The Dreadnought Hoax:

The "Dreadnought" Hoax Adrian Stephen, 1936 The author recounts his participation in a practical joke whereby he and his friends led by Horace de Vere Cole posed as a fake delegation of Abyssinian royals in 1910 which tricked the Royal Navy into showing their flagship the battleship HMS Dreadnought Adrian Stephen's sister Virginia Woolf was among the impostors

The Girl Prince Danell Jones, 2023-10-26 In February 1910 the young woman who would become Virginia Woolf played the most famous practical joke in British military history Blackening her face and masquerading as an African prince with friends she conned her way onto the Dreadnought the Empire's best battleship The stunt made headlines around the world for weeks embarrassed the Royal Navy and provoked heated discussions in parliament But who was the girl prince unidentified in public debate at the time and what was she doing there The Girl Prince intertwines three fascinating stories a scandalous prank and its afterlife Woolf's ideas about race and empire and the true Black experience in Britain from real princes to Caribbean writers and South African activists Woolf's social circle was almost exclusively white but Black lives edged and echoed hers within the rich fabric of national culture including in response to the hoax Using letters diaries reporting and newly discovered archives Danell Jones describes an extraordinary chain of events exploring how and why this future revolutionary novelist joined in a bigoted blackface prank and probing what it tells us about Woolf's Britain and Woolf's work This is a tantalisingly fresh take on an iconic writer and her deeply problematic stunt

On Or about December 1910 Peter Stansky, 1996 Peter Stansky paints a picture of the changing world in which the Bloomsbury set moved as the watershed to a new and more open society where for example E M Forster could write about love between men and new artforms were in full bloom

A History of Ambition in 50 Hoaxes Gale Eaton, 2016-09-06 What do the Trojan Horse Piltdown Man Keely Motor Company and Ponzi Scheme have in common They were all famous hoaxes carefully designed and bolstered with false evidence The con artists in this book pursued a variety of ambitions making money winning wars mocking authority finding fame trading an ordinary life for a glamorous one but they all chose the lowest fastest road to get there Every hoax is a curtain and behind it is a deceiver operating levers and smoke machines to make us see what is not there and miss what is As P T Barnum knew you can short circuit critical thinking in any century by telling people what they want to hear Most scams operate on a personal scale but some have shaped the balance of world power inspired explorers to sail uncharted seas derailed scientific progress or caused terrible massacres A HISTORY OF AMBITION IN 50 HOAXES guides us through a rogue's gallery of hustlers liars swindlers imposters scammers pretenders and cheats In Gale Eaton's wide ranging synthesis the history of deception is a colorful tour with surprising insights behind every curtain

Faking, Forging, Counterfeiting Daniel Becker, Annalisa Fischer, Yola Schmitz, 2018-03-15 Forgeries are an omnipresent part of our culture and closely related to traditional ideas of authenticity legality authorship creativity and innovation Based on the concept of mimesis this volume illustrates how forgeries must be understood as autonomous

aesthetic practices creative acts in themselves rather than as mere rip offs of an original work of art The proceedings bring together research from different scholarly fields They focus on various mimetic practices such as pseudo translations imposters identity theft and hoaxes in different artistic and historic contexts By opening up the scope of the aesthetic implications of fakes this anthology aims to consolidate forging as an autonomous method of creation

Bunk Kevin Young, 2017-11-14 Longlisted for the National Book Award for Nonfiction There Kevin Young goes again giving us books we greatly need cleverly disguised as books we merely want Unexpectedly essential Marlon James Award winning poet and critic Kevin Young tours us through a rogue's gallery of hoaxers plagiarists forgers and fakers from the humbug of P T Barnum and Edgar Allan Poe to the unrepentant bunk of JT LeRoy and Donald J Trump Bunk traces the history of the hoax as a peculiarly American phenomenon examining what motivates hucksters and makes the rest of us so gullible Disturbingly Young finds that fakery is woven from stereotype and suspicion race being the most insidious American hoax of all He chronicles how Barnum came to fame by displaying figures like Joice Heth a black woman whom he pretended was the 161 year old nursemaid to George Washington and What Is It an African American man Barnum professed was a newly discovered missing link in evolution Bunk then turns to the hoaxing of history and the ways that forgers plagiarists and journalistic fakers invent backstories and falsehoods to sell us lies about themselves and about the world in our own time from pretend Native Americans Grey Owl and Natsirij to the deadly imposture of Clark Rockefeller from the made up memoirs of James Frey to the identity theft of Rachel Dolezal In this brilliant and timely work Young asks what it means to live in a post factual world of truthiness where everything is up for interpretation and everyone is subject to a pervasive cynicism that damages our ideas of reality fact and art

Virginia Woolf Jones Clara Jones, 2015-12-14 Rescues the particularities of Virginia Woolf's political and social participation tracing her career as an activist across forty five years Clara Jones re reads Woolf's fiction and non fiction in light of her examination of the details of Woolf's involvement with Morley College the People's Suffrage Federation the Women's Co operative Guild and the National Federation of Women's Institutes Drawing on extensive archival research into these organisations Jones also positions Woolf's activism with regard to the institutional contexts in which she worked Virginia Woolf Ambivalent Activist demonstrates the degree to which Woolf was sensitive to the internal politics and conflicts of the bodies she was associated with and the ways in which she interrogated her ambivalent attitudes towards her activism throughout her literary career Focusing on texts that represent the range of Woolf's literary output this book includes essays unpublished sketches Woolf's social realist 1919 novel Night and Day and her final visionary novel Between the Acts This approach to Woolf's writing takes an integrated view incorporating her juvenilia and foregrounding Woolf's critically neglected early novels Rather than offering readings of Woolf's well known political works Jones instead uncovers the unexpected ways in which Woolf's activism made its way into unlikely texts Key Features Includes two new transcriptions of material by Woolf the Report on Teaching at Morley College Morley Sketch and the Cook Sketch Provides insights into the

histories of neglected institutions through accounts of Woolf's activism. Explores a range of texts reading across genres with an alertness to class and gender politics in each case.

[A Short History Of Society: The Making Of The Modern World](#) Evans, Mary, 2006-12-01
A brilliant inquiry into culture and society over some seven centuries. Mary Evans explores the origins and trajectories of modernity from the Reformation through the Enlightenment to the contemporary period. Her intellectual control of complex ideas and diverse forms of evidence is consistently impressive. Exploring various pessimistic dystopian strands in European perspectives on modernity by Friedrich Nietzsche, Max Weber and Theodor Adorno, she defends a balanced view of both the negative and positive consequences of modernization. This is historical sociology at its best: judicious, theoretically informed, carefully crafted, grounded in empirical research and above all intellectually clever. *A Short History of Society* will prove to be a valuable companion to the student who needs a concise scholarly and sociological overview of modernity.

Bryan Turner, National University of Singapore
A Short History of Society is a concise account of the emergence of modern western society. It looks at how successive generations have understood and explained the world in which they lived and examines significant events since the Enlightenment that have led to the development of society as we know it today. The book spans the period 1500 to the present day and discusses the social world in terms of both its politics and its culture. This book is ideal for undergraduate students in the social sciences who are perplexed by the myriad of events and theories with which their courses are concerned and who need a historical perspective on the changes that shaped the contemporary world.

The Handbook to the Bloomsbury Group Derek Ryan, Stephen Ross, 2018-06-14
The Handbook to the Bloomsbury Group is the most comprehensive available survey of contemporary scholarship on the Bloomsbury Group, the set of influential writers, artists and thinkers whose members included Virginia Woolf, Leonard Woolf, E. M. Forster, John Maynard Keynes, Vanessa Bell, Clive Bell, Duncan Grant and David Garnett. With chapters written by world-leading scholars in the field, the book explores novel avenues of thinking about these pivotal figures and their works opened up by the new modernist studies. It brings together overview essays with detailed illustrative case studies and covers topics as diverse as feminism, sexuality, empire, philosophy, class, nature and the arts. Setting the agenda for future study of Bloomsbury, this is an essential resource for scholars of 20th-century modernist culture.
