Speaking Out The Autobiography Of Lester Garfield Maddox:

Speaking Out Lester Maddox,1975 Georgia Governors in an Age of Change Harold P. Henderson, Gary L. Roberts, 1988 Beginning with the inauguration of Ellis Arnall as governor in 1943 Georgia Governors in an Age of Change traces the gubernatorial leadership of Georgia through four decades chronicling the state s rise from bastion of southern provincialism to a dynamic and progressive state From Southern Wrongs to Civil Rights Sara Mitchell Parsons, 2009-02 This first hand account tells the story of turbulent civil rights era Atlanta through the eyes of a white upper class woman who became an outspoken advocate for integration and racial equality As a privileged white woman who grew up in segregated Atlanta Sara Mitchell Parsons was an unlikely candidate to become a civil rights agitator After all her only contacts with blacks were with those who helped raise her and those who later helped raise her children As a young woman she followed the conventional path expected of her becoming the dutiful wife of a conservative husband going to the country club and playing bridge But unlike many of her peers Parsons harbored an increasing uneasiness about racial segregation In a memoir that includes candid diary excerpts Parsons chronicles her moral awakening With little support from her husband she runs for the Atlanta Board of Education on a quietly integrationist platform and once elected becomes increasingly outspoken about inequitable school conditions and the slow pace of integration Her activities bring her into contact with such civil rights leaders as Martin Luther King Ir and his wife Coretta Scott King For a time she leads a dual existence sometimes traveling the great psychic distance from an NAACP meeting on Auburn Avenue to an all white party in upscale Buckhead She eventually drops her ladies clubs and her deepening involvement in the civil rights movement costs Parsons many friends The Second Coming of Paisley Richard Lawrence Jordan, 2013-04-04 The Second Coming as well as her first marriage of Paisley is the first book to examine the relationship between the Reverend Ian Paisley and leaders of the militant wing of evangelical fundamentalism in the United States in the period immediately preceding the outbreak of the Northern Ireland Troubles in the late 1960s Jordan convincingly demonstrates that it was exposure to the ideas and principles of leaders of the Christian right such as Carl McIntire and Billy James Hargis that enabled Paisley to develop a militant brand of politicized religious fundamentalism that he used successfully to block the advance of civil rights for Northern Ireland's Catholic population This cross fertilization happened not in a historical vacuum but in the context of several centuries of interaction and exchange between Ulster and North America Drawing upon extensive archival research Jordan provides a full background analysis and establishes a framework for understanding the extraordinary force with which Reverend Paisley used a religious culture imported from the United States to affect a radical shake up of religion and politics in Northern Ireland Shedding new light on the influence of evangelical fundamentalism The Second Coming of Paisley will be indispensable for scholars interested in the influence of religion on politics Restructured Resistance Jeff Roche, 2010-09-01 In the spring of 1960 unprecedented public hearings were held on segregation and the future of public

education These hearings held by John Sibley and the Georgia General Assembly Committee on Schools offered a rare glimpse into the reactions of southerners black and white to the changes wrought by the civil rights movement Restructured Resistance uses newly opened private papers public records newspaper reports and oral history interviews to examine how the desegregation of public schools in Georgia reflected the evolution of southern society economics and politics In the midst of crisis over segregation as a symbol of southern distinctiveness the state legislature accepted the inevitable adopted the Sibley Commission's proposals and created a deliberate and more utilitarian form of defiance a restructured resistance rooted in contemporary practicality and corporate pragmatism **In My Father's House** Bob Shands, 2006 The History Of Actions Of The Author's Father In Atlanta From 1953 1963 The Father Was A White Southern Baptist Minister Who Took Unpopular Positions On School Designation The Book Further Deals With The Impart On The Author Growing Up In That Household The Politics of Change in Georgia Harold P. Henderson, 1991 This biography of Ellis Arnall follows the life and political career of the former governor from his rural Georgia upbringing through his service as state representative attorney general and governor to his subsequent political exile Arnall assumed the governorship of Georgia in 1943 becoming the youngest person in the United States ever elected to that position In his single term 1943 1947 he initiated a series of remarkable reforms that elevated Georgia above its Tobacco Road image and stood it alongside North Carolina then the South s most progressive state Unlike most of his colleagues Arnall refused to play it safe in the state s political arena Though still a segregationist and a traditionalist in many ways Arnall had no patience for provincialism and cared deeply about Georgia and how it was viewed by the rest of the nation Boldly confronting the demagoguery of his predecessor Eugene Talmadge Arnall who called himself a democrat with a small d united the state s liberal and conservative factions to deliver the promise of the New South to all of Georgia's citizens biracial voting government reform economic development and an improved standard of living So sweeping and farsighted were Arnall s accomplishments that to a great extent the structure of Georgia s present day government evolved under his guidance and has changed little since In 1985 a Georgia Association of Historians survey ranked Arnall s leadership responsiveness to issues and national reputation the highest among governors who served from 1943 1983 Successful as it was his career begun a decade earlier in the state house of representatives was cut short Many Georgians felt that Arnall was too liberal and worse that he had catered to the national media enhancing his own image by discussing the state s problems with outsiders By Arnall s own estimation his political career ended when he decided to abide by a 1945 federal court decision that invalidated Georgia s white voters only primary elections Arnall left politics in 1947 returning briefly in 1966 for a spirited but unsuccessful primary bid for governor Written with Ellis Arnall's full cooperation and filled with fascinating details of the final days of Old South politics this book recounts the political career of one of the region s most accomplished and energetic leaders The Politics of Change in Georgia is based on the former governor's speeches and public writings critical and supportive newspapers accounts and interviews both with

Arnall and with other prominent Georgians such as Herman E Talmadge S Ernest Vandiver Jr Lester G Maddox Carl E Fight Against Fear Clive Webb, 2011-03-15 In the Sanders Jr James H Gray Sr Howard H Callaway and Ivan Allen Jr uneasily shared history of Jews and blacks in America the struggle for civil rights in the South may be the least understood episode Fight against Fear is the first book to focus on Jews and African Americans in that remarkable place and time Mindful of both communities precarious and contradictory standings in the South Clive Webb tells a complex story of resistance and complicity conviction and apathy Webb begins by ranging over the experiences of southern Jews up to the eve of the civil rights movement from antebellum slaveowners to refugees who fled Hitler's Europe only to arrive in the Jim Crow South He then shows how the historical burden of ambivalence between Jews and blacks weighed on such issues as school desegregation the white massive resistance movement and business boycotts and sit ins As many Jews grappled as never before with the ways they had become and yet never could become southerners their empathy with African Americans translated into scattered individual actions rather than any large scale organized alliance between the two groups The reasons for this are clear Webb says once we get past the notion that the choices of the much larger less conservative and urban centered Jewish populations of the North define those of all American Jews To understand Jews in the South we must look at their particular circumstances their small numbers and wide distribution denominational rifts and well founded anxiety over defying racial and class customs set by the region s white Protestant majority For better or worse we continue to define the history of Jews and blacks in America by its flash points By setting aside emotions and shallow perceptions Fight against Fear takes a substantial step toward giving these two communities the more open and evenhanded consideration their shared experiences demand Letters from New-York Lydia Maria Child, 1998 Prominent author and abolitionist Lydia Maria Child began writing her letters from New York in August 1841 as a response to the troubling realities marking her private and public life In particular she was preoccupied by her editorial duties at the National Anti Slavery Standard and dismayed by the growing sectarian spirit of antislavery reform Collected primarily from the pages of the Standard her literary essays on women s rights the preaching of African American minister Julia Pell the Crosby Street Synagogue animal magnetism the engineering miracle of Croton Aqueduct and countless other people topics and events capture the breathless and sometimes unsettling transformation of one representative hub of national life In his general introduction and annotation of the text Bruce Mills reconstructs the biographical and cultural context surrounding the book s publication and documents substantive changes between the Standard's version of the letters and the book form This edition also includes ten letters that Child chose to omit from earlier editions including essays on the farewell gathering for the Amistad captives at the African Methodist Episcopal Zion Church and the near lynching of British abolitionist George Thompson Long considered among Child's best writing Letters from New York still captivates readers with its moving descriptions of enduring cultural realities It offers readers a telling glimpse of New York as an emerging urban center and is an invaluable addition to the

library of American literature **Saving the Georgia Coast** Paul Bolster, 2020-03-15 Fifty years ago Georgia chose how it would use the natural environment of its coast The General Assembly passed the Coastal Marshlands Protection Act in 1970 and surprisingly Lester Maddox a governor who had built a conservative reputation by defending segregation signed it into law With this book Paul Bolster narrates the politics of the times and brings to life the political leaders and the coalition of advocates who led Georgia to pass the most comprehensive protection of marshlands along the Atlantic seaboard Saving the Georgia Coast brings to light the intriguing and colorful characters who formed that coalition wealthy island owners hunters and fishermen people who made their home on the coast courageous political leaders garden club members clean water protectors and journalists It explores how that political coalition came together behind governmental leaders and traces the origins of environmental organizations that continue to impact policy today Saving the Georgia Coast enhances the reader s understanding of the many steps it takes for a bill to become a law Bolster's account reviews state policy toward the coast today giving the reader an opportunity to compare yesterday to the present Current demands on the coastal environment are different including spaceports and sea rise from climate change but the political pressures to generate new wealth and new jobs or to perch a home on the edge of the sea are no different than fifty years ago Saving the Georgia Coast spotlights the past and present decisions needed to balance human desires with the limits of what nature has to offer Crow Jennifer Lynn Ritterhouse, 2006 Sheds new light on the racial etiquette of the South after the Civil War examining what factors contributed to the unwritten rules of individual behavior for both white and black children Simultaneous and Dine in Dixie Angela Jill Cooley, 2015 This book explores the changing food culture of the urban American South during the Jim Crow era by examining how race ethnicity class and gender contributed to the development and maintenance of racial segregation in public eating places Significant legal changes later supported the unprecedented progress of the Civil Rights Act of 1964 A Voting Rights Odyssey Laughlin McDonald, 2003-03-27 From slavery to the white backlash of the 1990s A Voting Rights Odyssey is a riveting account of the crusade for equal voting rights in Georgia Written by a veteran civil rights lawyer the book draws upon expert reports and other court records as well as trial testimony and interviews with the men and women who served as plaintiffs and witnesses in litigation that helped forge a revolution in voting rights The book explores and repudiates the myths of the Reconstruction era that blacks were incapable of voting and holding office It also catalogues the attempts of the state leadership to maintain white supremacy after the abolition of the white primary the demands of the Civil Rights Movement and passage of the historic Voting Rights Act of 1965 A must read for anyone interested in the way in which race has driven and distorted the political process in the South The Confederate Battle Flag John M. COSKI, 2009-06-30 Beautiful Minds explains how and why apes and dolphins are so distantly related yet so cognitively alike and what this teaches us about another large brained mammal Homo sapiens Noting that apes and dolphins have had no common ancestor in nearly 100 million years Bearzi and Stanford describe the parallel evolution that gave rise

to their intelligence Goldwater Girls to Reagan Women Robin M. Morris, 2022-10-01 Goldwater Girls to Reagan Women is a statewide study of women s part in the history of conservatism the New Right and the Republican Party in the state of Georgia Robin M Morris examines how the growth of the Republican Party in the 1960s and 1970s was due in large part to the political activism of white women The book begins with the African American women who established the Georgia Federation of Republican Women and follows how they lost the organization and the party to white women moving to the Sunbelt South Conservative white women developed a language and strategy of family values that they deployed to battle school busing defeat the Equal Rights Amendment and elect Republican leaders even in Jimmy Carter's home state Morris uses original interviews and archival research in personal papers of women activists in the Georgia New Right movement including Lee Ague Miller Beth Callaway Kathryn Dunaway Lee Wysong and Hattie Greene to reveal the motivations and actions that transformed the state from blue to red In this era perceived threats to family life and traditional values spurred women led grassroots organization that enabled broad political shifts on the state level Conservative women carved out their political niche as they consolidated and expanded their power and influence Rather than a male dominated top down approach Morris centers her historical account on the middle class white women whose actions changed the political landscape of the state and ultimately the country The New Encyclopedia of Southern Culture James W. Elv Jr., Bradlev G. Bond, Charles Reagan Wilson, 2014-02-01 Volume 10 of The New Encyclopedia of Southern Culture combines two of the sections from the original edition adding extensive updates and 53 entirely new articles In the law section of this volume 16 longer essays address broad concepts ranging from law schools to family law from labor relations to school prayer The 43 topical entries focus on specific legal cases and individuals including historical legal professionals parties from landmark cases and even the fictional character Atticus Finch highlighting the roles these individuals have played in shaping the identity of the region The politics section includes 34 essays on matters such as Reconstruction social class and politics and immigration policy New essays reflect the changing nature of southern politics away from the one party system long known as the solid South to the lively two party politics now in play in the region Seventy shorter topical entries cover individual politicians political thinkers and activists who have made significant contributions to the shaping of southern politics

Enforcing Equality Rebecca E Zietlow,2006-10 In Enforcing Equality Rebecca E Zietlow assesses Congress s historical role in interpreting the Constitution and protecting the individual rights of citizens provocatively challenging conventional wisdom that courts not legislatures are best suited for this role Specifically focusing on what she calls rights of belonging a set of positive entitlements that are necessary to ensure inclusion participation and equal membership in diverse communities Zietlow examines three historical eras Reconstruction the New Deal era and Civil Rights era of the 1960s She reveals that in these key periods when rights of belonging were contested and defined Congress has played the role of protector of rights at least as often as the Supreme Court has adopted this role Enforcing Equality also engages in a

sophisticated theoretical analysis of Congress as a protector of rights comparing the institutional strengths and weaknesses of Congress and the courts as protectors of the rights of belonging With the recent new appointments to the Supreme Court and Congressional elections in November 2006 this timely book argues that individual rights are best enforced by the political process because they express the values of our national community and as such litigation is no substitute for collective political action Loserville Clayton Trutor, 2022-02 2023 Bell Award for the Best Book on Georgia History A Sports Collectors Digest Best Baseball Book of 2022 A Public Books Public Pick of 2022 In July 1975 the editors of the Atlanta Constitution ran a two part series entitled Loserville U S A The provocatively titled series detailed the futility of Atlanta's four professional sports teams in the decade following the 1966 arrival of its first two major league franchises Major League Baseball's Atlanta Braves and the National Football League's Atlanta Falcons Two years later the Atlanta Hawks of the National Basketball Association became the city's third major professional sports franchise In 1972 the National Hockey League granted the Flames expansion franchise to the city making Atlanta the first southern city with teams in all four of the big leagues The excitement surrounding the arrival of four professional franchises in Atlanta in a six year period soon gave way to widespread frustration and eventually widespread apathy toward its home teams All four of Atlanta's franchises struggled in the standings and struggled to draw fans to their games Atlantans indifference to their new teams took place amid the social and political fracturing that had resulted from a new Black majority in Atlanta and a predominately white suburban exodus Sports could never quite bridge the divergence between the two Loserville examines the pursuit arrival and response to professional sports in Atlanta during its first decade as a major league city 1966 75 It scrutinizes the origins of what remains the primary model for acquiring professional sports franchises offers of municipal financing for new stadiums Other Sunbelt cities like San Diego Phoenix and Tampa that aspired to big league stature adopted Atlanta's approach Like the teams in Atlanta the franchises in these cities have had mixed results both in terms of on field success and financial stability Lincoln Review ,1981 Encyclopedia of the Sixties Abbe A. Debolt, James S. Baugess, 2011-12-12 Comedian Robin Williams said that if you remember the 60s you weren t there This encyclopedia documents the people places movements and culture of that memorable decade for those who lived it and those who came after Encyclopedia of the Sixties A Decade of Culture and Counterculture surveys the 1960s from January 1960 to December 1969 Nearly 500 entries cover everything from the British television cult classic The Avengers to the Vietnam War and the civil rights movement The two volume work also includes biographies of artists architects authors statesmen military leaders and cinematic stars concentrating on what each individual accomplished during the 1960s with brief postscripts of their lives beyond the period There was much more to the Sixties than flower power and LSD and the entries in this encyclopedia were compiled with an eye to providing a balanced view of the decade Thus unlike works that emphasize only the radical and revolutionary aspects of the period to the exclusion of everything else these volumes include the political and cultural Right taking a more
