Drag, Interperformance, and the Trouble with Queerness Katie Horowitz, 2019-10-08 This story of drag kings and queens at Cleveland Ohio s most popular gay bar reveals that these genres have little in common and introduces interperformance a framework for identity formation and coalition building that provides strategies for repairing longstanding rifts in the LGBT community Drag Interperformance and the Trouble with Queerness is the first book centered on queer life in this growing midwestern hub and the first to focus simultaneously on kinging and queening It shows that despite the shared heading of drag these iconically queer institutions diverge in terms of audience movement vocabulary stage persona and treatment of gender class race and sexuality Horowitz argues that the radical in difference between kings and queens provides a window into the perennial rift between lesbians and gay men and challenges the assumption that all identities subsumed under the queer umbrella ought to have anything in common culturally politically or otherwise Drawing on performer interviews about the purpose of drag contestations over space and the eventual shuttering of the bar they called home Horowitz offers a new way of thinking about identity as a product of relations and argues that relationality is our best hope for building queer communities across lines of difference The book will be key reading for students and faculty in the interdisciplinary fields of feminist gender and sexuality studies performance studies American studies cultural studies ethnography and rhetoric It will be useful to graduate students and faculty interested in queer culture gender performance

and transgender studies At the same time the clear and relatable writing style will make it accessible to undergraduates and well suited to upper level courses in queer theory LGBTQ identities performance studies and qualitative research methods

Introducing a Hermeneutics of Suspicion Jo Henderson-Merrygold,2024-06-13 A hermeneutics of suspicion challenges cishnormative presuppositions that shape and at times occlude the variations in gender and sex exhibited by key characters in the ancestral narrative of Genesis 12-50 It charts the progression from Paul Ricoeur's hermeneutics of suspicion through liberation feminist and queer approaches Focusing on Deryn Guest's queer and trans hermeneutics Henderson Merrygold then offers a new strategy for reading against fixed binary gender assumptions where a character's sex always matches that assigned at birth The initial case study addresses Sarah who is the proto matriarch of the ancestral narratives in Genesis Masculinities contrast with femininities and Sarah's own agency makes the picture of a consistent gender hard to identify By closely reading the text different facets of Sarah's story emerge to emphasise how much the narrative directs the reader towards a cishnormative reading However Henderson Merrygold shows it is not only the images of Sarah as feminine woman and mother that remain visible The subject of the second case study Esau is regularly judged to be a hypermasculine character due to his bodily appearance but repeatedly fails to fulfil the expectations related to that appearance Though often condemned as a poor example of hyper masculinity a suspicious reading identifies a richer and more nuanced figure Attending to Esau's actions his rejection of the gendered expectations appears intentional allowing him to settle more comfortably into his own identity This project advocates for and demonstrates the value of creative interpretations of biblical texts that challenge both mainstream and feminist gender assumptions

Female Masculinity
Jack Halberstam, 2019-01-05 In this quintessential work of queer theory Jack Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two centuries Demonstrating how female masculinity is not some bad imitation of virility but a lively and dramatic staging of hybrid and minority genders Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth century pre lesbian practices to contemporary drag king performances Through detailed textual readings as well as empirical research Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them He rereads Anne Lister s diaries and Radclyffe Hall s The Well of Loneliness as foundational assertions of female masculine identity considers the enigma of the stone butch and the politics surrounding butch femme roles within lesbian communities and explores issues of transsexuality among transgender dykes lesbians who pass as men and female to male transsexuals who may find the label of lesbian a temporary refuge Halberstam also tackles such topics as women and boxing butches in Hollywood and independent cinema and the phenomenon of male impersonators Featuring a new preface by the author this twentieth anniversary edition of Female Masculinity remains as insightful timely and necessary as ever
