**Great Women Mystery Writers** Elizabeth A. Blakesley, 2006-11-30 Mysteries are among the most popular books today and women continue to be among the most creative and widely read mystery writers This book includes alphabetically arranged entries on 90 women mystery writers Many of the writers discussed were not even writing when the first edition of this book was published in 1994 while others have written numerous works since then Writers were selected based on their status as award winners their commercial success and their critical acclaim Each entry provides biographical information a discussion of major works and themes and primary and secondary bibliographies The volume closes with appendices and a selected general bibliography Public library patrons will value this guide to their favorite authors while students will turn to it when writing reports *Mystery Women, Volume Three (Revised)* Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is

interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of Mystery Women as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008 Another Thing to Fall Laura Lippman, 2009-10-13 New York Times Bestseller Award winning and New York Times bestselling author Laura Lippman's Tess Monaghan first introduced in the classic Baltimore Blues must protect an up and coming Hollywood actress but when murder strikes on a TV set the unflappable PI discovers everyone's got a secret A welcome addition to Tess Monaghan's adventures and an insightful look at the desperation that drives those grasping for a shot at fame and those who will do anything to keep it San Francisco Chronicle When private investigator Tess Monaghan literally runs into the crew of the fledgling TV series Mann of Steel while sculling she expects sharp words and evil looks not an assignment But the company has been plagued by a series of disturbing incidents since its arrival on location in Baltimore bad press union threats and small costly on set accidents that have wreaked havoc with its shooting schedule As a result Mann's creator Flip Tumulty the son of a Hollywood legend is worried for the safety of his young female lead Selene Waites and asks Tess to serve as her bodyguard Tumulty's concern may be well founded Recently a Baltimore man was discovered dead in his home surrounded by photos of the beautiful if difficult aspiring star In the past Tess has had enough trouble guarding her own body Keeping a spoiled movie princess under wraps may be more than she can handle since Selene is not as naive as everyone seems to think and instead is quite devious Once Tess gets a taste of this world of make believe with their vanities their self serving agendas and their remarkably skewed visions of reality she's just about ready to throw in the towel But she's pulled back in when a grisly on set murder occurs threatening to topple the wall of secrets surrounding Mann of Steel as lives dreams and careers are scattered among the ruins **Make Mine a Mystery** Gary Warren Niebuhr, 2003-04-30 Presents a comprehensive guide for mystery and detective fiction compiling over 2 500 titles from more than 200 authors and including plot overviews a history of the genre and a discussion on collection development Bowker's Guide to Characters in Fiction 2007 , 2008-02 The Library Journal , 2000 Includes beginning
