The Diplomacy Of The Crucial Decade

Diane B. Kunz

The Diplomacy Of The Crucial Decade:

The Diplomacy of the Crucial Decade Diane B. Kunz, 1994-01-01 Comprehensively examines American diplomacy during the 1960s and argues that all aspects of American foreign policy of the period must be viewed through the prism of the fight against communism

The Diplomacy of the Crucial Decade Diane B. Kunz, 1994 Although the foreign policy decisions made by Kennedy and Johnson determined the final form of postwar diplomacy and laid the foundation for the tumultuous worldwide political changes of the last five years until now no book has examined American diplomacy during 1960s as a whole During his presidency Kennedy concentrated on foreign policy The president and his staff feared that communism had taken the offensive internationally and that the U S was in danger of losing the confrontation particularly in the developing world While Johnson attempted to focus on domestic issues foreign issues nevertheless loomed large Consequently the contributors to this volume argue all aspects of American foreign policy during that decade must be viewed through the prism of the fight against communism The chapters which were commissioned for this book by the editor examine the major subjects and themes of this period in a way that provides new insight to students and general readers alike Each chapter also contains brief notes and a bibliographic sketch

Globalization and the American Century Alfred E. Eckes, Jr, Thomas W. Zeiler, 2003-06-30 Revolutionary improvements in technology combined with the leadership elite s enthusiasm for de regulation of markets and free trade to fuel American style globalization The nation rose to economic power after the Spanish American War and won both world wars and the Cold war after which America s power and cultural influence soared as business and financial interests pursued the long term quest for global markets But the tragic events of September 2001 and the growing volatility of global finance raised questions about whether the era of American led globalization was sustainable or vulnerable to catastrophic collapse

Critical Decade, A: China's Foreign Policy (2008-2018) Zhiqun Zhu, 2019-07-09 China emerged as a major economic diplomatic and military power during the critical decade from 2008 to 2018 As a result China s foreign policy has become more active and dynamic This book provides a unique perspective to understand Chinese foreign policy during this decade by examining continuities and changes in both internal and external factors that have shaped China s development The book focuses on key challenges in China s diplomacy such as US China relations the Korean Peninsula Taiwan Japan India Chinese investment overseas the Belt and Road Initiative global and regional cooperation soft power etc It also includes an extensive annotated bibliography of major recent publications on various aspects of Chinese foreign policy This is the first scholarly book that studies the evolution and key challenges of China s foreign relations during the critical decade 2008 2018 when China grew into a crucial sometimes assertive power in international affairs

Foreign Policy of Lyndon B. Johnson Jonathan Colman, 2012-09-11 A fresh up to date and balanced overview of Johnson s policies across a range of theatres and issues with the aim of generating a proper understanding of his successes and failures in foreign policy

A Companion to Lyndon B. Johnson Mitchell B.

Lerner,2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President **The Media and Sino-American Rapprochement, 1963-1972** Guolin Yi,2020-11-11 Winner of the ACPSS Research Award An important new cultural study of the Cold War Guolin Yi s The Media and Sino American Rapprochement 1963 1972 analyzes how the media in both countries shaped public perceptions of the changing relations between China and the United States in the decade prior to Richard Nixon s visit to Beijing This book offers the first systematic study of Cankao Xiaoxi Reference News an internal Chinese newspaper that carried relatively objective stories the Xinhua News Agency translated from world news media for circulation among Communist cadres As the main channel for the cadres to learn about the outside world this newspaper provides a window into China s evolving foreign policy including the reception of signals from the Nixon administration Yi compares this internal communications channel with the public accounts contained in the more widely circulated newspaper People s Daily a chief propaganda outlet of the Chinese Communist Party CCP directed at its own people and China watchers all over the world A third level of communication emerges in classified CCP instructions and government documents By approaching the Chinese communication system on three levels internal public and classified Yi s analysis demonstrates how people at different positions in the political hierarchy accessed varying types of information allowing him to chart the development of Beijing s approach to the U S government In a corresponding analysis of the defining features of American reporting on China Yi considers the impact of government media relationships in the United States during the Cold War Alongside prominent magazines and newspapers particularly the New York Times and the Washington Post in their differing coverage of key events Yi discusses television networks which proved vital for promoting the success of Ping Pong Diplomacy and the impact of Nixon s visit in 1972 With its comparative study of news outlets in the two countries The Media and Sino American Rapprochement 1963 1972 presents a thorough and comprehensive perspective on the role of the media in influencing domestic Chinese and American public opinion during a critical decade **The Middle East and the Cold War** Matteo Gerlini,Massimiliano Trentin,2012-01-24 There have been quite a lot of attempts to find out exactly what the impact of the Cold War on the Middle East was and this from different disciplinary perspectives This volumes tries to integrate the historical debate with new fresh insights thanks to the works of young scholars who are currently engaged in archival and field research Algeria Sudan Jordan as well as Syria Israel and Iran during the embattled 1950s and 1960s are the objects of this volume which draws a much more complicated picture than one might expect As a matter of fact both the Cold War superpowers and their European allies proved constrained in their interventions to shape

the political and economic dynamics of the region according to their own plans on the contrary Middle Eastern rulers enjoyed remarkable autonomy to achieve their goals and fully exploited in rhetorics and practice the competition and rivalry which divided the industrial countries during the Cold War The process of decolonization and the related construction of new patterns of national sovereignty and development were major issues at stake for both the Cold War camps and their postcolonial partners in the Middle East Though peculiar the region proved to be no exception to global trends The so called liberal Fifties as well as the radical Sixties of the XXth century were times of great conflict and change setting much of the institutions and patterns of development which lasted for three decades at least but also providing fresh opportunities for new social and politics groups to emerge and consolidate in power In light of the current events in North Africa and the Middle East at large this volume is a highly valuable contribution to the deeper and wider understanding of the region in itself as well as the patterns of its integration within the wider global world Encyclopedia of the Cold War Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short to a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day

The Illicit Global Economy and State Power H Richard Friman, Peter Andreas, 1999-02-18 Illicit cross border flows such as the smuggling of drugs are proliferating on a global scale This volume explores the selective nature of the state s retreat persistence and reassertion in relation to the illicit global economy
