Jack Halberstam, Judith Halberstam, 2005 The first full length study of transgender representations in art fiction film video and music In her first book since the critically acclaimed *Female Masculinity* Judith Halberstam examines the significance of the transgender body in a provocative collection of essays on queer time and space She presents a series of case studies focused on the meanings of masculinity in its dominant and alternative forms especially female and trans masculinities as they exist within subcultures and are appropriated within mainstream culture In a Queer Time and Place opens with a probing analysis of the life and death of Brandon Teena a young transgender man who was brutally murdered in small town Nebraska After looking at mainstream representations of the transgender body as exhibited in the media frenzy surrounding this highly visible case and the Oscar winning film based on Brandon s story *Boys Don t Cry* Halberstam turns her attention to the cultural and artistic production of queers themselves She examines the transgender gaze as rendered in small art house films like *By Hook or By Crook* as well as figurations of ambiguous embodiment in the art of Del LaGrace Volcano Jenny Saville Eva Hesse Shirin Neshat and others She then exposes the influence of lesbian drag king cultures upon hetero male comic films such as *Austin Powers* and *The Full Monty* and finally points to dyke subcultures as one site for the development of queer counterpublics and queer temporalities Considering the sudden visibility of the transgender body in the early twenty first century against the backdrop of changing conceptions of space and time In a Queer Time and Place is the first full length study of transgender representations in art

fiction film video and music This pioneering book offers both a jumping off point for future analysis of transgenderism and an important new way to understand cultural constructions of time and place *Sunshine and Rainbows* Clive Moore, 2001 A history of the development of homosexuality as an Australian subculture Proceeding chronologically from the 1820s through to the vibrant alternative culture that exists in 2000 this book argues that the manner in which gay and lesbian identity has been constructed in Queensland is typical of Australia generally **Confidentiality and Its Discontents** Paul W.

Mosher, Jeffrey Berman, 2015-07-01 Freud promised his patients absolute confidentiality regardless of what they revealed but privacy in psychotherapy began to erode a half century ago Psychotherapists now seem to serve as double agents with a dual and often conflicting allegiance to patient and society Some therapists even go so far as to issue Miranda type warnings advising patients that what they say in therapy may be used against them Confidentiality and Its Discontents explores the human stories arising from this loss of confidentiality in psychotherapy Addressing different types of psychotherapy breaches Mosher and Berman begin with the the story of novelist Philip Roth who was horrified when he learned that his psychoanalyst had written a thinly veiled case study about him Other breaches of privacy occur when the so called duty to protect compels a therapist to break confidentiality by contacting the police Every psychotherapist has heard about Tarasoff but few know the details of this story of fatal attraction Nor are most readers familiar with the Jaffee case which established psychotherapist patient privilege in the federal courts Similarly the story of Robert Bierenbaum a New York surgeon who was brought to justice fifteen years after he brutally murdered his wife reveals how privileged communication became established in a state court Meanwhile the story of New York Chief Judge Sol Wachtler convicted of harassing a former lover and her daughter shows how the fear of the loss of confidentiality may prevent a person from seeking treatment with potentially disastrous results While affirming the importance of the psychotherapist patient privilege Confidentiality and Its Discontents focuses on both the inner and outer stories of the characters involved in noteworthy psychotherapy breaches and the ways in which psychiatry and the law can complement but sometimes clash with each other **Outlaw Fathers in**

Victorian and Modern British Literature Helena Gurfinkel, 2014-03-27 Outlaw Fathers in Victorian and Modern British Literature Queering Patriarchy traces the representations of outlaw fathers or queer patriarchs and their relationships with their queer sons in a particular literary tradition mid to late Victorian and twentieth century British fiction and memoir Specifically I look at such representations in Anthony Trollope s Doctor Thorne 1858 and The Prime Minister 1875 76 while also drawing on An Autobiography 1883 and The Duke s Children 1880 Samuel Butler s The Way of All Flesh published in 1901 Henry James s The Lesson of the Master 1888 J R Ackerley s My Father and Myself written in the 1930s and published in 1968 E M Forster s Little Imber 1961 with an occasional detour into The Longest Journey 1907 Howards End 1909 and Maurice published in 1971 and Alan Hollinghurst s The Spell 1998 In the coda I consider the implications of including transgender transnational female to male fathers of color in the ranks of queer patriarchy and discuss two contemporary

novels Jackie Kay's *Trumpet* 1998 Scotland and Patricia Powell's *The Pagoda* 1998 Jamaica and the United States as well as briefly an episode of the television show *The L Word* 2008 and the documentary *U People* 2007 The term queer patriarchy has two components The first one is a non traditional primarily but not exclusively non heterosexual pervasively present and culturally important paternal subjectivity The second one is the bond between such queer paternal figures and their sons biological and non biological This study pays attention primarily to the relationship between psyche language and ideology but it will join a larger conversation about the changing roles of men in general and fathers in particular which is taking place outside of the field of literary studies *The Reading Groups Book* Jenny Hartley, Sarah Turvey, 2001

The Walled Garden Lawrence M. Friedman, Joanna L. Grossman, 2022-04-11 Privacy in human history is a relatively recent concept Nobody had much privacy in the Middle Ages Even kings and queens lacked privacy it was an age when crowds watched a queen give birth and the king received visitors while on the chamber pot Technology and concepts of privacy grew up together as both friends and enemies For example the late 19th century invention of the candid camera made it possible for the first time to take someone's picture without that person's consent This fact was in the background of the classic article by Warren and Brandeis that launched the right of privacy Today we have smart phones with cameras selfies the Internet surveillance cameras and tools that can look through walls smell through walls see through walls Dangers to privacy have multiplied enormously and we have only just begun figuring how to handle the change This book is timely as our basic understandings of privacy are challenged by modern technology changing social mores and evolving legal understandings that both reflect and reinforce underlying changes in society It is likely to be of interest to graduate and undergraduate students scholars and potentially other professionals with an interest in law and social norms
