Jinks, 2016-10-14 Have you ever had your car keys or television remote control inexplicably vanish from under your nose only
to reappear months later in another part of the house for no evident reason Most would dismiss it as absent mindedness with
perhaps a joking remark about paranormal activity Yet remarkable circumstances surrounding many such accounts suggest
that the mysterious disappearance of objects could be more than just one of those things Examining a large selection of
fascinating narratives this book reviews the disappearing object phenomenon DOP from a scientific standpoint Both skeptical
and supportive perspectives on DOP are considered leading to the conclusion that disappearing appearing and reappearing
