Six Sigma For Dummies, 2nd Edition Craig Gygi, Bruce Williams, 2012. The fast and easy way to understand and implement Six Sigma. The world's largest and most profitable companies including the likes of GE, Bank of America, Honeywell, DuPont, Samsung, Starwood Hotels, Bechtel and Motorola have used Six Sigma to achieve breathtaking improvements in business performance in everything from products to processes to complex systems and even in work environments. Over the past decade over 100 billion in bottom line performance has been achieved through corporate Six Sigma programs. Yet despite its astounding effectiveness few outside of the community of Six Sigma practitioners know what Six Sigma is all about. With this book Six Sigma is revealed to everyone. You might be in a company that's already implemented Six Sigma or your organization may be considering it. You may be a student who wants to learn how it works or you might be a seasoned business professional who needs to get up to speed. In any case this updated edition of Six Sigma For Dummies is the most straightforward non-intimidating guide on the market. New and updated material including real world examples. What Six Sigma is all about and how it works. The benefits of Six Sigma in organizations and businesses. The powerful DMAIC problem solving roadmap. Yellow, Green and Black belts. How the Six Sigma belt system works. How to select and utilize the right tools and technologies. Speaking the language of Six Sigma knowing the roles and responsibilities and mastering the statistics skills and analytical methods. Six Sigma For Dummies will become everyone's No. 1 resource for discovering and mastering the world's most famous and powerful improvement tool. Stephen Covey is spot on when he says Six Sigma For Dummies is a book to be read by everyone.

Lean Six Sigma for Beginners G. Harver, 2015-06-24. The book explains precisely what you need to do to ensure that the wastage that takes place in the organization comes to a stop and that all operations are streamlined out in a way that makes processes smooth and continuous. In short you are able to turn things around in a way that results to increased revenues and hence profits. By implementing the guidelines given in this book you will transform your organization to one where downtime is a term of the past and where idle movements and idle talk do not exist. Consequently you will find yourself with an organization where nobody wants to leave because they feel like home especially because in addition to a better pay each of them feels valued. Obviously low turnover of the workforce is a vote of confidence to the organization and everyone wants to do business with organizations with a good name. All this leads to increase in the organization's bottom line and everyone associated with the organization is happy. Amazon.com
