The Dynamics of Dream-Vision Revelation in the Aramaic Dead Sea Scrolls Andrew B. Perrin, 2015-08-19 Among the predominantly Hebrew collection of the Dead Sea Scrolls are twenty nine compositions penned in Aramaic While such Aramaic writings were received at Qumran these materials likely originated in times before and locales beyond the Qumran community In view of their unknown past and provenance this volume contributes to the ongoing debate over whether the Aramaic texts are a cohesive corpus or accidental anthology Paramount among the literary topoi that hint at an inherent unity in the group is the pervasive usage of the dream vision in a constellation of at least twenty writings Andrew B Perrin demonstrates that the literary convention of the dream vision was deployed using a shared linguistic stock to introduce a closely defined set of concerns Part One maps out the major compositional patterns of dream vision episodes across the collection Special attention is paid to recurring literary philological features e g motifs images phrases and idioms which suggest that pairs or clusters of texts are affiliated intertextually tradition historically or originated in closely related scribal circles Part Two articulates three predominant concerns advanced or addressed by dream vision revelation The authors of the Aramaic texts strategically employed dream visions i for scriptural exegesis of the antediluvian patriarchal traditions ii to endorse particular understandings of the origins and functions of the priesthood and iii as an ex eventu historiographical mechanism for revealing aspects or all of world history These findings are shown to give fresh perspective on issues of revelatory discourses in Second Temple Judaism the origins and evolution of apocalyptic literature the ancient context of the book of Daniel and the social location of the Aramaic Dead Sea Scrolls Daniel John Joseph Collins, 1984 Daniel with an Introduction to Apocalyptic Literature is Volume XX of The Forms of the Old Testament Literature a series that aims to present a form critical analysis of every book and each unit in the Hebrew Bible Fundamentally exegetical the FOTL volumes examine the structure genre setting and intention of the biblical literature in question They also study the history behind the form critical discussion of the material attempt to bring consistency to the terminology for the genres and formulas of the biblical literature and expose the exegetical process so as to enable students and pastors to engage in their own analysis and interpretation of the Old Testament texts In his introduction to Jewish apocalyptic literature John J Collins examines the main characteristics and discusses the setting and intention of apocalyptic literature Collins begins his discussion of Daniel with a survey of the book s anomalies and an examination of the bearing of form criticism on them He goes on to discuss the book s place in the canon and the problems with its coherence and bilingualism Collins s section by section commentary provides a structural analysis verse by verse of each section as well as discussion of its genre setting and intention The book includes bibliographies and a glossary of genres and formulas that offers concise definitions with examples and bibliography

Apocalypticism in the Bible and Its World Frederick J. Murphy, 2012-08-01 2013 Biblical Archaeology Society BAS Award for Best Book Relating to the New Testament Frank Moore Cross Award American Schools of Oriental Research 2013

Apocalypticism is not a peripheral topic in biblical studies. It represents the central characteristic transformation of Hebrew thought in the period of the Second Temple. It therefore constituted the worldview of Jesus, Paul, and the earliest Christians, and it is the context in which the New Testament books were written. In this volume, Frederick Murphy defines apocalypticism while discussing its origins, where it comes into play in the Hebrew Bible, and how it relates to Jesus and the New Testament.

Only the Third Heaven? Paula Gooder, 2006-09-05. In Chapter 1, Paula Gooder discusses the problems of interpreting this text and looks at the major debates of its past interpreters. The most popular modern approach is to compare it with other texts of ascent in the Judaeo-Christian tradition, yet even a brief examination of these texts indicates that differences are present. In the remainder of the book, Gooder evaluates the extent and significance of these differences. Part One consists of a detailed consideration of a range of texts which superficially seem closest to 2 Corinthians 12. Chapter 2 presents a history of scholarship on heavenly ascent. Chapters 3 to 8 each examine a text of ascent from a different period and background in the Judaeo-Christian tradition. Chapter 9 draws out the points of similarity between these texts. Part Two considers the text of 2 Corinthians 12:1-10 in the light of the findings of Part One. In the detailed examination of the Pauline ascent in chapter 10, the extent of the differences between this text and the texts examined in Part One becomes clear. Chapter 11 proposes a new interpretation of the account of ascent, arguing that it reports a failed ascent into heaven. The chapter shows that this interpretation makes sense not only of 2 Corinthians 12:1-10 itself but also of chapters 10-13 which surround it. The account is one more example of weakness from the apostle in which he proves that weakness, not strength, is the sign of a true apostle.

The Prophetic Vision and the Real Jesus Adrian M. Leske, 2017-10-06. Using the method of intertextuality, Adrian Leske has traced the growth of the prophetic vision from Amos to the Exile, demonstrating how, after the Exile, the dominant influence on that vision down to the time of Jesus is the positive and new message of Deutero-Isaiah. With opposition from the Zadokite priesthood and exploitation from foreign rulers, the prophetic and Levite communities find refuge in Upper Galilee and surrounding areas. Using the Gospel of Matthew, the most Jewish of the Gospels, Leske demonstrates how that vision impacted the teaching of Jesus to these communities and how he perceived his mission as the Servant Son of Man. Understanding this prophetic vision and the Jewish nature of Matthew's Gospel brings new insights to Matthean Christology, as well as the authorship and date of that Gospel in relation to the other Gospels.

[The Apocalyptic Letter to the Galatians](#) James M. Scott, 2021-05-18. One apocalyptic reading of Paul's letter to the Galatians has been attempted before and is now widely accepted, but that reading is not based on a thorough engagement with Jewish apocalyptic traditions of the Second Temple period. In this book, James M. Scott argues that there is an essential continuity between Galatians and Paul's Jewish past, and that Paul uses the apocalyptic Epistle of Enoch 1 Enoch 92:1-105 as a literary model for his own letter. Scott first contextualizes the Epistle of Enoch using the entire Enochic corpus and explores the extensive similarities and some significant differences between the Enochic tradition and early Stoicism. Then he turns to deal specifically with Paul's letter.

to the Galatians showing that despite their obvious differences the two apocalyptic letters have some remarkable features in common as well This approach to the interpretation of Galatians fundamentally stands to change the way biblical scholars understand Paul s letter and the gospel that he preached Paul is within Judaism if the net for what is included in Judaism is wide enough to encompass the Enochic tradition

The Legends of the Pyramids Jason

Colavito,2024-06-06 Could the Great Pyramid of Giza be a repository of ancient magical knowledge Or perhaps evidence of a vanished pre Ice Age civilization Misinformation and myths have attached themselves to the Egyptian pyramids since ancient Greece and Rome While many Americans believe that the pyramids were built by aliens archaeologists understand that the Giza pyramids were built by the pharaohs of the Fourth Dynasty around 2450 BCE So why is there such a disconnect between scholarly opinion and the popular view of Egypt In The Legends of the Pyramids Jason Colavito takes us back to Late Antique Egypt where the replacement of polytheism with Christianity gave rise to local efforts to rewrite the stories of Egyptian history in the image of the Bible When the Arab conquest absorbed Egypt into the Islamic community these stories then passed into Islamic historiography and reentered the West Colavito s The Legends of the Pyramids lays open pop culture s view of Egypt in movies TV shows popular books and New Age beliefs detailing how the hidden history of Egypt has grown alongside the official history of archaeology and Egyptology
