The Bloomsbury Companion to Existentialism Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The

Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy. Now available in paperback, the book covers the fundamental questions asked by existentialism, providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers. Chapters from an international team of experts explore existentialism's relationship to philosophical method, ontology, politics, psychoanalysis, ethics, religion, literature, emotion, feminism, and sexuality, emotions, authenticity, and the self, its significance in Latin American culture, and its contribution to the development of post-structuralism and cognitive science. In addition, five short chapters summarize the status of canonical figures: Kierkegaard, Nietzsche, Heidegger, Sartre, and de Beauvoir, delineating the historical approach to their work while pointing to new directions contemporary research is now taking. Featuring a series of indispensable research tools such as an A to Z glossary, a timeline of key events, texts, and thinkers in existentialism, a list of resources, and an annotated guide to further reading, this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy.

Muriel Spark, Existentialism and The Art of Death Cairns Craig, 2019-02-20. Proposes that Christian existentialism, and in particular the work of Søren Kierkegaard, helped shape Spark's religious commitments and her artistic innovations. Because of the prominence after the Second World War of the atheistic existentialism of Jean-Paul Sartre, it is often forgotten that existentialism was originally a Christian philosophy shaped by followers of Kierkegaard such as Karl Jaspers and Gabriel Marcel. The author traces in Spark's writings both the influence of Kierkegaard and of Spark's resistance to Sartre's co-option of existentialism to an atheistic agenda. Kierkegaard's analysis of the nature of the aesthetic as a false mode of existence that has to be transcended by the ethical, and then by the religious, provides a fundamental structure for Spark's satirical analyses of the failings of the modern world.

Thomas Hardy's Poetry and Existentialism Mallikarjun Patil, 1999. The book is a scholarly work which throws ample light on Hardy, a poet-thinker so far a neglected genius. The author penetrates deep into Hardy's poetry in the light of atheistic existentialism. He focuses on Hardy's views on man, his relationship with nature, society, and his own self. According to Hardy, man in pride of his power neglects the importance of nature and society and fails to achieve selfhood. But when he realizes his misdeeds, he conscientiously makes up the differences and lives harmoniously in the society and biological milieu with a firm decision to attain an identity and perfection. This book displays Thomas Hardy's views on man, nature, society, religion, God, and universe. It shows the undivisible link that exists amidst these factors. Hardy's evolutionary meliorism and scientific humanism are adequately discussed and evaluated. Hardy's vision of life and his original views for a new order of life are presented with clarity and precision. Indeed, the book is really a brilliant work on Hardy's theory of human reality.

Heidegger Thomas Sheehan, 2017-07-12. Many people consider Martin Heidegger the most important German philosopher of the twentieth century. He is indisputably controversial and influential. Although much has been written about Heidegger, this may be the best single volume covering his life, career, and thought. For all its

breadth and complexity Heidegger's perspective is quite simple he is concerned with the meaning of Being as disclosure Heidegger's life was almost as simple He was a German professor except for a brief but significant period in which he supported the Nazi regime While that departure from philosophy continues to haunt his name and work one must question whether his thought from 1912 to 1976 should be measured by the yardstick of his politics from May 1933 through February 1934 This anthology addresses his complex but simple thought and his simple but complex life In a real sense Sheehan claims there is no content to Heidegger's topic and legacy only a method But method must not be taken to mean a technique or procedure for philosophical thinking Rather the topic of Heidegger's thought and his pursuit of that topic the what and the how are one and the same thing Heidegger writes *Alles ist Weg* Everything is way and man's Being is to be on the way in essential movement Heidegger argues in our essence we humans are the topic and the point is not to be led there so much as to come to know what we already know and to become what we already are This brilliant collection confirms this truism and is an excellent introduction to the work of this seminal thinker

Time in the Philosophy of Gabriel Marcel Helen Tattam, 2013 Gabriel Marcel 1889-1973 stands outside the traditional canon of twentieth century French philosophers Where he is not simply forgotten or overlooked he is dismissed as a relentlessly unsystematic thinker or following Jean Paul Sartre's lead labelled a Christian existentialist a label that avoids consideration of Marcel's work on its own terms How is one to appreciate Marcel's contribution especially when his oeuvre appears to be at odds with philosophical convention Helen Tattam proposes a range of readings as opposed to one single interpretation a series of departures or explorations that bring his work into contact with critical partners such as Henri Bergson Paul Ricoeur and Emmanuel Levinas and offer insights into a host of twentieth century philosophical shifts concerning time the subject the other ethics and religion Helen Tattam's ambitious study is an impressively lucid account of Marcel's engagement with the problem of time and lived experience and is her first monograph since the award of her doctorate from the University of Nottingham
