Perspective

Laurel Richardson

The Dynamics Of Sex And Gender A Sociological Perspective

Robert R. Redfield

The Dynamics Of Sex And Gender A Sociological Perspective:

The Dynamics of Sex and Gender Laurel Richardson, 1977 This book provides a scholarly introduction to a wide variety of issues relevant to understanding the relationship between women's social condition and their economic position. The editors offer an interdisciplinary approach with material on sociological, economic, psychological, and historical dimensions of contemporary Western women. Extensive interpretive introductions unify the selections and serve as a learning reinforcement for students.

The Dynamics of Sex and Gender Laurel Richardson, 1977 **Handbook of the Sociology of Gender** Janet Saltzman Chafetz, 2006-11-22 During the past three decades, feminist scholars have successfully demonstrated the ubiquity and omnirelevance of gender as a sociocultural construction in virtually all human collectivities, past and present. Intrapsychic, interactional, and collective social processes are gendered as are micro, meso, and macro social structures. Gender shapes and is shaped in all arenas of social life, from the most mundane practices of everyday life to those of the most powerful corporate actors. Contemporary understandings of gender emanate from a large community of primarily feminist scholars that spans the gamut of learned disciplines and also includes non-academic activist thinkers. However, while incorporating some cross-disciplinary material, this volume focuses specifically on sociological theories and research concerning gender, which are discussed across the full array of social processes, structures, and institutions. As editor, I have explicitly tried to shape the contributions to this volume along several lines that reflect my long-standing views about sociology in general and gender sociology in particular. First, I asked authors to include cross-national and historical material as much as possible. This request reflects my belief that understanding and evaluating the here and now and working realistically for a better future can only be accomplished from a comparative perspective. Too often, American sociology has been both tempero and ethnocentric. Second, I have asked authors to be sensitive to within-gender differences along class, racial, ethnic, sexual preference, and age-cohort lines.

Sex and Gender John Archer, Barbara Lloyd, 2002-07-11 *Sex and Gender* is a substantially revised second edition of a classic text. Adopting a balanced and straightforward approach to the often controversial study of sex differences, the authors aim to introduce the reader to the fundamental questions relating to sex and gender in an accessible way at the same time as drawing on research in this and related areas. New developments which are explored in this edition include the rise of evolutionary psychology and the influence of Social Role Theory, as well as additional psychoanalytic and ethno-methodological approaches which have all contributed to a greater understanding of the complex nature of masculinity and femininity.

Fields of Play Laurel Richardson, 1997 How do the specific circumstances in which we write affect what we write? How does what we write affect who we become? How can we maintain professional and personal integrity in today's university? In a series of traditional and experimental writings, a culmination of ten years of works in progress, Laurel Richardson records an intellectual journey displacing boundaries and creating new ways of reading and writing. Applying the sociological imagination to the writing process, she connects her life to her work.

Deeply engaging movingly written with grace elegance and clarity the book stimulates readers to situate their own writing in personal social and political contexts A Sociological Approach to Health Determinants Toni Schofield,2015-02-03 This book is a comprehensive resource that provides a new perspective on the influence of social structures on health

Reader's Guide to Women's Studies Eleanor Amico,1998-03-20 The Reader's Guide to Women's Studies is a searching and analytical description of the most prominent and influential works written in the now universal field of women's studies Some 200 scholars have contributed to the project which adopts a multi layered approach allowing for comprehensive treatment of its subject matter Entries range from very broad themes such as Health General Works to entries on specific individuals or more focused topics such as Doctors *Sex Education in the Eighties* Lorna Brown,2012-12-06 The odd reader here in England odd means occasional may be interested in how a book comes about Members of the SIECUS Board of Directors were planning a Festschrift and dinner for Mary Calderone on the occasion of her 75th birthday One planning idea was to have a booklet filled with brief essays from prominent sex educators distributed between the roast beef and the ice cream My reaction was that such souvenirs find their burial place in the same dusty drawer as the program from the high school prom and ticket stubs from South Pacific I suggested a more lasting noticeable monument a proper as the English say book which would draw contributions from both SIECUS and non SIECUS scholars 1 was too clever to be trapped as editor in a 1974 preface I had written I swore 1 wouldn't edit another book And so I seduced Lorna Brown into being editor I contacted a few potential contributors suggested a few others convinced Leonard Pace at Plenum Press that this was a worthwhile venture and left the country To my amazement six months after settling in Cambridge England the rough draft of the book arrived along with a reminder from Lorna that during the seduction I had promised to write an Introduction

Feminist Narratives and the Sociology of Religion Nancy Nason-Clark,Mary Jo Neitz,2001 In 14 essays US and Canadian sociologists of religion cultivate the growing gender and feminist consciousness in their profession and challenge established scholars and graduate students to be cognizant of it They combine biography and scholarly pursuits academic rigor and personal passion There is no index c Book News Inc **Gender and Social Psychology** Vivien Burr,2002-09-11 Explaining theory and research in an accessible but thorough manner Gender and Social Psychology critically evaluates the contribution that psychology has made to the study of gender examining key issues such as family roles and parenting inequalities in education jobs and pay and the effects of media representation of the sexes
