The Art Of Beingpsychic:

The Art of Being-- Psychic June-Ellen Laine, 2006 Psychic art is about contacting the creative source and thinking outside the box of our own limitations. This can lead to extraordinary results: the ability to paint portraits of people you don't know, indeed being able to draw and paint and compose without training. With the right tools and a clear sense of purpose, we can all develop our ability, learning to enter altered states at will to produce art that exceeds our normal expectations. The Art of Psychic Reiki Lisa Campion, 2018-10-01 From master Reiki teacher Lisa Campion comes *The Art of Psychic Reiki*, a one-of-a-kind step-by-step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work. Reiki is a gentle yet powerful hands-on energy healing method from Japan that's been gaining in popularity over the last century, not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power. Born from the author's decades of experience with Reiki healing and her own methods, *The Art of Psychic Reiki* provides everything you need to know about this healing art, including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do. If you're drawn to the healing art of Reiki, you might be a highly sensitive person with high levels of empathy, intuition, and latent psychic abilities—a combination of intuition and inner knowing plus the ability to connect with higher wisdom. And since Reiki is a form of energy healing, many new practitioners may experience what's called a psychic opening as they learn or practice. For this reason, it's important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work, and this book can help. Whether you're new to Reiki or you're a practitioner seeking to deepen your knowledge and enhance your skills with this guide, you'll learn how to use Reiki to heal yourself and others, cultivate and trust your natural intuition, develop your empathic and psychic abilities, work with your spirit guides, and ground and protect yourself as a practitioner of this sacred healing art. I'm Still With You Carole J. Obley, 2010-05-11 A collection of compelling true stories of after-death communication from the experiences of psychic medium Carole J. Obley. These inspiring examples open our hearts and minds by convincingly demonstrating how contact with the spirit world can be a catalyst in healing grief. We are uplifted and comforted by realizing that the challenges we face in life can be positively transformed by the magnificent strength of undying love. **Mandala--the Art of Creating Future** June-Ellen Laine, 2009-04-16 Mysticism The Advanced Workbook For Spiritual & Psychic Development Helen Leathers, Diane Campkin, 2011-08-23 This title looks at the more advanced subjects within spiritual/psychic development. The unique thing about this book is that it not only tells you that you already have, but also shows you how to develop and use that some psychic power within them.

whether they realize it or not. Then don't learn the basics of the medium for beginners. To understand how psychic work is helpful to everyone. Think of psychic ability like musical talent. Most of us have a degree of ability, but if it is minuscule. Some are born with great multitasking abilities while others are tone deaf. But while the inherent ability is a factor, the bigger determinant is how hard you exert yourself. Let's get started.

Ancient Code Various Authors, 2009-08. Some say the end of mankind is near. Some say that financial turmoil is part of the process along with global warming, warfare, and the spread of mass psychosis. Children are fed drugs to keep them calm, nations are invaded by their neighbors, the climate is changing all around us, celebrities become our gods, and materialism is the new mantra. But what is the real truth? Is there an answer to all this? If our material lives are making us happier, then why so many self-help books, films, and philosophies? It can't be denied that the times are changing. Every day sees new challenges for our species while we cause mayhem and madness on an unbelievable scale. But there is a ratio to it all, a rhyme and reason behind everything that we do and everything that affects us. **Ancient Code** is a collection of 20 fascinating essays from today's top authors and researchers which takes a look at the Ancient Code, our relationship with it, and how it relates to 2012. You will learn about a power that was first hidden and then lost over time. Many have sought to rediscover it in order to wield it selfishly. Like mad magicians seeking to rule the world, men of renown have fleetingly seen the incredible nature of this Code, but all too often they have missed the point. The Ancient Code needs no material gain, no hatred, warfare, or drugs, because YOU are the key to the Code. Featuring Brian Allan, Jack Allis, Kala Ambrose, Nick Ashron, Philip Coppens, Robert Feather, Philip Gardiner, Dr. Mitchell E. Gibson, Andrew Gough, Jasmine Gould, Dan Green, Dr. John Jay Harper, June Elleni Lane, Janice Manning, Marshall Masters, Brian Mayne, Steve Mitchell, Nick Pope, Dennis Price, and Colin Wilson.
