The American People In The Industrial City The American People:

The American People in the Industrial City Susan Allmendinger,1973 *The American People in the Great Depression* David M. Kennedy,2003-11-20 On October 24 1929 America met the greatest economic devastation it had ever known In this first installment of his Pulitzer Prize winning *Freedom from Fear* Kennedy tells how America endured and eventually prevailed in the face of that unprecedented calamity Kennedy vividly demonstrates that the economic crisis of the 1930s was more than a reaction to the excesses of the 1920s For more than a century before the Crash America's unbridled industrial revolution had gyrated through repeated boom and bust cycles consuming capital and inflicting misery on city and countryside alike Nor was the alleged prosperity of the 1920s as uniformly shared as legend portrays Countless Americans eked out threadbare lives on the margins of national life Roosevelt's New Deal wrenched opportunity from the trauma of the 1930s and created a lasting legacy of economic and social reform but it was afflicted with shortcomings and contradictions as well With an even hand Kennedy details the New Deal's problems and defeats as well as its achievements He also sheds fresh light on its incandescent but enigmatic author Franklin D Roosevelt Marshalling unforgettable narratives that feature prominent leaders as well as lesser known citizens *The American People in the Great Depression* tells the story of a resilient nation finding courage in an unrelenting storm *The American People in the Industrial City* Susan Allmendinger,1973
