

THE ANJOINTED ONE

A faint, circular seal of the State of Nevada is visible in the background. It features a landscape with a mountain, a river, and a ship. The words "THE GREAT STATE OF NEVADA" are inscribed around the top, and "ALL FOR OUR COUNTRY" is at the bottom.

The Anointed One An Inside Look At Nevada Politics

Michael W. Bowers

The Anointed One An Inside Look At Nevada Politics:

The Anointed One Jon Ralston, 2000 Kenny Guinn was elected the governor of Nevada in a 1998 landslide But the outcome was determined long before a single voter stepped into a polling booth Nevada s foremost political reporter Jon Ralston argues that the power and money of the casino industry combined with the behind the scenes string pulling of a powerful and ruthless cabal of political insiders render important Nevada elections a mere formality Guinn had never before been on a ballot But he had cultivated the right friends served on the right boards and paid decades worth of political dues Thus when he decided to call in his markers the powers that anoint paid off **The Sagebrush State, 4th Ed** Michael W. Bowers, 2013-11-13 Nevada s politics have been formed in large measure by its turbulent history and harsh environment Bowers concise volume explains the dynamics of this process which is strikingly unique among the fifty states This is a readable and insightful explanation of how Nevada s history has formed its political culture and how its government works today The Sagebrush State includes the full text of the state constitution with extensive annotations of all amendments to the original 1864 document The Sagebrush State serves as a text for the study of Nevada s history and constitution which is a graduation requirement at the state s colleges and universities The fourth edition of this work is updated through 2012 to include information on the elections of 2010 and 2012 and recent controversial sessions of the Legislature **The Sagebrush State, 6th Edition** Michael W. Bowers, 2021-07-29 Nevada s politics are in large measure the result of its turbulent history and harsh environment Michael W Bowers s concise volume explains the dynamics of the political formation process which is strikingly unique among the fifty states Even today Nevada is unlike the other states in its politics and culture economically right yet libertarian and home to widespread gaming and a 24 7 lifestyle It has a high percentage of federally owned lands and one of the highest rates of urbanism in the United States yet is often dominated by rural legislators The sixth edition is updated through 2020 and includes the full text of the state constitution with extensive annotations of all amendments to the original 1864 document **The Sagebrush State, 3d Edition** Michael W. Bowers, 2012-05-15 Since its publication in 1996 The Sagebrush State has served as the text for the required course on Nevada s history and constitution given at the state s colleges and universities The third edition of this work is updated through 2005 to include information on the elections of 2002 and 2004 and two very controversial sessions of the legislature The full text of the state constitution is provided for reference in an appendix and includes extensive annotations that note and explain amendments and other changes made to the original 1864 document **The Sagebrush State, 7th Edition** Michael W. Bowers, David F. Damore, 2025-05-30 A dynamic study of Nevada s government and politics from the state s inception to the present day Starting with Michael W Bowers s first edition published in 1996 this concise volume explains the unique dynamics of Nevada s formation and its political and economic development David F Damore continues this legacy in the book s seventh edition by describing how even today Nevada is unlike the other states in its politics and culture economically conservative and averse to strong state

government yet socially libertarian and home to widespread gaming anchored by a 24/7 industry Nevada has the highest percentage of federally owned lands and one of the highest rates of urbanization in the United States yet it has often been dominated by rural legislators This comprehensive and insightful volume examines how Nevada's history and founding have shaped its political culture and how its government operates today The Sagebrush State serves as a highly readable and accessible text for the study of Nevada's political history and constitution The seventh edition is updated through 2023 and includes the results of the 2022 elections policies advanced during the 2023 legislative session and Nevada's continuing recovery from the impacts of the COVID-19 recession The full text of the state constitution with extensive annotations of all amendments to the original 1864 document is provided as an appendix *The Sagebrush State, 5th Edition* Michael W. Bowers, 2018-08-15 Nevada's politics are in large measure the result of its turbulent history and harsh environment Michael W Bowers concise volume explains the dynamics of the political formation process which is strikingly unique among the fifty states Even today Nevada is unlike the other states in its politics and culture it's economically right yet libertarian the home of widespread gaming and a 24/7 lifestyle has a high percentage of federally owned lands and has one of the highest rates of urbanism in the U S yet is often governed by rural legislators This comprehensive and insightful explanation discusses how Nevada's history has shaped its political culture and how its government operates today The Sagebrush State serves as a highly readable and accessible text for the study of Nevada's political history and constitution which is a graduation requirement at the state's colleges and universities The fifth edition is updated through 2017 and includes the full text of the state constitution with extensive annotations of all amendments to the original 1864 document *Jews in Nevada* John P. Marschall, 2011-03-28 Jews have always been one of Nevada's most active and influential ethnic minorities They were among the state's earliest Euro American settlers and from the beginning they have been involved in every area of the state's life as businessmen agrarians scholars educators artists politicians and civic professional and religious leaders Jews in Nevada is an engaging multilayered chronicle of their lives and contributions to the state Here are absorbing accounts of individuals and families who helped to settle and develop the state as well as thoughtful analyses of larger issues such as the reasons Jews came to Nevada in the first place how they created homes and interacted with non Jews and how they preserved their religious and cultural traditions as a small minority in a sparsely populated region **Political Mercenaries** Lindsay Mark Lewis, Jim Arkedis, 2014-10-21 When Bill Clinton defeated George H W Bush in 1992 their campaigns spent a total of 192 million combined In 2012 Barack Obama and Mitt Romney spent over 7 billion including outside funding from superPACs nearly 37 times more than just 20 years earlier All that money didn't appear out of thin air In Political Mercenaries Lindsay Mark Lewis tells the outrageous tale of the fledgling days of fundraising and how he raised over 200 million for the Democratic Party its candidates and its causes over a fifteen year career Sure to raise the eyebrows of everyone from ordinary citizens to Citizens United he pulls back the veil of secrecy that has shrouded the relationships between politicians

and their financial backers in this thought provoking and laugh out loud insider account The outrageous Lewis starts off as a wide eyed 22 year old who thinks raising political money is a means to an end helping Democrats win Lewis tactics aren't for the faint of heart Along the way he launders 40 000 from an allegedly murdered casino mogul smuggles marijuana and passes an Elvis impersonator off as Bill Clinton But he becomes increasingly conflicted as he continues to sell access to politicians in exchange for ever larger checks and a loss of control over the party's priorities Lewis eventually rises to his party's top fundraising post at the Democratic National Committee and attempts to redeem himself by waging an ultimately losing battle against the party's elite billionaire donors who force him out Contrary to conventional wisdom Lewis and co author Jim Arkedis conclude that the real damage isn't the raw amount of money spent on elections but rather the amount of time politicians spend raising it It's time they should spend governing And Lewis lays much of that blame at the feet of the Democratic Party who sold out not to corporate or lobbying interests but to a very few liberal wealthy elites **Nevada's**

Great Recession Elliott Parker, 2017-07-26 Of all economic recessions experienced by the United States in the postwar period the Great Recession that began in 2008 was the deepest longest and most destructive Nevada was among the hardest hit states its people reeling from the aftereffects and the state government also experiencing a severe fiscal crisis University of Nevada economics professor Elliott Parker and then State Treasurer Kate Marshall make sense of what went wrong and why with the hope the state will learn lessons to prevent past mistakes from being made again This is a different kind of economics book Parker uses his expertise from doing research on the East Asian fiscal crisis to give profound insights into what happened and how to avoid future catastrophes Marshall personalizes it by providing vignettes of what it was actually like to be in the trenches and fighting the inevitable political battles that came up and counteracting some of the falsehoods that certain politicians were spreading about the recession Parker and Marshall's book should be required reading for not only every single elected official in Nevada but for any private citizen who cares about the public good *More Peoples of*

Las Vegas Jerry L Simich, Thomas C. Wright, 2010-03-15 The remarkable economic growth of Las Vegas between 1980 and 2007 created a population boom and a major increase in the ethnic and religious diversity of the city Today over 21 percent of the city's population is foreign born and over 30 percent speak a language other than English at home The local court system offers interpreters in 82 languages and in 2005 2006 for example more than 11 000 people originating from 138 countries were naturalized there as American citizens *More Peoples of Las Vegas* extends the survey of this city's cosmopolitan population begun in *The Peoples of Las Vegas* University of Nevada Press 2005 As in the previous book this volume includes well established groups like the Irish and Germans and recently arrived groups like the Ethiopians and Guatemalans Essays describe the history of each group in Las Vegas and the roles they play in the life and economy of the city The essays also explore the influence of modern telecommunications and accessible air travel showing how these factors allow newcomers to create transnational identities and maintain ties with families and culture back home They also examine

the role of local institutions including clubs religious organizations shops restaurants and newspapers and other media in helping immigrants maintain their ethnic and religious identities and in disseminating national and even regional cultures of origin More Peoples of Las Vegas adds to our awareness of the rich and varied ethnic and religious character of Las Vegas In a broader context it offers thoughtful perspectives on the impact of globalization on a major American city and on the realities of immigrant life in the twenty first century

All the Water the Law Allows Christian S. Harrison,2021-08-12 As the population of the greater Las Vegas area grows and the climate warms the threat of a water shortage looms over southern Nevada But as Christian S Harrison demonstrates in *All the Water the Law Allows* the threat of shortage arises not from the local environment but from the American legal system specifically the Law of the River that governs water allocation from the Colorado River In this political and legal history of the Las Vegas water supply Harrison focuses on the creation and actions of the Southern Nevada Water Authority SNWA to tell a story with profound implications and important lessons for water politics and natural resource policy in the twenty first century In the state with the smallest allocation of the Colorado s water supply Las Vegas faces the twin challenges of aridity and federal law to obtain water for its ever expanding population *All the Water the Law Allows* describes how the impending threat of shortage in the 1980s compelled the five metropolitan water agencies of greater Las Vegas to unify into a single entity Harrison relates the circumstances of the SNWA s evolution and reveals how the unification of local county and state interests allowed the compact to address regional water policy with greater force and focus than any of its peers in the Colorado River Basin Most notably the SNWA has mapped conservation plans that have drastically reduced local water consumption and in the interstate realm it has been at the center of groundbreaking water sharing agreements Yet these achievements do not challenge the fundamental primacy of the Law of the River If current trends continue and the Basin States are compelled to reassess the river s distribution the SNWA will be a force and a model for the Basin as a whole
