Stanley Scislowski

The Gunners Of Canada Volii 1919 1967:

Not All of Us Were Brave Stanley Scislowski, 1997-03-01 This is the story of a young man's journey through World War II. It covers a wide cross section of the strengths and weaknesses of young men not attuned to killing and not mentally prepared to face the horror of seeing their close friends die violent deaths in battle. The story is about the hopes, the prayers, the fears, the daily miseries and even the lighter moments that the aspiring heroes of the Perth Regiment experienced on the Italian front as part of 11th Infantry Brigade 5th Canadian Armoured Division. As the title suggests from his first battle inoculation Private Stan Scislowski realizes he is not destined for the heroic role to which he once aspired. His fears affect him deeply, his burning dream of returning home a national hero becomes more and more improbable and his attempts to come to terms with his unheroic nature make the war as much a mental battle as a physical one. His story is much like that of the overwhelming number of Canadians who found themselves in the cauldron of war serving their country with all the strength they could find even when that strength was fading fast. Not All of Us Were Brave focuses not on the heroes but on the ordinary soldiers who endured the mud, the misery, the ever present fear, the inspiration and the degradation. The narrative holds nothing back; the dirty linen is aired along with the clean; the light is shown alongside the dark. It shows what war is all about.

The Canadian Army & Normandy Campaign John A. English, 2009-08-18 Honest reappraisal of the Canadian experience in Normandy. Special focus on the struggle to close the Falaise Gap. Relies on archival records including Bernard Montgomery's personal correspondence.

Out of the Shadows Brereton Greenhous, W.A.B. Douglas, 1996-07-26 First published in 1977, this accessible general overview of Canada's contribution to the Second World War and of the war's effect on Canada's evolution. This revised edition incorporates new information particularly in the realms of intelligence and cipher, allowing new interpretations of policies and operations. It also makes new judgements on Canadian generalship.

Where the Hell Are the Guns? George Blackburn, 2012-05-08 In *Where the Hell Are the Guns*, author George Blackburn returns to the early years of the Second World War. This volume, which completes Blackburn's award-winning trilogy, extending its coverage to the entire war, brings wartime Canada and England to life in captivating, often comic detail. With the skill of a novelist and the instincts of a seasoned reporter, this gifted storyteller traces the evolution of Canada's 4th Field Regiment from a motley assortment of ill-equipped recruits to the cream of the Allied artillery, more than ready to distinguish itself in the maelstrom of the battle for Normandy. The Second World War comes to a generation of Canadians one sunny September weekend in 1939. It is a Canada woefully unprepared for conflict and the 4th Field Regiment is rapidly assembled from a grab bag of volunteers from all walks of life, many of them mavericks and misfits from a depression-ravaged land. The regiment passes its first year in Canada in makeshift accommodation, including hastily converted stables and pigsties in the exhibition grounds of Ottawa and Toronto. For the first few months, the soldiers must wear incomplete and moth-eaten uniforms from the Great War and their early training is conducted using obsolete equipment or no equipment at all. One year into the war

the regiment arrives in England without weapons or vehicles and a month later with Britain moving toward the greatest crisis in her history the regiment is finally equipped with guns French ones with wooden wheels dating from 1898 From these inauspicious beginnings the regiment slowly evolves with mishap and occasionally mayhem along the way into a proud and polished regiment which in 1942 is declared the best field regiment in Britain By the time the Allied troops land on the beaches in Normandy the boys of 4th Field are more than ready to go to war From the Hardcover edition Out of the Shadows William Alexander Binny Douglas, Brereton Greenhous, 1977 **The Gunners of Canada: 1534-1919** Gerald William Lingen Nicholson, 1967 Bloody Verrières: The I. SS-Panzerkorps Defence of the Verrières-Bourguibus Ridges Arthur W. Gullachsen, 2024-07-09 Detailed examination of how the I SS Panzerkorps faced Anglo Canadian offensives in the area of the Verri res and Bourgu bus ridges during the battle for Normandy South of the Norman city of Caen Verri res Ridge was seen a key stepping stone for the British Second Army if it was to break out of the Normandy bridgehead in late July 1944 Imposing in height and containing perfect terrain for armored operations the Germans viewed it as the lynchpin to their defenses south of the city of Caen and east of the Orne river Following the failure of British Operation Goodwood on 18 20 July and the containment of the Canadian Operation Atlantic further Allied attacks to seize the ridge would have to defeat arguably the strongest German armored formation in Normandy The I SS Panzerkorps Leibstandarte In the second volume of this two volume work the fighting of 23 July 3 August is chronicled in detail specifically the premier Anglo Canadian operation to capture Verri res Ridge Operation Spring on 25 July Designed as an attack to seize the ridge and exploit south with armor this battle saw the 2nd Canadian Corps attack savaged again by German armored reserves brought in specifically to defeat another Goodwood Not satisfied with this defensive victory German armored forces would then seek to restore an earlier defensive line further north attacking to destroy the 2nd Canadian Infantry Division Largely unknown these were some of the strongest and most successful German armored operations to take place in the Normandy campaign **Korea** John Melady, 2011-12-10 In this revised edition men from the army navy and air force are honoured for their bravery in the Korean War The Korean War 1950 53 forms a little known but exciting part of Canada s military history The heroism and sacrifice of Canadians who fought in this conflict as part of the United Nations force has often been ignored In this lively anecdotal book John Melady combines archival material and interviews with many Korean veterans The result is a vivid intensely human account of the war from its first days to heroic battles such as Kapyong to fascinating and more obscure incidents such as the Kojé prison camp insurrection as well as personal stories of doctors POWs and journalists who witnessed the conflict including Pierre Berton and Rene Levesque The men from across Canada who served and fought were forever changed by what they saw and experienced in this faraway land Army navy air force all receive their share of long overdue praise in this important book which was originally published in 1983 but is now fully revised Gunners in Normandy Major Frank Baldwin, Lieutenant Colonel Will Townend, 2020-03-31 The official account of the Royal Artillery s

activities in the Normandy campaign this volume breaks down the historic achievements of the Regiment integrating newly published research with a detailed account of their activities logistics and equipment in the offensive Essential for currently serving members of the Royal Artillery Gunners in Normandy includes mention of every regiment that served a Roll of Honour and a list of the dead by unit This book presents the definitive record of events assembled from interviews with veterans papers and documents from the Firepower Archives terrain studies personal memoirs war diaries and other official documents Serious students of the battle for Normandy should find this essential reading with comprehensive coverage of the role of the Royal Artillery and much material not published anywhere else including orders of battle the details of targets engaged by the guns and their effectiveness

The Imperial Army Project Douglas E. Delaney, 2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked

The Defeat and Attrition of the 12. SS-Panzer-Division "Hitlerjugend" Arthur W. Gullachsen, 2024-08-31 Following his two volume work Bloody Verrieres Arthur W Gullachsen has again written a fantastic book this time covering the opening days of the Normandy battles involving the Allied Forces and the Hitlerjugend Division His attention to detail regarding the units fighting between the 6 6 44 to the 11 6 44 is immense Russell A Hart Ph D Professor of History Hawai i Pacific University and author of Clash of Arms How the Allies Won in Normandy Following the Normandy invasion of 6 June 1944 Heersgruppe B under German Generalfeldmarschall Erwin Rommel rushed reserves to the newly created bridgehead in order to crush it and drive the Allied forces into the sea One of these armored reserves was the newly created 12 SS Panzer Division Hitlerjugend Extremely well equipped and at near full strength by mid 1944 standards it was seen as an extremely capable formation that could defeat any Allied invasion During this period studied in this volume 7 11 June 1944 the 12 SS Panzer Division attempted to capture and hold the battlefield initiative and in conjunction with other Panzer Divisionen throw what would become the Second British Army into the sea The main thesis presented will be that despite this division s best efforts it was defeated by a firm Allied defence that repulsed their offensive operations eventually

robbing the Germans of the initiative in a grinding series of bridgehead battles This first volume will study combat in the period 7 11 June 1944 in the eastern sector of the Normandy Bridgehead Chapters will analyze the Anglo Canadian D Day assault and the deployment of the division then analyze in detail the fighting of the Hitlerjugend in the following areas northern Caen Putot Bretteville l Orgueilleuse Norrey en Bessin Hill 103 Le Mesnil Patry and finally Rots Also studied will be contrasting German and Anglo Canadian tactical doctrine the influence of tactical airpower and the war crimes committed by the Hitlerjugend immediately after the invasion The conclusion will reinforce the thesis presented above and a detailed set of appendices will analyze German personnel equipment and armored losses during the battles and losses inflicted on the Allies This will be Volume 1 of a planned multi volume commitment

The Maritime Defence of Canada Roger Flynn

Canada and the Second World War Geoffrey Hayes, Mike Bechthold, Matt Symes, 2013-02-01 Terry Copp s tireless teaching research and writing has challenged generations of Canadian veterans teachers and students to discover an informed memory of their country s role in the Second World War This collection drawn from the work of Terry s colleagues and former students considers Canada and the Second World War from a wealth of perspectives Social cultural and military historians address topics under five headings The Home Front The War of the Scientists The Mediterranean Theatre Normandy Northwest Europe and The Aftermath The questions considered are varied and provocative How did Canadian youth and First Nations peoples understand their wartime role What position did a Canadian scientist play in the Allied victory and in the peace Were veterans of the Mediterranean justified in thinking theirs was the neglected theatre How did the Canadians in Normandy overcome their opponents but not their historians Why was a Cambridge scholar attached to First Canadian Army to protect monuments And why did Canadians come to commemorate the Second World War in much the same way they commemorated the First The study of Canada in the Second World War continues to challenge confound and surprise In the questions it poses the evidence it considers and the conclusions it draws this important collection says much about the lasting influence of the work of Terry Copp Foreword by John Cleghorn

Restraint In Urban Warfare: The Canadian Attack On Groningen, Netherlands, 13-16 April 1945 Major Jeffrey D. Noll U.S. Army, 2014-08-15 Urban terrain presents significant tactical challenges to attacking armies limiting weapons effects and mobility while disrupting formations and command and control The human terrain in cities creates a tactical dilemma placing large civilian populations in close proximity to the fighting The issue of restraint in urban warfare has been described as a modern phenomenon with urban warfare in World War II characterized as unlimited In April 1945 however the Canadian Army limited its firepower

while attacking the city of Groningen Netherlands to limit damage and civilian casualties This thesis examines the reasons for these restraints and the methods used to balance those restraints with accomplishment of the mission The Canadians limited their use of force for political reasons based on intent from the British They accomplished their mission due to intelligence gained from the friendly population local fire superiority gained by tanks and flamethrowers and the ineffectiveness of the poorly organized and equipped German defense This thesis provides a historical case study of the reasons for restraint in urban warfare and the tactical challenges associated with such limitations

Monty and the Canadian Army John A. English, 2021-10-01 General Bernard Law Montgomery affectionately known as Monty exerted an influence on the Canadian Army more lasting than that of any other Second World War commander In 1942 he assumed responsibility for the exercise and training of Canadian formations in England and by the end of the war Canada's field army was second to none in the practical exercise of combined arms In *Monty and the Canadian Army* John A. English analyses the way Montgomery's operational influence continued to permeate the Canadian Army For years the Canadian Army remained a highly professional force largely because it was commanded at almost every lower level by Monty men steeped in the Montgomery method The era of the Canadian Army headed by such men ceased with the integration and unification of Canada's armed forces in 1964 The embrace of Montgomery by Canadian soldiers stands in marked contrast to largely negative perceptions held by Americans *Monty and the Canadian Army* aims to correct such perceptions which are mostly superficial and more often than not wrong and addresses the anomaly of how this gifted general one of the greatest field commanders of the Second World War managed to win over other North American troops

The Guns of Normandy George Blackburn, 2012-03-26 In the weeks after D Day the level of artillery action in Normandy was unprecedented In what was a relatively small area both sides bombarded each other relentlessly for three months each trying to overwhelm the other by sheer fire power *The Guns of Normandy* puts the reader in the front lines of this horrific battle In the most graphic and authentic detail it brings to life every aspect of a soldier's existence from the mortal terror of impending destruction to the unending fatigue to the giddy exhilaration at finding oneself still inexplicably alive The story of this crucial battle opens in England as the 4th Field Regiment receives news that something big is happening in France and that after long years of training they are finally going into action The troop ships set out from besieged London and arrive at the D Day beaches in the appalling aftermath of the landing What follows is the most harrowing and realistic account of what it is like to be in action as the very lead man in the attack an artillery observer calling in fire on enemy positions The story unfolds in the present tense giving the uncomfortably real sense that You are here The conditions under which the troops had to exist were horrific There was near constant terror of being hit by incoming shells prolonged lack of sleep boredom weakness from dysentery sudden and gruesome deaths of close friends and severe physical privation and mental anguish And in the face of all this men were called upon to perform heroic acts of bravery and they did Blackburn provides genuine insight to the nature of military service for the average

Canadian soldier in the Second World War something that is all too often lacking in the accounts of armchair historians and television journalists The result is a classic account of war at the sharp end From the Hardcover edition **On the Way!** Christopher R. Kilford,2004 On the Way is a military history of Lethbridge Alberta during two world wars including the untold story of efforts to de Nazify German prisoners held in Lethbridge and Canada during the Second World War

Halifax at War William Naftel,2008-10-15 A history of Halifax s extraordinary role in the Second World War **21 Days in Normandy** Angelo Caravaggio,2016-08-30 Right s some of the injustices done to the Canadians on their maligned actions during the Invasion of Normandy An absorbing account Firetrench The Canadian Fourth Armoured Division crossed the Channel in July 1944 to support the invading forces and assist in the Allied attempts to break out of the Normandy beachhead They were heavily engaged in Operation Totalize and Operation Tractable but have been criticized for their failure to close the Falaise gap and complete the entrapment of withdrawing German forces Their commander Major General George Kitching was relieved of his command after just twenty one days in action Angelo Caravaggio reexamines the division s performance and particularly that of its leadership Using new information he establishes that despite entering battle for the first time during one of the most challenging phases of Allied operations in August 1944 the 4th Armoured Division under Kitching s leadership proved resilient and adaptive in overcoming the volatile and unpredictable nature of warfare in Normandy The combat operations of August 1944 transformed the division into a battle hardened combat formation that would later distinguish itself through its ability to generate a sustained drive across France out of the chaos and destruction of the Normandy battles The author uses new information to demonstrate the unit did show flexibility and adapted to the battlefield quickly despite being thrown into battle during one of the Normandy Campaign s critical phases His arguments are detailed and based upon in depth research and the book has many detailed maps to help the reader follow the action Warfare History Network The Writers Directory ,1976
