Speaking Effectively Developing Speaking Skills For Business English:

Speaking Effectively Jeremy Comfort, Pamela Rogerson-Revell, Trish Stott, Derek Utley, 1994-06-09 *Speaking Effectively* provides the trainer with a business English book which can be used as supplementary material or as the basis for a short course at the lower intermediate level to develop fluency and language competence. All of the 14 units are short, easy to use and do not require much preparation on the part of the teacher. The three case studies interspersed throughout the book allow the learner the opportunity to use the language acquired in the preceding units in more extended speaking activities. *Speaking Effectively* is accompanied by a cassette with the tapescripts in the back of the book. *Speaking Effectively*. Jeremy Comfort, 1994. **Speaking Effectively. Developing Speaking Skills for Business English** J. Comfort, Pamela Rogerson, Trish Stott, Derek Utley, 2008. **ENGLISH LANGUAGE LABORATORIES** NIRA KONAR, 2011-07-30 Today acquiring English language skills has become so essential, especially for those who are looking for new jobs in reputed organizations as well as for the practising professionals. Many engineering students, even though they have adequate knowledge of their subject, are unable to express themselves well in English. Taking this into account, engineering colleges/institutes have introduced exclusive English Language Laboratories where students are drilled in the practical aspects of the English language. This compact and comprehensive book is a step-by-step practical guide to students, telling them how to prepare technical reports and how to acquire the basic communication skills: listening, speaking, reading, and writing. The book deals with conversation, situational dialogues, and role plays and Group Discussions (GDs). It also gives detailed discussion about Interviews: step-by-step preparation, practical and psychological preparation, the dos and don'ts for interview, besides dealing with different kinds of interviews: telephonic, videoconferencing, and others. In addition, the text stresses the importance of researching the organization and salary negotiations. Finally, the book shows the students how to make powerpoint presentations (PPTs), the structure of presentation, and using audio visuals. This activity-based, skill-oriented, learner-centred book is designed according to the WBUT syllabus on Technical Report Writing and Language Laboratory Practice for the B.Tech students. However, it would be equally useful for B.Tech/B.E. students across the country.

DISTINGUISHING FEATURES A practical and student-friendly text, the stress being on the functional aspects of the language and various activities for acquiring the language. Gives the Methodology of conducting activities such as GDs, Interviews, and Presentation. Provides model GD topics and the step-by-step process of making PPTs. Clearly spells out all the details right from preparing a good job application, researching the company, including its financial health, to preparing the job portfolio, to wearing the proper dress, handling questions, and negotiating salary. Provides an extensive list of probable questions along with their answers to prepare students for mock interviews. Also gives well-crafted questions at the end of each lesson. *Self Learning Instructional Center Catalog of Courses*, 1985*. *How to Speak Business English with Confidence: A Guide to Boosting Business English Proficiency* Ranjot Singh Chahal, 2023-08-10 In the rapidly evolving world of business, effective
