expedition of the entire 18th century During the next 126 years the struggle to develop and refine geographic knowledge of the vast region comprising northeastern Asia the North Pacific and Alaska met with many obstacles including inclement weather the chain of supply over great distances the need to train expert navigators and cartographers and false leads due to spurious voyage accounts For much of this era critical geographic knowledge was kept as a state secret in Russia and not shared even with the very navigators and cartographers who were developing much needed maps and navigational aids Despite this a rich cartographic heritage developed to be carried forward into the American era The traditional Russian cartographic methods were applied to new discoveries in Siberia and beyond Early fur traders and explorers utilized this system which for a time co existed with the new cartographic methodology utilized in Europe and adopted for use by the Russia of Peter the Great It became an age of scientific exploration Great Britain France Spain but especially Russia sent expeditions An increasingly complete knowledge of the coasts of North America with forays into the interior emerged Postnikov describes the explorations and richly illustrates how the resulting maps evolved and contributed to the world's knowledge of one of the last great regions of the world to be explored *Survival or Extinction?* Bridget Martin, 2019-05-02 Written with passion for anyone interested in seeing an end to the illegal trade in elephant ivory and rhino horn this book shows how by working together people all over the world who care about these animals are gradually bringing about change for the better It takes an overview of how the current situation came to pass by exploring poaching and its devastating consequences and the pivotal role of organized crime The discussion of how matters are starting to improve covers the investigation and monitoring of ivory markets sustainable uses and the key role of local communities Enforcement of the law is vital in this story Enter the enforcers the technology they use to defeat the poachers and the evidence they require to prosecute offenders Cases some deeply shocking are included as well as a number of fascinating case studies while the exploits of organized crime gangs make lively as well as disturbing reading Throughout the message is clear We can and must save these animals from extinction **Guide to the Antique Shops of Britain** Antique Collectors' Club, 2004

Dinosaur Derivatives and Other Trades Jeremy Josse, 2015-01-20 Venture deep into the heart of finance's weird and wonderful paradoxes *Dinosaur Derivatives and Other Trades* is an entertaining and compelling tour de force highlighting the paradoxes inherent to the modern financial system Presented as a series of striking case studies this book explores certain enigmatic or philosophical puzzles in the finance industry some of these puzzles may seem slightly absurd at first glance but all are very relevant to the way finance is conducted in the real world Each story highlights specific hypocrisies or moral dilemmas that lie at the heart of the system guiding readers through the challenges of finance by way of innovative and memorable paradigms Written in clear accessible language this book doesn't claim to offer original financial theory or philosophy as such but instead deepens the reader's understanding of the system and stimulates independent consideration of the current state of affairs The financial world so often viewed as a rather dull place is secretly alive with possibilities of

strange and sometimes wonderful conundrums There is the possibility for instance of a Manhattan auction house selling derivatives to buy swift swimming predators known as Megalodons thought to be extinct for millions of years This book explores this and other curious propositions to point out the paradoxes of finance Explore the meaning of value in different contexts Learn what the Old Testament can teach us about risk and uncertainty Examine an alternative take on the 2007 2008 credit crisis Consider how the financial innovation trend impacts the industry To truly understand something it is necessary to crawl deep into the metaphorical underbelly and have a look around Dinosaur Derivatives and Other Trades provides the itinerary and the insightful discussion that stimulates curiosity The Map Thief Michael Blanding,2015-06-02 The story of an infamous crime a revered map dealer with an unsavory secret and the ruthless subculture that consumed him Maps have long exerted a special fascination on viewers both as beautiful works of art and as practical tools to navigate the world But to those who collect them the map trade can be a cutthroat business inhabited by quirky and sometimes disreputable characters in search of a finite number of extremely rare objects Once considered a respectable antiquarian map dealer E Forbes Smiley spent years doubling as a map thief until he was finally arrested slipping maps out of books in the Yale University library The Map Thief delves into the untold history of this fascinating high stakes criminal and the inside story of the industry that consumed him Acclaimed reporter Michael Blanding has interviewed all the key players in this stranger than fiction story and shares the fascinating histories of maps that charted the New World and how they went from being practical instruments to quirky heirlooms to highly coveted objects Though pieces of the map theft story have been written before Blanding is the first reporter to explore the story in full and had the rare privilege of having access to Smiley himself after he'd gone silent in the wake of his crimes Moreover although Smiley swears he has admitted to all of the maps he stole libraries claim he stole hundreds more and offer intriguing clues to prove it Now through a series of exclusive interviews with Smiley and other key individuals Blanding teases out an astonishing tale of destruction and redemption The Map Thief interweaves Smiley's escapades with the stories of the explorers and mapmakers he knew better than anyone Tracking a series of thefts as brazen as the art heists in Provenance and a subculture as obsessive as the oenophiles in The Billionaire's Vinegar Blanding has pieced together an unforgettable story of high stakes crime **Eclipse Rising** S. Kirk Pierzchala,2021-06-21 Overnight Tom's Chen Diaz has gone from an outcast on the brink of death to a man whose vast wealth and global connections offer staggering opportunities and responsibility But his bright future is soon threatened by corporate treachery and intrigue even as he fights to keep his own family secrets hidden while settling private scores discreetly For instance how should he dispose of his murderous brother Francisco who was ruled a clone and stripped of all legal rights And what of the plight of Selena Vasquez Medina the beautiful genetically perfected model whom Francisco seduced and betrayed years earlier Can she be located and ever heal from her past mistreatment enough to trust Tom's To aid him with these challenges Tom's enlists the skilled American cyborg law enforcer Owen MacIntyre But with plenty of his

own personal trauma and responsibilities to deal with is MacIntyre ready to take on the role of behind the scenes player in Vibora Enterprises and mediator between the rancorous Chen brothers themselves Because his time and skills are sorely needed to help protect the unstable United States from a gathering storm of civil unrest Part thriller part intimate psychological drama this epic follow up to Echoes Through Distant Glass tracks a memorable cast of characters as they continue to explore the vivid landscape of the almost future while enduring the temptations successes loves and loss without which no one can truly grow

Short Stories ,1903 Greatest Short Stories ,1915 **Tales from the Italian and Spanish** ,1920 **The American Slave Coast** Ned Sublette,Constance Sublette,2015-10-01 American Book Award Winner 2016 The American Slave Coast offers a provocative vision of US history from earliest colonial times through emancipation that presents even the most familiar events and figures in a revealing new light Authors Ned and Constance Sublette tell the brutal story of how the slavery industry made the reproductive labor of the people it referred to as breeding women essential to the young country s expansion Captive African Americans in the slave nation were not only laborers but merchandise and collateral all at once In a land without silver gold or trustworthy paper money their children and their children s children into perpetuity were used as human savings accounts that functioned as the basis of money and credit in a market premised on the continual expansion of slavery Slaveowners collected interest in the form of newborns who had a cash value at birth and whose mothers had no legal right to say no to forced mating This gripping narrative is driven by the power struggle between the elites of Virginia the slave raising mother of slavery and South Carolina the massive importer of Africans a conflict that was central to American politics from the making of the Constitution through the debacle of the Confederacy Virginia slaveowners won a major victory when Thomas Jefferson s 1808 prohibition of the African slave trade protected the domestic slave markets for slave breeding The interstate slave trade exploded in Mississippi during the presidency of Andrew Jackson drove the US expansion into Texas and powered attempts to take over Cuba and other parts of Latin America until a disaffected South Carolina spearheaded the drive to secession and war forcing the Virginians to secede or lose their slave breeding industry Filled with surprising facts fascinating incidents and startling portraits of the people who made endured and resisted the slave breeding industry The American Slave Coast culminates in the revolutionary Emancipation Proclamation which at last decommissioned the capitalized womb and armed the African Americans to fight for their freedom

The Light of the World Elizabeth Alexander,2015-04-21 A deeply resonant memoir for anyone who has loved and lost from acclaimed poet and Pulitzer Prize finalist Elizabeth Alexander In The Light of the World Elizabeth Alexander finds herself at an existential crossroads after the sudden death of her husband Channeling her poetic sensibilities into a rich lucid prose Alexander tells a love story that is itself a story of loss As she reflects on the beauty of her married life the trauma resulting from her husband s death and the solace found in caring for her two teenage sons Alexander universalizes a very personal quest for meaning and acceptance in the wake of loss The Light of the World is at once an endlessly compelling

memoir and a deeply felt meditation on the blessings of love family art and community It is also a lyrical celebration of a life well lived and a paean to the priceless gift of human companionship For those who have loved and lost or for anyone who cares what matters most *The Light of the World* is required reading **Celtic Shakespeare** Rory Loughnane, 2016-04-08

Drawing together some of the leading academics in the field of Shakespeare studies this volume examines the commonalities and differences in addressing a notionally Celtic Shakespeare Celtic contexts have been established for many of Shakespeare's plays and there has been interest too in the ways in which Irish Scottish and Welsh critics editors and translators have reimagined Shakespeare claiming connecting with and correcting him This collection fills a major gap in literary criticism by bringing together the best scholarship on the individual nations of Ireland Scotland and Wales in a way that emphasizes cultural crossovers and crucibles of conflict The volume is divided into three chronologically ordered sections Tudor Reflections Stuart Revisions and Celtic Afterlives This division of essays directs attention to Shakespeare's transformed treatment of national identity in plays written respectively in the reigns of Elizabeth and James but also takes account of later regional receptions and the cultural impact of the playwright's dramatic works The first two sections contain fresh readings of a number of the individual plays and pay particular attention to the ways in which Shakespeare attends to contemporary understandings of national identity in the light of recent history Juxtaposing this material with subsequent critical receptions of Shakespeare's works from Milton to Shaw this volume addresses a significant critical lacuna in Shakespearean criticism Rather than reading these plays from a solitary national perspective the essays in this volume cohere in a wide ranging treatment of Shakespeare's direct and oblique references to the archipelago and the problematic issue of national identity
