WALTER FRISCH

The Early Works Of Arnold Schoenberg 1893 1908

Yi-Tong Ma

The Early Works Of Arnold Schoenberg 1893 1908:

The Early Works of Arnold Schoenberg, 1893-1908 Walter Frisch, 2023-11-15 Here is the first full scale account of Schoenberg's early tonal works a rich repertoire that music historians have tended to neglect or view as transitional to a mature atonal style Between 1893 and 1908 Schoenberg created many genuine masterworks in the genres of Lieder chamber music and symphonic music This book includes detailed critical analyses of such widely admired and performed compositions as *Verklärte Nacht* *Gurrelieder* and the First Chamber Symphony as well as discussions of little known but important songs and instrumental works from the earlier years Drawing on original manuscript sources on Schoenberg's musical environment on a range of analytical methods and on Schoenberg's own theories Frisch traces the development of technique and aesthetic across this critical fifteen year period of the composer's career Here is the first full scale account of Schoenberg's early tonal works a rich repertoire that music historians have tended to neglect or view as transitional to a mature atonal style Between 1893 and 1908 Schoenberg created many genuine masterworks in t

The Early Works of Arnold Schoenberg, 1893-1908 Walter Frisch, Laura Tunbridge, 1993 *The early works of Arnold Schoenberg 1893-1908* Walter Frisch, 1993

Schoenberg's Program Notes and Musical Analyses J. Daniel Jenkins, 2016-03-07 Schoenberg's Program Notes and Musical Analyses is a comprehensive study of the composer's writings about his own music The texts include program notes letters sketch materials pre concert talks public lectures scholarly writings newspaper articles interviews pedagogical materials publicity fliers radio broadcasts and liner notes **Schoenberg's Early Correspondence**, 2016-08-02 This volume presents English translations of the entirety of Arnold Schoenberg's early correspondence providing a wealth of information on Schoenberg's early career and offering invaluable insights into his daily life and working habits Alongside the editors extensive running commentary the more than 300 letters in this volume create a vivid picture of the young Schoenberg and his times

Music in the Early Twentieth Century Richard Taruskin, 2006-08-14 Music in the Early Twentieth Century the fourth volume in Richard Taruskin's history looks at the first half of the twentieth century from the beginnings of Modernism in the last decade of the nineteenth century right up to the end of World War II Taruskin discusses modernism in Germany and France as reflected in the work of Mahler Strauss Satie and Debussy the modern ballets of Stravinsky the use of twelve tone technique in the years following World War I the music of Charles Ives the influence of peasant songs on Bela Bartok Stravinsky's neo classical phase and the real beginnings of 20th century music the vision of America as seen in the works of such composers as W C Handy George Gershwin and Virgil Thomson and the impact of totalitarianism on the works of a range of musicians from Toscanini to Shostakovich **Schoenberg, Wittgenstein and the Vienna Circle** James Kenneth Wright, 2007 In 2006 Schoenberg Wittgenstein and the Vienna Circle received a Lewis Lockwood Award Finalist from the American Musicological Society for outstanding new books on musicological topics This study examines relativistic aspects of Arnold Schoenberg's harmonic and aesthetic theories in the light of a framework of

ideas presented in the early writings of Ludwig Wittgenstein the logician philosopher of language and Schoenberg's contemporary and Austrian compatriot. The author has identified correspondences between the writings of Schoenberg the early Wittgenstein the *Tractatus Logico Philosophicus* in particular and the Vienna Circle of philosophers on a wide range of topics and themes. Issues discussed include the nature and limits of language musical universals theoretical conventionalism word to world correspondence in language the need for a fact and comparison based approach to art criticism and the nature of music theoretical formalism and mathematical modeling. Schoenberg and Wittgenstein are shown to have shared a vision that is remarkable for its uniformity and balance one that points toward the reconciliation of the positivist relativist dualism that has dominated recent discourse in music theory. Contrary to earlier accounts of Schoenberg's harmonic and aesthetic relativism this study identifies a solid epistemological core underlying his thought a view that was very much in step with Wittgenstein and the Vienna Circle and thereby with the most vigorous and pivotal developments in early twentieth century intellectual history.

Schoenberg and Redemption, **Schoenberg and His World** Walter Frisch, 2012-01-16 As the twentieth century draws to a close Arnold Schoenberg 1874-1951 is being acknowledged as one of its most significant and multifaceted composers. *Schoenberg and His World* explores the richness of his genius through commentary and documents. Marilyn McCoy opens the volume with a concise chronology based on the latest scholarship of Schoenberg's life and works. Essays by Joseph Auner Leon Botstein Reinhold Brinkmann J Peter Burkholder Severine Neff and Rudolf Stephan examine aspects of his creative output theoretical writings relation to earlier music and the socio-cultural contexts in which he worked. The documentary portions of *Schoenberg and His World* capture Schoenberg at critical periods of his career during the first decades of the century primarily in his native Vienna from 1926 to 1933 in Berlin and from 1933 on in the U.S. Included here is the first complete translation into English of the remarkable *Festschrift* prepared for the 38-year-old Schoenberg by his pupils in 1912. It presciently explored the diverse talents as a composer teacher painter and theorist for which he was later to be recognized. The Berlin years when he held one of the most prestigious teaching positions in Europe are represented by interviews with him and articles about his public lectures. The final portion of the volume devoted to the theme *Schoenberg and America* focuses on how the composer viewed and was viewed by the country where he spent his final eighteen years. Sabine Feisst brings together and comments upon sources which contrary to much received opinion attest to both the considerable impact that Schoenberg had upon his newly adopted land and his own deep involvement in its musical life.

Chamber Music John H. Baron, 2010-06-10 *Chamber Music: A Research and Information Guide* is a reference tool for anyone interested in chamber music. It is not a history or an encyclopedia but a guide to where to find answers to questions about chamber music. The third edition adds nearly 600 new entries to cover new research since publication of the previous edition in 2002. Most of the literature is books, articles in journals and magazines, dissertations and theses and essays or chapters in *Festschriften*, treatises and biographies. In addition to the core literature, obscure citations are also included when

they are the only studies in a particular field In addition to being printed this volume is also for the first time available online The online environment allows for information to be updated as new research is introduced This database of information is a live resource fully searchable and with active links Users will have unlimited access annual revisions will be made and a limited number of pages can be downloaded for printing
