Proceedings of the 12th European Conference on Information Warfare and Security Rauno Kuusisto, Erkki Kurkinen, 2013-11-07 *10 Years That Shook the World* Loretta Napoleoni, 2012-02-14 From 9 11 to the launch of the iPod from the creation of Gmail to the 2004 tsunami from the Enron Bankruptcy to the killing of Osama bin Laden 10 Years That Shook the World is the story of an extraordinary decade For each year Loretta Napoleoni presents events not as a chronology but as dispatches from the world's collective memory Topics like politics economics celebrities and the environment intersect and converge to reveal the accelerating pace of globalization and the changes that have affected us all *Strategic Partners* Jeanne Wilson, 2015-06-11 Russia's foreign policy experience in the first post Soviet decade was marked by disappointments as well as surprising turns Expectations that Russia would join the Western powers as an equal partner were frustrated while relations with the People's Republic of China warmed considerably Today Russia's relationship with China is an important component of its overall foreign policy orientation as the two states one greatly diminished the other clearly on the rise have found themselves sharing an interest in curbing the power of the United States In analyzing Russia's evolving foreign policy vis a vis China the author takes into account the legacy of Soviet era precedents the simultaneous processes of economic policy change and integration into global economic structures and military relations By shedding light on the role of political realism decision makers and exogenous factors in Russian foreign policy this analysis of an important bilateral relationship contributes to the larger project of understanding international relations and the dynamics of domestic and foreign policy change **The Treaty on Conventional Armed Forces in Europe** Mark Wilcox, 2024-03-04 This work examines the CFE Treaty as a factor in Russia's foreign and security policy Moscow showed amazing persistence in their relationship with the cornerstone of European security Their approach to the treaty was a genuine attempt to shape the security environment in Europe and the former USSR The treaty also enabled the dismantling of large conventional forces as they returned from Eastern Europe and transitioned into the armies of the newly independent states of the former USSR The CFE Treaty though proved ineffective at constraining the enlargement of NATO Simultaneously Moscow's foreign and security policy evolved from one that focused on the domestic development of the country to that of a more confident state reasserting itself as a great power Drawing extensively on primary sources and analyses by Russian authors this book employs two historical narratives case studies and a conceptual framework to show that while Moscow remained engaged with the CFE Treaty undesired effects on Russia's national interests gradually accrued at the expense of desired ones leading Vladimir Putin to withdraw Russia from the treaty as an act of decoupling from the collective West This book is relevant to scholars and policymakers who want to understand Russia's approach to arms control as an element of military security **Global Rules**

James E. Cronin, 2014-10-28 Questions long perceived views of post World War II America and its position in the world especially after Vietnam The author details the challenges the economic transition of the 1970s and 1980s engendered as the US and Great Britain together actively pursued their shared ideal of an international assemblage of market based democratic states

The Oxford Handbook of Contextual Political Analysis Robert E. Goodin, Charles Tilly, 2008-06-20 The Oxford Handbooks of Political Science is a ten volume set of reference books offering authoritative and engaging critical overviews of the state of political science Each volume focuses on a particular part of the discipline with volumes on Public Policy Political Theory Political Economy Contextual Political Analysis Comparative Politics International Relations Law and Politics Political Behavior Political Institutions and Political Methodology The project as a whole is under the General Editorship of Robert E Goodin with each volume being edited by a distinguished international group of specialists in their respective fields The books set out not just to report on the discipline but to shape it The series will be an indispensable point of reference for anyone working in political science and adjacent disciplines The Oxford Handbook of Contextual Political Analysis sets out to synthesize and critique for the first time those approaches to political science that offer a more fine grained qualitative analysis of the political world The work in the volume has a common aim in being sensitive to the thoughts of contextual nuances that disappear from large scale quantitative modelling or explanations based on abstract general universal laws of human behavior It shows that context matters in a great many ways philosophical context matters psychological context matters cultural and historical contexts matter place population and technology all matter By showcasing scholars who specialize in the analysis of all these contexts side by side the Oxford Handbook of Contextual Political Analysis shows how political scientists can take those crucial contextual factors systematically into account

Routledge Handbook of Nuclear Proliferation and Policy Joseph Pilat, Nathan Busch, 2015-05-15 This new Handbook is a comprehensive examination of the rich and complex issues of nuclear proliferation in the early 21st century The future of the decades long effort to prevent the further spread of weapons of mass destruction is at a crossroads today If international nonproliferation efforts are to be successful an integrated multi tiered response will almost certainly be necessary A serious thorough and clear eyed examination of the range of threats challenges and opportunities facing the international community is a necessary first step This Handbook which presents the most up to date analysis and policy recommendations on these critical issues by recognized leading scholars in the field intends to provide such an examination The volume is divided into three major parts Part I presents detailed threat assessments of proliferation risks across the globe including specific regions and countries Part II explains the various tools developed by the international community to address these proliferation threats Part III addresses the proliferation risks and political challenges arising from nuclear energy production including potential proliferation by aspiring states and nonstate groups This Handbook will be of great interest to students and practitioners of nuclear proliferation arms control global governance diplomacy and global security and IR general

Globalization and

Conflict Robert G. Patman, 2006-08-10 This volume highlights the gap between the new security environment and the notion of state centred national security favoured by Washington showing how a Cold War phenomenon known as the national security state in which defence and foreign policy interests essentially converge remains largely intact The conventional wisdom since the suicide attacks of 9 11 is that the world has been transformed and according to President Bush September 11 changed the strategic thinking of the US This book challenges these assumptions Indeed the Bush administration's National Security strategy of 2002 has reinvigorated and even extended the idea of national security Paradoxically the renewed emphasis on a distinctly state centred approach to security including the War on Terror has unfolded during an era of deepening globalization Drawing on the international expertise of fourteen specialists the book examines four inter related themes the impact of globalization on the concept of security the strategic outlook of the world's only superpower the US the new conflicts that have come to characterize the post Cold War era efforts to regulate the emerging patterns of conflict in the world Globalization and Conflict will be essential reading for students of strategic studies security studies and international relations

The Handbook of African Defence and Armed Forces Evert Kleynhans, Marco Wyss, 2025-03-01 The Handbook of African Defence and Armed Forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent's resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international organizations iv the challenges that African states and their armed forces have been facing and their strategic responses and v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation's ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turn sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent's countries and armed forces in International Security and Relations

Deng, Fei-Ling Wang, 2005 Despite its increasingly secure place in the world the People's Republic of China remains dissatisfied with its global status Its growing material power has simultaneously led to both greater influence and unsettling questions about its international intentions China also has found itself in a constant struggle to balance its aspirations abroad with a daunting domestic agenda This authoritative book provides a unique exploration of the complex and dynamic motivations behind Beijing's foreign policy The authors focus on China's choices and calculations on issues such as the ruling Communist party regime's interests international status and image nationalism Taiwan human rights globalization U S hegemony international institutions and the war on terrorism Taken together the chapters offer a comprehensive diagnosis of the emerging paradigms in Chinese foreign policy illuminating especially China's struggle to engineer and manage its rise in light of the opportunities and perils inherent in the post cold war and post 9 11 world *NL ARMS Netherlands Annual Review of Military Studies 2021* Robert Beeres, Robert Bertrand, Jeroen Klomp, Job Timmermans, Joop Voetelink, 2021-09-20 This is open access volume of the NL ARMS offers an interdisciplinary view on the domain of Compliance and Integrity in International Military Trade CIIMT integrating defence economics international law arms export control frameworks and policies information management organizational sciences and ethics Although in academia and from an interdisciplinary perspective CIIMT constitutes a relatively novel research domain across private and public defence related sectors the subject evokes high levels of attention and interest instigating a need for critical thinking reflection and creativity to address ensuing multi faceted issues and problems The Faculty of Military Sciences at the Netherlands Defence Academy extends an in house MSc programme on CIIMT which by integrating practice based and scientific based knowledge aims to contribute to this need The MSc programme on CIIMT is concerned with exploring analysing understanding explaining controlling and improving the military dimension in international military trade More particularly CIIMT studies managerial questions regarding strategic trade control of military and dual use goods and services CIIMT ties in with the Netherlands Defence Academy's vision on scientific education embedded in the reflective practitioners paradigm uniting both management and leadership skills needed to decide and operate in high tension and high risk knowledge intensive environments The Faculty of Military Sciences uses the reflective practitioners paradigm to refer to critical thinking reflection and Bildung that characterize its thinking does the so called Thinking Soldiers either at the academic Bachelor's or Master's level In view of the complexity of the international trade regarding military and dual use goods and services the rapid evolvement of strategic trade control and frameworks and its importance to procurement processes defence organizations require innovative thinking does who based on an in depth understanding from an interdisciplinary perspective can be expected to find and take responsibility for creative solutions to problems NL ARMS 2021 comprises amongst others contributions from students and lecturers partaking in this programme All the editors are affiliated with the Faculty of Military Sciences of the Netherlands Defence Academy in Breda The Netherlands **Practical Pacifism** Andrew Fiala, 2004 The United States has a

unique responsibility and opportunity to use democracy to end war but after 9 11 many can no longer imagine pacifism in any form Practical Pacifism argues for an approach to peace that aims toward a moral consensus that is developed pragmatically through dialogue aimed at overlapping consensus Andrew Fiala is an Associate Professor of Philosophy and Humanistic Studies at the University of Wisconsin He has written many articles for Philosophy in the Contemporary World Metaphilosophy Res Publica the Internet Encyclopedia of Philosophy and The Humanist *Case Study in Security Sector Reform*, 2009

Just War in Comparative Perspective Paul Robinson, 2017-03-02 This timely book analyses how different nations religions and cultures justify the waging of war and what limits they place on its use The study includes the major world religions such as Christianity Judaism and Islam and specific countries and regions including Russia China and Africa The case studies shed new light on the causes and justifications of current conflicts providing a valuable source for those wishing to understand how different people around the world view the issue of war The book crosses disciplinary boundaries and thus will be welcomed by scholars of international relations philosophy religion and history *Power Trip* John Feffer, 2011-01-04 A concise dissection of the new U S unilateralism Power Trip is the first book length critique of this fundamental shift in U S foreign policy to consolidate and extend U S global control Charting the new terrain of foreign policy after September 11 and demonstrating how the Bush administration is building on the policies of its successors here are Barbara Ehrenreich William Hartung Ahmed Rashid Michael Ratner Noy Thrupkaew Coletta Youngers Mark Weisbrot and their contemporaries on the Bush administration and its flawed ambition to control the world *Strategic Shortfall* Robert G. Patman, 2010-02-26 This seminal work argues that the disastrous raid in Mogadishu in 1993 and America s resulting aversion to intervening in failed states led to the Rwanda and Bosnia genocides and to the 9 11 attacks Contrary to conventional wisdom this book argues it was not the 9 11 attacks that transformed the international security environment Instead it was Somali Syndrome an aversion to intervening in failed states that began in the wake of the 1993 U S UN action in Somalia The botched raid precipitated America s strategic retreat from its post Cold War experiment at partnership with the UN in nation building and peace enforcement and engendered U S paralysis in the face of genocide in Rwanda Bosnia and Darfur The ensuing international security vacuum emboldened al Qaeda to emerge and attack America and inaugurated our present era of intrastate conflict mass killings forced relocations and international terrorism As this even handed treatment shows the Somali crisis can be connected to seven key features of the emerging post Cold War world security order These include the fact that failed states are now the main source of world instability and that new wars are driven by racial ethnic and religious identity issues

NATO and the European Union Hall Gardner, 2017-07-05 The perspectives of academics and practitioners are brought together in this insightful work which examines the war on terrorism the Iraq war and the roles of NATO and the EU Casting light on the global and regional ramifications of the crisis as well as the tensions in the transatlantic relationship caused by the war with Iraq NATO and the European Union addresses the key policy
