

# INFORMATIVE SPEECH OUTLINE

## THE IMPACT OF CLIMATE CHANGE

### I. Introduction

- A. Attention Getter: Imagine a world where your favorite beaches are swallowed by the sea, winters are just a myth, and summers are unbearably hot. Sounds unreal? But that's the direction we're headed in because of climate change.
- B. Relevance: Climate change affects all of us. It doesn't matter where we live or what we do; it's a global problem that requires a global solution.
- C. Credibility: As an environmental science student, I have spent the last three years studying the impacts of climate change on our world and how we can address them.
- D. Thesis: Today, I'll share with you the causes, the effects, and the solutions to climate change.
- E. Preview: Specifically, we'll discuss what climate change is, its causes, how it's affecting us, and what we can do to mitigate its impacts.

### II. Body

#### A. What is Climate Change?

- 1. Define Climate Change: Climate change is a long-term alteration in the statistical distribution of weather patterns.
- 2. Evidence of Climate Change: Explain the evidence we have, such as increasing global temperatures, melting ice caps, and rising sea levels.

#### B. Causes of Climate Change

- 1. Natural Causes: Discuss natural causes, such as volcanic eruptions and solar radiation.
- 2. Human Causes: Discuss human causes, such as deforestation and burning of fossil fuels.

#### C. Effects of Climate Change

- 1. Environmental Impacts: Discuss the environmental impacts, such as loss of biodiversity and extreme weather conditions.
- 2. Social and Economic Impacts: Discuss the social and economic impacts, like displacement of people and impact on agriculture.

#### D. Solutions to Climate Change

- 1. Individual Actions: Talk about actions individuals can take, like reducing, reusing, recycling, and adopting a plant-based diet.
- 2. Global Actions: Discuss the global efforts required, such as policy changes, renewable energy, and reforestation.

### III. Conclusion

- A. Review: Recap the main points about what climate change is, its causes, effects, and potential solutions.
- B. Restate Thesis: Reinforce the importance of understanding and addressing climate change.
- C. Memorable Close: Challenge the audience to take actions in their lives to combat climate change. For example, "As we step out of this room today, let's all remember that our planet is our only home. It's in our hands to protect it."

### IV. References

## Speech For Instance:

*Habermas: A Guide for the Perplexed* Lasse Thomassen, 2010-04-18 A clear accessible and authoritative account of Jurgen Habermas's wide ranging and ambitious philosophical project

**Universal Grammar and Narrative Form** David Herman, 1995 In a major rethinking of the functions methods and aims of narrative poetics David Herman exposes important links between modernist and postmodernist literary experimentation and contemporary language theory Ultimately a search for new tools for narrative theory his work clarifies complex connections between science and art theory and culture and philosophical analysis and narrative discourse Following an extensive historical overview of theories about universal grammar Herman examines Joyce's *Ulysses* Kafka's *The Trial* and Woolf's *Between the Acts* as case studies of modernist literary narratives that encode grammatical principles which were re-fashioned in logic linguistics and philosophy during the same period Herman then uses the interpretation of universal grammar developed via these modernist texts to explore later twentieth century cultural phenomena The problem of citation in the discourses of postmodernism for example is discussed with reference to syntactic theory An analysis of Peter Greenaway's *The Cook The Thief His Wife and Her Lover* raises the question of cinematic meaning and draws on semantic theory In each case Herman shows how postmodern narratives encode ideas at work in current theories about the nature and function of language Outlining new directions for the study of language in literature *Universal Grammar and Narrative Form* provides a wealth of information about key literary linguistic and philosophical trends in the twentieth century

*Speech Presentation in Homeric Epic* Deborah Beck, 2012-11-01 The *Iliad* and the *Odyssey* are emotional powerhouses largely because of their extensive use of direct speech Yet this characteristic of the Homeric epics has led scholars to underplay the poems use of non direct speech the importance of speech represented by characters and the overall sophistication of Homeric narrative as measured by its approach to speech representation In this pathfinding study by contrast Deborah Beck undertakes the first systematic examination of all the speeches presented in the Homeric poems to show that Homeric speech presentation is a unified system that includes both direct quotation and non direct modes of speech presentation Drawing on the fields of narratology and linguistics Beck demonstrates that the *Iliad* and the *Odyssey* represent speech in a broader and more nuanced manner than has been perceived before enabling us to reevaluate our understanding of supposedly modern techniques of speech representation and to refine our idea of where Homeric poetry belongs in the history of Western literature She also broadens ideas of narratology by connecting them more strongly with relevant areas of linguistics as she uses both to examine the full range of speech representational strategies in the Homeric poems Through this in depth analysis of how speech is represented in the Homeric poems Beck seeks to make both the process of their composition and the resulting poems themselves seem more accessible despite pervasive uncertainties about how and when the poems were put together

Once More Unto the Speech, Dear Friends: The tragedies William Shakespeare, 2006-12 Applause Books There has been a great change in the last

twenty years to actor auditions which now require the demonstration of enormous flexibility The actor is often expected to show more range than ever before and often several shorter audition speeches are asked for instead of one or two longer ones To stay at the top of his or her game the Shakespearean actor needs more knowledge of what makes the play tick especially since the early plays demand a different style from the later ones Each genre comedy history tragedy has different requirements No current monologue book deals directly with the bulk of these concerns One More unto the Speech Dear Friends now fills that gap This three volume set will help actors discover the extra details of humanity that the original folio texts automatically offer Of Shakespeare's 37 plays only Pericles is not included In the trilogy of books there are over 900 separate audition possibilities This represents about 600 more monologues than are available in any other series There are four parts to each speech A background giving context and approximate timing A modern text version The original folio version Commentary to explain the differences between the two texts including full discussion of the devices peculiar to that speech's genre the age and gender of the character and more

*Navigating Childhood Stuttering* Ramandeep

Kaur, 2025-06-14 This book serves as a guide covering stuttering from its development and treatment to relapse and recovery In addition to discussing types and prevalence it also explores various treatment techniques for children The chapters address the emotional aspects of stuttering and integrate elements from speech therapy cognitive and behavioral therapy education and occupational therapy ensuring holistic care and understanding for both patients and caregivers The book is supplemented with case studies of individuals who have overcome their stuttering This book is relevant to occupational therapists professionals and students alike offering insights and strategies for understanding managing and overcoming stuttering

*Beyond Syria's Borders* Emma Lundgren Jörum, 2014-12-03 The ongoing crisis in Syria has not only affected those caught within the country's borders but with the deluge of refugees fleeing the violence it has also had an impact on the surrounding countries Lebanon together with the province of Hatay in Turkey containing Antakya and the Golan Heights were all originally part of French Mandate Syria but are now all outside the boundaries of the modern Syrian state The policies and reactions of Syria both to the loss of these territories and to the states that have either emerged from absorbed or annexed them Lebanon Turkey and Israel are the focus of Emma Lundgren Jörum's book *Beyond Syria's Borders* highlights the differences between actual policy on the one hand and rhetoric and discourse on the other when it comes to each of these three cases It does so in order to understand the nature of not only territorial dispute in the region but also the processes of state building and nationalism more generally Covering the formation of the Syrian Arab Republic from the fall of the Ottoman Empire through to the twenty-first century Lundgren Jörum examines the ways in which Syrian views of these lost territories have changed over time Through the examination of Syria's foreign policies towards these lost territories Lundgren Jörum sets out and analyses Syrian Turkish Syrian Lebanese and Syrian Israeli relations In doing so she advances particular conceptions of nationalism to explain why Syria views certain lost territories as more valuable than

others and why some losses have been pushed to one side and others remain at the forefront in Syria's international relations and diplomacy efforts despite and sometimes because of the current conflict Lundgren Jorum's examination of Syria's responses to the loss of territory is thus vital for any reader attempting to understand the workings of Syrian foreign policy impacting everything from Syria's role in the Middle East to the wider Arab-Israeli conflict This makes it vital for those researching both the history of border conflicts in the region as well as the current crisis

**Canonical Morphology and Syntax** Dunstan Brown, Marina Chumakina, Greville G. Corbett, 2013 This is the first book to present Canonical Typology a framework for comparing constructions and categories across languages The canonical method takes the criteria used to define particular categories or phenomena eg negation finiteness possession to create a multidimensional space in which language specific instances can be placed In this way the issue of fit becomes a matter of greater or lesser proximity to a canonical ideal Drawing on the expertise of world class scholars in the field the book addresses the issue of cross linguistic comparability illustrates the range of areas from morphosyntactic features to reported speech to which linguists are currently applying this methodology and explores to what degree the approach succeeds in discovering the elusive canon of linguistic phenomena

**The Complete Idiot's Guide to Public Speaking** Laurie Rozakis, 1999 Stresses the value of being able to speak in public and offers advice on speech writing handling specific types of speeches preparing and rehearsing overcoming stage fright and delivering an effective speech

*Speaking in Tongues* Mark J. Cartledge, 2012-04-04 Speaking in tongues glossolalia is a common spiritual phenomenon in the Pentecostal and Charismatic streams of the Christian church Such Christians believe that when they speak in tongues they are communicating with God in a language that they have never learned spiritual prayer language given to them by the Holy Spirit This innovative volume seeks to enhance our understanding and appreciation of glossolalia by examining it from a range of different angles Christian scholars from diverse academic disciplines bring to bear the insights of their own specialist areas to shed new light on the practice of speaking in tongues The disciplines include New Testament Studies Max Turner Theology Frank D Macchia History Neil Hudson Philosophy James K A Smith Linguistics David Hilborn Sociology Margaret M Poloma Psychology William K Kay A final chapter by Mark J Cartledge seeks to show how all of these perspectives can work together and enrich a Christian appreciation of the gift of tongues

**Pragmatics of Speech Actions** Marina Sbisà, Ken Turner, 2013-07-31 This volume provides extensive critical information about current discussions in the study of speech actions Its central reference point is classic speech act theory but attention is also paid to nonstandard developments and other approaches that study speech as action The first part of the volume deals with main concepts methodological issues and phenomena common to different kinds of speech action The second part deals with specific kinds of speech actions including types of illocutionary acts and some discourse and conversational phenomena Reduced series price print available degruyter de rhenus com
