## **The Health And Social Care Divide The Experiences Of Older People:**

Working with Older People John Harris, Denise Tanner, 2007-10-11 Working with older people has become an increasingly important part of social work education and practice Whether studying community care adult services human growth and development or social work processes and interventions this book will be a vital source of information and help Working with Older People provides a framework of knowledge skills and values pertinent to qualifying social work courses and the new post qualifying award in Social Work with Adults including discussion of ideas about human development and theories of older age legislation social policy and social welfare skills for working with older people assessment and care planning partnership working Written by two experienced educators and practitioners this key text facilitates individual or group learning through features such as objectives for each chapter case studies and further reading suggestions There are numerous activities throughout the book and the final chapter contains pointers to consider for all of the activities It will be essential reading for social work students and qualified social workers

*The Care and Wellbeing of Older People* Angela Kydd, Tim Duffy, Raymond Duffy, 2009-03-15 PART ONE 1 Values what older people have told us 2 Policy and politics disadvantaged 3 Sociology disadvantaged 4 Person centred care PART TWO 5 Communication 6 Promoting dignity and compassionate care for older people in hospital 7 Assessment and care planning 8 Involving relatives and carers 9 Advocacy and rights 10 Protecting older vulnerable adults 11 Inter professional working PART THREE 12 Lifestyle major physical and mental health risks 13 Promoting mental health and wellbeing 14 Promoting physical health 15 Transitions 16 Palliative care death and bereavement 17 Medicines concordance 18 The homeless 19 Life in care 20 Social networks Conclusion Glossary References

*The Health and Social Care Divide* Jon Glasby, Rosemary Littlechild, 2004 By focusing specifically on the experiences of older people an especially vulnerable group when divisions emerge between health and social care providers the authors are able to highlight in detail issues and recommendations that are applicable in a wide range of settings

*Social Work with Older People* Karin Crawford, Janet Walker, 2008-08-08 This second edition looks in detail at the role of the social worker who engages with older people It enables the reader to develop the key skills required to understand the mental and physical needs of older people in society while encouraging plenty of discussion and critical independent thought Furthermore this book is a source of contemporary research and offers the reader insights into government legislation and policy It is an essential read for any student who wants to develop a distinctive focus on social work with older people

**Social Work with Older People** Mark Lymbery, 2005-11-03 This book provides an up to date and authoritative overview of the development of social work with older people in the UK The coherent structure draws together the key themes involved in working with older people and clearly demonstrates how to translate these into real life practice Key features of the book include Establishes an understanding of the policy context within which social work takes place with particular attention to key topics such as inter professional collaboration and ethics Goes beyond other textbooks to challenge the

restricted nature of social work practice and adopts a positive view of its potential to benefit older people An engaging and practice led approach which includes student friendly features and detailed practice scenarios Satisfies the curriculum benchmarks and National Occupational Standards that structure social work training and practice Written by a leading academic this is a key text for social work trainees Its analytical depth will ensure that it will also be valuable for students undertaking post qualifying courses and for those in related disciplines such as health and community care social policy and social gerontology Its practice based and inter professional approach will mean it is also useful for health and social care practitioners seeking to improve the quality of practice with older people Drawing on both theory and research as well as the author s clear knowledge of current practice this book is able to deal with practice realities in ways which many texts cannot It offers social workers realistic options for how to approach their work Karen Postle University of East Anglia **Oxford Textbook of Old Age Psychiatry** Tom Dening, Alan Thomas, 2013-09-26 Broad in scope and with global appeal The Oxford Textbook of Old Age Psychiatry second edition is the definitive resource on old age psychiatry It comprehensively provides the latest knowledge on the science and practice of treating later life mental disorders focusing on the health and social issues that arise around ageing dementia co morbidity dependency and the end of life in progressively ageing societies across the world Published in previous incarnations as the much loved Psychiatry in the Elderly this core resource for all old age psychiatrists trainees and other clinical professionals treating older people s mental health has been fully revised updated and significantly expanded Twelve months inclusive access to the online version including the full text which can be browsed by the contents list index or searched links from references to external sources via PubMed ISI and CrossRef and the ability to download all figures and illustrations into PowerPoint ensures that it remains the leading text on old age psychiatry in the field Maintaining the classic combination of comprehensive coverage clear writing style and the provision of authoritative and up to date information from earlier editions this highly respected volume covers the underpinning basic science both the neurobiological and social varieties clinical practice and specific disorders as well as providing information on psychiatric services for older people and medico legal and ethical issues that often present hard challenges for those treating older patients Taking a global approach by highlighting both the common burdens and the differences in management from country to country and with a much expanded cast of contributors providing a truly international perspective The Oxford Textbook of Old Age Psychiatry second edition includes information on all the latest improvements and changes in the field New chapters are included to reflect the development of old age care covering palliative care the ethics of caring and living and dying with dementia Existing chapters have also been revised and updated throughout and additional information is included on brain stimulation therapies memory clinics and services and capacity which now includes all mental capacity and decision making Providing extensive coverage and written by experts the field the second edition of the Oxford Textbook of Old Age Psychiatry is an essential resource no old age psychiatrist trainee or anyone

working in the field of mental health care for older people should be without a copy on their bookshelf *Hospital Discharge* Jon Glasby,2003 Inefficient and inappropriate discharges of patients from hospitals is a major problem for hospitals social services and primary care This clear and concise guide examines the reasons for difficulties of hospital discharge and considers the possible solutions It provides a comprehensive overview of policy frameworks practice issues and research findings highlighting the range of problematic hospital discharges that can occur Current health and social policies are evaluated and typical individual organisational and structural barriers are examined It is invaluable for all those who have to make informed decisions regarding hospital discharge including doctors nursing managers and healthcare managers throughout primary and secondary care as well as social care managers and staff and policy makers and shapers Social Work With Older People: Approaches To Person-Centred Practice Hall, Barbara,Scragg, Terry,2012-03-01 This text fills a gap for an accessible textbook which takes a person centred approach to working with older people by providing readers with a basic knowledge of policy legislation theory and research *Intermediate Care of Older People* Siân Wade,2006-02-22 Intermediate care has become a buzzword within health and social care over the last few years Seen as the panacea for a number of woes particularly for older people intermediate care has been held up as a way forward within contemporary health and social care This text explores in detail what is understood by the concept of intermediate care and in particular ways in which the needs of older people can be best met by this new range of services Initial discussion centres on the concept of intermediate care and the motives for its development This is followed by a summary of the range of intermediate care services that have been developed with a discussion of some of the confusion that surrounds the concept The debate then moves on to centre on older people discussing first why older people have come to be perceived as one of the main client groups that may benefit from intermediate care and then how intermediate care could be developed to better serve their needs An overview of ageing and the uniqueness of older people is then provided followed by an exploration of some of the challenges faced by older people within society and how this has extended into the delivery of health and social care Understanding Health and Social Care Jon Glasby,2017-01-18 This engaging and accessible text now in its third edition provides a comprehensive introduction to health and social care This new edition has been updated to cover recent developments including the integrated care agenda potential regional devolution and austerity **Social Aspects Of Health, Illness And Healthcare** Larkin, Mary,2011-01-01 This book provides a comprehensive and contemporary exploration of a wide range of topics within the social aspects of health illness and healthcare It explores and explains the different relationships between social categories and health different experiences of illness and the role of the healthcare provider in society rear cover *Primary Care and Social Services* Kirstein Rummery,2023-05-31 Health policy emphasises the role of primary and community based services in achieving strategic change throughout the NHS However despite lead roles assigned to social service departments and residential and nursing home care services difficulties remain in achieving

closer working relationships This book is a concise guide to the new initiatives in this area including models and practical examples It covers the recent developments encouraging partnerships between health and social care services and is essential reading for all those involved in primary care and the social services especially those with an interest in the care of older people The National Primary Care Research and Development Centre series provides policy makers commissioners managers primary care professionals and user organisations with up to date multi disciplinary research on important issues that inform future decision making for primary care development

*Social Work: Themes, Issues and Critical Debates*  
Robert Adams, Lena Dominelli, Malcolm Payne, 2017-09-16 Social Work Themes Issues and Critical Debates one of the most respected and widely used textbooks in social work has now been completely revised and updated With its accessible and clearly structured framework the book offers expert discussion of the core topics in social work by top writers teachers and practitioners in the field It provides an essential grounding in the debates that shape the profession as well as a clear insight into the issues at the heart of practice What makes this highly regarded and bestselling book stand out from other texts Its range authority and theoretical integrity Its clear and effective structure which reflects major shifts in teaching and makes it easy to use across modules The importance it lays on practice based learning and on developing core practice skills such as communication assessment and intervention Its value as a springboard to further reading including extensive guidance on further print and electronic sources Its compact size perfect for readers who are travelling between campus and practice settings This is one of three interrelated books edited by the internationally renowned and widely published team Robert Adams Lena Dominelli and Malcolm Payne The companion books are *Critical Practice in Social Work* second edition and *Practising Social Work in a Complex World* Each book can be used alone or in combination with the other two as a uniquely flexible and comprehensive programme of study

Social Work Mark Lybery, Karen Postle, 2007-04-13 characterise social work courses and the issues involved in continuing professional development

Sharing Assessment in Health and Social Care  
Carolyn Wallace, Michelle Davies, 2009-09-18 This is an accessible and important text It is to be commended for bringing together policy and practice on assessment and information sharing across England Scotland and Wales Professor Michael Preston Shoot University of Bedfordshire This new text is a welcome addition to the literature relating to inter professional working It offers students from a range of professions a comprehensive guide to current social policy and authoritative guidance on how to conduct a safe and effective assessment Soo Moore City University London Shared assessment is the standardised approach to assessment and the sharing of information and documentation within and between health and social care This book offers students and practitioners a step by step guide to the process helping them to overcome some of the anxieties of change and providing realistic guidance on the process Key features of the book include Comprehensive coverage follows a logical structure looking at context policy and practice A focus on the practitioner s understanding of an individual s experience and the roles of staff within the process Discussion of confidentiality and anti discriminatory practice

Four chapter long case studies that take the reader through the stages of assessment and subsequent roles and responsibilities The book includes pedagogical features such as a glossary of terms a Comparative Grid for Standardised Assessment Frameworks examples of carers assessments reflective questions and further reading It is essential reading for students and practitioners working across health and social care particularly in social work nursing and mental health

Foundations of Health and Social Care Robert Adams,2007-07-20 Written specifically for students and practitioners in health and social care taking foundation degrees or further professional qualifications this textbook offers a wealth of material on contexts knowledge bases skills and practices as well as dealing with work carried out by those involved in treatment therapy advocacy and management Written in very accessible style this very comprehensive book is set to become a core text for all Foundation Degree students within the health and social care field and a very valuable resource for tutors and practitioners in the field

What is Professional Social Work? Malcolm Payne,2006-07-26 What is Professional Social Work is a now classic analysis of social work as a discourse between three aspects of practice social order therapeutic and transformational perspectives It enables social workers to analyse and value the role of social work in present day multiprofessional social care This completely re written second edition explores social work s struggle to meet its claim to achieve social progress through interpersonal practice Important features of this new edition include practical ways of analysing personal professional identity understanding how social workers embody their profession in their practice with other professionals detailed analysis of current and historical documents defining social work and social care analysis of values agencies and global social work This new edition will stimulate social workers students and policy makers in social care to think again about the valuable role social work plays in society

**International Perspectives on Health and Social Care** Jon Glasby,Helen Dickinson,2009-11-09 Partnership Working in Health and Social Care adopts a thematic approach to health and social care partnerships With chapters by leading international commentators the book covers key topics in partnership with a dual focus on both policy and practice

Introducing Social Policy Cliff Alcock,Guy Daly,Edwin Griggs,2014-06-06 The completely revised second edition of this highly respected textbook provides a comprehensive yet digestible and accessible introduction to the theoretical foundations development and crucial areas of contemporary concern in social policy and welfare Fully up to date it provides a concise but thorough overview of the context for the provision of social welfare in contemporary Britain and beyond Providing an integrated framework to highlight the relationships between theory policy and practice Introducing Social Policy examines social policy from a multi disciplinary perspective It therefore encourages a broad understanding of the importance of the subject within social policy itself as well in social work healthcare education and beyond

**Making Social Policy Work** John Hills,Julian Le Grand,David Piachaud,2007-10-31 Social policy is now central to political debate in Britain What has been achieved by efforts to improve services and reduce poverty What is needed to deliver more effective and popular services to all and increase social justice How can we make

social policy work These are some of the questions discussed in this new and wide ranging collection of essays by a distinguished panel of leading social policy academics The book covers key issues in contemporary social policy particularly concentrating on recent changes It examines the history and goals of social policy as well as its delivery focusing in turn on the family and the state schools higher education healthcare social care communities and housing Redistribution is also examined exploring child poverty pension reform and resources for welfare The essays in this collection have been specially written to honour the 70th birthday of Howard Glennerster whose pioneering work has been concerned not only with the theoretical historical and political foundations of social policies but crucially with how they work in practice It is a collection of primary importance for those working in and interested in policy and politics in a wide variety of fields and for students of social policy public policy and the public sector
