Shane Bjornlie,2016-07-15 The transformation from the classical period to the medieval has long been associated with the rise of Christianity This association has deeply influenced the way that modern audiences imagine the separation of the classical world from its medieval and early modern successors The role played in this transformation by Constantine as the first Christian ruler of the

Roman Empire has also profoundly shaped the manner in which we frame Late Antiquity and successive periods as distinctively Christian. The modern demarcation of the post classical period is often inseparable from the reign of Constantine. The attention given to Constantine as a liminal figure in this historical transformation is understandable. Constantine's support of Christianity provided the religion with unprecedented public respectability and public expressions of that support opened previously unimagined channels of social, political and economic influence to Christians and non Christians alike. The exact nature of Constantine's involvement or intervention has been the subject of continuous and densely argued debate. Interpretations of the motives and sincerity of his conversion to Christianity have characterized with various results explanations of everything from the religious culture of the late Roman state to the dynamics of ecclesiastical politics. What receives less frequent attention is the fact that our modern appreciation of Constantine as a pivotal historical figure is itself a direct result of the manner in which Constantine's memory was constructed by the human imagination over the course of centuries. This volume offers a series of snapshots of moments in that process from the fourth to the sixteenth century.

History of the Reformation in the sixteenth century; [vol. 1-2] by J. H. M. d'A., ... translated by D. D. Scott; with notes from the Netherlands edition of J. J. Le Roy. ([vol. 3] by J. H. M. d'A., ... assisted ... by H. White ... With notes by D. D. Scott.). Jean Henri MERLE D'AUBIGNÉ, 1847 *Philalethe Reveal'd - Vol.1 B/W* Captain NEMO, Fra' Cercone, 2015-09-16 For the first time the major work by Eyræneus Philalethe Cosmopolita is disclosed to the reader of Alchemy as a comparative study on three original editions supported by an historical survey about Elias Artista and the New World utopia. In the XVI century a bunch of fools dreamed to establish a new society based on Mother Nature's knowledge; unfortunately that dream failed to become true. Philalethe, one of those good men, went back to his laboratory and to the of the Philosophers he left us his Secrets Reveal'd. His work is a true masterpiece of Alchemy, extremely difficult to be properly understood by those who are not ready to leave logic, vanity and lust for possession. Since the academic world presumes that the Ancient Art is just a junky forerunner of chemistry, we assumed that Philalethe, an alchemist, deserved to be studied and commented by operative alchemists. His teachings are outstanding and no one will ever be able to enter the Shut Palace of the King without Humility and Patience.

A Christian Directory (Vol. 1-4) Richard Baxter, 2023-11-25 Richard Baxter's A Christian Directory is an extensive compendium of practical guidance for Christian living, consisting of four volumes that encapsulate the theological, ethical and practical dimensions of faith. Written in a clear and accessible style, Baxter elucidates a framework for understanding the complexities of spiritual life amid the trials of the seventeenth century. The work is notable for its integration of Puritan theological principles, emphasizing personal piety, moral integrity and the role of the church, offering readers a deep well of insight into achieving a life reflective of Christian virtues. Richard Baxter was a prominent English Puritan theologian whose life was marked by pastoral care and a persistent commitment to reforming the church. His experiences as a preacher during periods of political unrest and religious upheaval greatly informed his writings. Deeply

concerned with the spiritual welfare of his flock Baxter endeavored to provide a resource that addressed the everyday struggles of believers drawing from his extensive theological training and pastoral experience to compose this seminal text that has influenced generations of Christians A Christian Directory is not merely a book but a spiritual companion for anyone seeking to deepen their faith and navigate life's moral quandaries It is highly recommended for theologians clergy and laypersons alike providing enduring wisdom that remains relevant in contemporary Christian discourse Baxter's work invites readers into a comprehensive exploration of faith that is as challenging as it is rewarding

The Crowd in the Early Middle Ages Shane Bobrycki, 2024-11-19 The importance of collective behavior in early medieval Europe By the fifth and sixth centuries the bread and circuses and triumphal processions of the Roman Empire had given way to a quieter world And yet as Shane Bobrycki argues the influence and importance of the crowd did not disappear in early medieval Europe In *The Crowd in the Early Middle Ages* Bobrycki shows that although demographic change may have dispersed the urban multitudes of Greco-Roman civilization collective behavior retained its social importance even when crowds were scarce Most historians have seen early medieval Europe as a world without crowds In fact Bobrycki argues early medieval European sources are full of crowds although perhaps not the sort historians have trained themselves to look for Harvests markets festivals religious rites and political assemblies were among the gatherings used to regulate resources and demonstrate legitimacy Indeed the refusal to assemble and other forms of slantwise assembly became a weapon of the powerless Bobrycki investigates what happened when demographic realities shifted but culture religion and politics remained bound by the past The history of crowds during the five hundred years between the age of circuses and the age of crusades Bobrycki shows tells an important story one of systemic and scalar change in economic and social life and of reorganization in the world of ideas and norms
