**Rebirth of the Druids** Marcheale E Tyler, 2001 Long ago all the lords and the ladies of the magic lands or Druids as we know them left the known lands Only a few spellbinders and the old woman they called the Oracle remained behind The Druids promised to return but never did so there was an imbalance in the flow of magic that came from the five wellsprings beneath the land The magic flowed too freely and the motherland could not take the strain The Oracle predicted that in the next few years furious storms would take over the skies earthquakes would be common and all the seas would turn to poison Only the Druids had enough ability to harness the wellsprings and restore the balance At length the Oracle called a young guard a spellbinder named Curren to her private chamber She reminded him of the history of the Druids and of the wellsprings Then she told him of the vision she had just had Her vision showed her that soon they would have Druids among them again but not the Druids of old New ones would be born from common women but because of the lack of magic in the mothers bodies and the desperate need for it in the babies the children would not survive the birth without help This was Curren's mission to rescue resuscitate and rear the five Druid children by harnessing and channeling the magic of the land through his catalyst stone But it was a mission fraught with danger and betrayal
