection of theoretically informed and empirically grounded readings on race and race relations that illustrate how race and ethnicity influence aspects of social life in ways that are often made invisible by culture politics and economics

(Re-)Framing the Arab/Muslim Silke Schmidt,2014-10-15 Media depictions of Arabs and Muslims continue to be framed by images of camels belly dancers and dagger wearing terrorists But do only Hollywood movies and TV news have the power to frame public discourse This interdisciplinary study transfers media framing theory to literary studies to show how life writing re frames Orientalist stereotypes The innovative analysis of the post 9 11 autobiographies West of Kabul East of New York Letters from Cairo and Howling in Mesopotamia makes a powerful claim to approach literature based on a theory of production and reception thus enhancing the multi disciplinary potential of

framing theory Diversity in U.S. Mass Media Catherine A. Luther, Carolyn Ringer Lepre, Naeemah Clark, 2017-09-12 An updated edition of the comprehensive resource that covers the various areas associated with representations of diversity within the mass media The second edition of Diversity in U S Mass Media presents a review of the evolution and the many issues surrounding portrayals of social groups in the mass media of the United States Unfortunately all too often mass media depictions play a crucial role in shaping our views about individuals and social groups Filled with instructive insights into the ways social groups are represented through the mass media Diversity in U S Mass Media offers a better understanding of groups and individuals different from ourselves The revised second edition is filled with recent illustrative examples from the media Comprehensive in scope the authors address a wide range of issues that include representations of race ethnicity gender sexual orientation disability class and religion in films television and the press The authors encourage readers to question what is being presented and explore the extent to which they agree with the perspectives that are described Diversity in U S Mass Media is an important resource that Offers an understanding of how various social groups are being represented in the mass media Explores how diverse communities inform and intersect with one another Draws on updated studies on the topic and presents original research and observations Includes new chapters on media portrayals of mixed race relationships and multiracial multiethnic people and representations of religion and faith Accompanied by a companion website for instructors including many useful pedagogical tools such as a test bank viewing list exercises and sample syllabi Revised and updated the second edition of Diversity in U S Mass Media offers a broad perspective on the myriad issues that influence how the media portrays social groups Throughout the text the authors show consistencies as well as differences in media representations of minority groups in the United States **US Foreign Policy in the Middle East** Janice J.

Terry, 2005-06-20 Millions of dollars are spent every year by companies and special interest groups attempting to influence government policy They work behind the scenes lobbying politicians to represent their interests From tobacco companies to energy companies from anti abortion campaigners to civil rights campaigners the list is vast And nowhere is their influence more keenly felt than on the issue of the Middle East Israel is America's key ally in the Middle East and helps maintain US dominance in the region This book shows how pro Israeli lobbyists and domestic interest groups have been hugely successful in creating government and financial support for Israel By contrast Arab American groups and Arab governments have had less success putting forward their agendas Janice J Terry shows how special interest groups work and why certain lobbying techniques are more effective than others She sets this within the wider cultural context showing how the US media and the general public view the Middle East To explain how lobbies work Terry draws on case studies including the Sinai accords and Camp David under Presidents Ford and Carter the Conflict between Greek and Turkish lobbies over Cyprus and the major campaign against the Arab boycott Making use of primary sources and unpublished material from various presidential libraries this is a fascinating expose of the role that lobby groups really play in determining US foreign policy in the Middle

East It will be of interest to students of American politics and Middle East studies **The TV Arab** Jack G. Shaheen,1984 Dr Shaheen studying over 100 different popular entertainment programs cartoons and major documentaries telecast on network independent and public channels totaling nearly 200 episodes that relate to Arabs has thrown new and revealing light on the stereotypes of people from the Middle East **Muslims and Islam in U.S. Education** Liz Jackson,2014-04-03 Winner of Philosophy of Education Society of Australasia PESA s inaugural PESA Book Awards in 2015 and The University of Hong Kong Research Output Prize for Education 2014 15 Muslims and Islam in U S Education explores the complex interface that exists between U S school curriculum teaching practice about religion in public schools societal and teacher attitudes toward Islam and Muslims and multiculturalism as a framework for meeting the needs of minority group students It presents multiculturalism as a concept that needs to be rethought and reformulated in the interest of creating a more democratic inclusive and informed society Islam is an under considered religion in American education due in part to the fact that Muslims represent a very small minority of the population today less than 1% However this group faces a crucial challenge of representation in United States society as a whole as well as in its schools Muslims in the United States are impacted by ignorance that news and opinion polls have demonstrated is widespread among the public in the last few decades U S citizens who do not have a balanced fair and accurate view of Islam can make a variety of decisions in the voting booth in job hiring and within their small scale but important personal networks and spheres of influence that make a very negative impact on Muslims in the United States This book presents new information that has implications for curricula religious education and multicultural education today examining the unique case of Islam in U S education over the last 20 years Chapters include Perspectives on Multicultural Education 9 11 the Media and the New Need to Know Islam and Muslims in Public Schools Blazing a Path for Intercultural Education This book is an essential resource for professors researchers and teachers of social studies particularly those involved with multicultural issues critical and sociocultural analysis of education and schools as well as interdisciplinary scholars and students in anthropology and education *Al-Mughtaribun* Kathleen M. Moore,1995-01-01 Examines the influence of American law on Muslim life in the United States treating such issues as pluralism and religious toleration immigration and naturalization civil rights Black Muslims and the prisoners rights movement municipal zoning and hate crimes legislation **New Horizons of Muslim Diaspora in Europe and North America** Moha Ennaji,2016-05-30 This book provides insights into some of the social topics related to the homogenization and stereotyping of Muslims It explores the experiences of Muslims in Western societies with a particular focus not only on gender home and belonging multiculturalism and ethnicity **Communication Ethics Now** Richard Keeble,2008 Communication lies at the heart of human experience After all we know about our world largely through communication We consume books advertisements photographs letters newspapers magazines and the broadcast media This book draws together pieces from the 2005 volume of Ethical Space Journal **Epic Encounters** Melani McAlister,2005-07-05 Epic

Encounters examines how popular culture has shaped the ways Americans define their interests in the Middle East In this innovative book now brought up to date to include 9 11 and the Iraq war Melani McAlister argues that U S foreign policy while grounded in material and military realities is also developed in a cultural context American understandings of the region are framed by narratives that draw on religious belief news media accounts and popular culture This remarkable and pathbreaking book skillfully weaves lively and accessible readings of film media and music with a rigorous analysis of U S foreign policy race politics and religious history The new chapter titled 9 11 and After Snapshots on the Road to Empire considers and brilliantly analyzes five images that have become iconic 1 New York City firemen raising the American flag out of the rubble of the World Trade Center 2 the televised image of Osama bin Laden 3 Afghani women in burqas 4 the statue of Saddam Hussein being toppled in Baghdad and 5 the hooded and wired prisoner in Abu Ghraib McAlister s singular achievement is to illuminate the contexts of these five images both at the time they were taken and as they relate to current events an accomplishment all the more remarkable since to paraphrase her new preface we are today struggling to look backward at something that is still rushing ahead

Racism in the United States Meyer Weinberg, 1990-05-21 This volume represents the most comprehensive book length bibliography on the subject of racism available in the United States Compiler Meyer Weinberg has surveyed a wide ranging group of material and classified it under 87 subject headings drawing on articles books congressional hearings and reports theses and dissertations research reports and investigative journalism Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color Weinberg includes references dealing with sexism antisemitism economic exploitation and similar forms of dehumanization References are grouped under a series of subject headings that include Civil Rights Desegregation Housing Socialism and Racism Unemployment and Violence against Minorities Items which do not have self explanatory titles are annotated and virtually every section is thoroughly cross referenced Also included is one section of carefully selected references on racism in countries other than the United States Unlike the remainder of the book this section is not comprehensive but rather provides an opportunity to view racism comparatively The volume concludes with an author index This work will be a significant addition to both academic and public libraries as well as an important resource for courses in racism sociology and black history
