Who's Coming to Dinner The Graduate In the Heat of the Night Doctor Doolittle and Bonnie and Clyde and through them the larger story of the cultural revolution that transformed Hollywood and America forever It's the mid 1960s and westerns war movies and blockbuster musicals Mary Poppins The Sound of Music dominate the box office The Hollywood studio system with its cartels of talent and its production code is hanging strong or so it would seem Meanwhile Warren Beatty wonders why his career isn't blooming after the success of his debut in Splendor in the Grass Mike Nichols wonders if he still has a career after breaking up with Elaine May and even though Sidney Poitier has just made history by becoming the first black Best Actor winner he's still feeling completely cut off from opportunities other than the same noble black man role And a young actor named Dustin Hoffman struggles to find any work at all By the Oscar ceremonies of the spring of 1968 when In the Heat of the Night wins the 1967 Academy Award for Best Picture a cultural revolution has hit Hollywood with the force of a tsunami The unprecedented violence and nihilism of fellow nominee Bonnie and Clyde has shocked old guard reviewers but helped catapult Warren Beatty and Faye Dunaway into counterculture stardom and made the movie one of the year's biggest box office successes Just as unprecedented has been the run of nominee The Graduate which launched first time director Mike Nichols into a long and brilliant career in filmmaking to say nothing of what it did for Dustin Hoffman Simon and Garfunkel and a generation of young people who knew that whatever their future was it wasn't in plastics Sidney Poitier has reprised the noble black man role brilliantly not once but twice in Guess Who's Coming to Dinner and In the Heat of the Night movies that showed in different ways both how far America had come on the subject of race in 1967 and how far it still had to go What City of Nets did for Hollywood in the 1940s and Easy Riders Raging Bulls for the 1970s Pictures at a Revolution does for Hollywood and the cultural revolution of the 1960s As we follow the progress of these five movies we see an entire industry change and struggle and collapse and grow we see careers made and ruined studios born and destroyed and the landscape of possibility altered beyond all recognition We see some outsized personalities staking the bets of their lives on a few films that became iconic works that defined the generation and other outsized personalities making equally large wagers that didn't pan out at all The product of extraordinary and unprecedented access to the principals of all five films married to twenty years worth of insight covering the film industry and a bewitching storyteller's gift Mark Harris's Pictures at a Revolution is a bravura accomplishment and a work that feels iconic itself Hollywood Bohemians Brett L. Abrams, 2014-11-21 Between 1917 and 1941 Hollywood studios gossip columnists and novelists featured an unprecedented number of homosexuals cross dressers and adulterers in their depictions of the glamorous Hollywood lifestyle Actress Greta Garbo defined herself as the ultimate serial bachelorette Screenwriter Mercedes De Acosta engaged in numerous lesbian relationships with the Hollywood elite And countless homosexual designers brazenly picked up men in the hottest Hollywood nightclubs Hollywood's image grew as a place of sexual abandon This book demonstrates how studios and the media used images of these sexually adventurous characters to promote the industry and appeal to the prurient interests of their

audiences     A History of Evil in Popular Culture Sharon Packer MD, Jody Pennington, 2014-07-15 Evil isn't simply an abstract theological or philosophical talking point. In our society the idea of evil feeds entertainment; manifests in all sorts of media and is a root concept in our collective psyche. This accessible and appealing book examines what evil means to us. Evil has been with us since the Garden of Eden when Eve unleashed evil by biting the apple. Outside of theology evil remains a highly relevant concept in contemporary times. Evil villains in films and literature make these stories entertaining. Our criminal justice system decides the fate of convicted criminals based on the determination of their status as evil or insane. This book examines the many manifestations of evil in modern media, making it clear how this idea pervades nearly all aspects of life and helping us to reconsider some of the notions about evil that pop culture perpetuates and promotes. Covering screen media such as film, television and video games; print media that include novels and poetry; visual media like art and comics; music and political polemics, the essays in this book address an eclectic range of topics. The diverse authors include Americans who left the United States during the Vietnam War era; conservative Christians; political pundits; rock musicians; classical linguists; Disney fans; scholars of American slavery; and experts on Holocaust literature and films. From portrayals of evil in the television shows *The Wire* and *24* to the violent lyrics of the rap duo Insane Clown Posse to the storylines of *The Lord of the Rings* and *Harry Potter* books, readers will find themselves rethinking what evil is and how they came to hold their beliefs.

The Fixers E.J. Fleming, 2015-01-28 Eddie Mannix and Howard Strickling are virtually unknown outside of Hollywood and little remembered even there but as General Manager and Head of Publicity for Metro Goldwyn Mayer Studios they lorded over all the stars in Hollywood's golden age from the 1920s through the 1940s including legends like Garbo, Dietrich, Gable and Garland. When MGM stars found themselves in trouble it was Eddie and Howard who took care of them, solved their problems, hid their crimes and kept their secrets. They were the Fixers. At a time when image meant everything and the stars were worth millions to the studios that owned them, Mannix and Strickling were the most important men at MGM. Through a complex web of contacts in every arena from reporters and doctors to corrupt police and district attorneys they covered up some of the most notorious crimes and scandals in Hollywood history, keeping stars out of jail and more importantly their names out of the papers. They handled problems as diverse as the murder of Paul Bern, husband of MGM's biggest star Jean Harlow; the studio-directed drug addictions of Judy Garland; the murder of Ted Healy, creator of *The Three Stooges*; at the hands of Wallace Beery; and arranging for an unmarried Loretta Young to adopt her own child, a child fathered by a married Clark Gable. Through exhaustive research and interviews with contemporaries, this is the never before told story of Eddie Mannix and Howard Strickling. The dual biography describes how a mob-related New Jersey laborer and the quiet son of a grocer became the most powerful men at the biggest studio in the world.

**Ingrid Bergman** David Smit, 2012-10-12 Smit studies the woman behind the public image as a natural wholesome even saintly person an image carefully crafted by Bergman's first producer David O Selznick Bergman hid behind that image to live her life on her own terms That life included three difficult marriages numerous lovers and a major scandal that stained her reputation but which she survived by creating her own legend Bergman was filled with contradictions she was dependent upon men and chafed under their control she loved her children but constantly left them to perform she longed for romance but walked away from her affairs without looking back she desired to make great films but settled for being an entertainer she hated the scrutiny of the media but learned to charm reporters The author also assesses Bergman's artistry her star qualities and her acting skills She did her best work in Alfred Hitchcock's *Notorious* Roberto Rossellini's *Voyage in Italy* and Ingmar Bergman's *Autumn Sonata* Her life and image were the inspiration for these films in the first place
