All the Lost Things Michelle Sacks, 2019-06-04 From a master of slow burn suspense Shelf Awareness a simmering family drama about a father and daughter who embark on a road trip through the American South but what they're leaving behind is as important as what lies ahead When we first meet seven year old Dolly she immediately grabs us with a voice that is both precocious and effervescent It has been a while since her dad has spent time with her just the two of them and so when he scoops her up and promises to take her on the adventure of a lifetime Dolly is thrilled The first days on the road are incredibly exciting Every pit stop promises a new delight for Dolly and her favourite plastic horse Clemesta who she's brought along for the adventure There are milkshakes shopping sprees a theme park and all the junk food she isn't allowed to eat under her mother's watchful eye And for the first time she has her father's attention all to herself But as they travel farther south into a country Dolly no longer recognizes her dad's behavior grows increasingly erratic He becomes paranoid and irresponsible even a little scary The adventure isn't fun anymore but home is ever further away And Dolly isn't sure if she'll ever get back A compulsively readable work of psychological suspense from the first mile to the last All the Lost Things introduces a remarkable young heroine who leaps off the page charts a life changing journey and ultimately reveals the sometimes heartbreaking intersections of love truth and memory
