Unzipped Sheri Arcuria, 2019-09-10 Being overweight you are judged on a daily basis because of how you are on the outside and rarely ever because of whom you are on the inside I had visions of walking into a party and people staring at me A zipper appears close to my chest and I unzipped it and a skinny person was revealed to the surprise of everyone in the room I was finally exposing my true inner being and no longer hiding or surrounding myself in fat We also unzip when we are about to do something intimate and personal We unzip for the purpose of changing exposing or releasing in some form In order to be your true self you have to have the courage to expose yourself physically emotionally mentally and spiritually We all have a story that is being written daily Characters come and go for the purpose of moving the story along Some scenes are sad and dark some are comical and light We hold the pen and dictate where we want to take our audience watching Some of us choose to keep it to ourselves and some of us want to use it as an opportunity to help and inspire others I am the latter This is my story

No Magic for ME Lisette Skeet, 2021-12-28 I was in my early thirties when I fell ill with myalgic encephalomyelitis It's extraordinary that one of my main pointers to recovery came in a leaflet from the ME Association where it acknowledged that while there is no known medical cure the patients who make the best recovery have paid attention to their diet Since then over thirty years ago I got better relatively fast However the ME Association has become a far bigger concern since it still insists there is no cure for the condition It produces a quarterly magazine full of information but still promises no way to get better I relate my own experiences discussing how hard it has been to be with those who are unable to comprehend my long illness which lasted between two and three years before I achieved wellness independently of the medical profession There were many months when I had no idea what my condition was and I was confused Even after diagnosis I remained ill getting worse until I could hardly walk Then a gift arrived from an auntie It was a bundle of books some of which were about good nutrition Information from the ME Association fell into place I devised a better diet took care of myself and began to recover I struggled with the recovery process and kept on researching I learned the value of vitamins and an important process related to repetitive eating I was able to return to activities such as swimming and horse riding but most wonderful of all I could care for my two small sons without needing help

hill stood tall and majestic against the gloomy sky Suddenly she heard muffled sounds from the back of the graveyard Were those voices Despite the encroaching darkness she noticed shadowy movements drawing closer Uncertain if it was real or a trick of her mind she was consumed by darkness before she could comprehend the situation Waking up in the hospital with no memory of what had happened she slowly pieced together fragments of her encounter Unaware that her evening in the graveyard marked the beginning of an extraordinary and bizarre journey she found herself grappling with the belief that she might be losing her sanity With the support of her brother and friends she embarked on a quest to unravel the mystery However in the end she realized that she alone must take the step into the unknown How far and how deep will she need to delve into the past Will one lifetime be enough
