Sultans in Splendour : Monarchs of the Middle East, 1869-1945 Philip Mansel, 2000 The Black Eunuchs of the Ottoman Empire George H. Junne, 2016-06-22 The Chief Black Eunuch appointed personally by the Sultan had both the ear of the leader of a vast Islamic Empire and held power over a network of spies and informers including eunuchs and slaves throughout Constantinople and beyond The story of these remarkable individuals who rose from difficult beginnings to become amongst the most powerful people in the Ottoman Empire is rarely told George Junne places their stories in the context of the wider history of African slavery and places them at the centre of Ottoman history The Black Eunuchs of the Ottoman Empire marks a new direction in the study of courtly politics and power in Constantinople *The Sociology of Elite Distinction* J. Daloz, 2009-11-18 This major new contribution to the study of consumption examines how dominant groups express and display their sense of superiority through material and aesthetic attributes demonstrating that differences from one society to another and across historical periods challenge current understandings of elite distinction **Sultans in Splendor** Philip Mansel, 1989 *Risk Assessment* Valentina Svalova, 2018-02-28 Risk assessment is one of the main parts of complex systematic research of natural and man made hazards and risks together with the concepts of risk analysis risk management acceptable risk and risk reduction It is considered as the process of making a recommendation on whether existing risks are acceptable and present risk control measures are adequate and if they are not whether alternative risk control measures are justified or will be implemented Risk assessment incorporates the risk analysis and risk evaluation phases Risk management is considered as the complete process of risk assessment risk control and risk reduction The book reflects on the state of the art problems and addresses the risk assessment to establish the criteria for ranking risk posed by different types of natural or man made hazards and disasters to quantify the impact that hazardous event or process has on population and structures and to enhance the strategies for risk reduction and avoiding *The Architects of Ottoman Constantinople* Alyson Wharton-Durgaryan, 2015-02-26 The Balyan family were a dynasty of architects builders and property owners who acted as the official architects to the Ottoman Sultans throughout the 18th and 19th centuries Originally Armenian the family is responsible for some of the most famous Ottoman buildings in existence many of which are regarded as masterpieces of their period including the Dolmabah e Palace built between 1843 and 1856 parts of the Topkap Palace the ra an Palace and the Ortak y Mosque Forging a unique style based around European contemporary architecture but with distinctive Ottoman flourishes the family is an integral part of Ottoman history As Alyson Wharton s beautifully illustrated book reveals the Balyan s own history of falling in and out of favour with increasingly autocratic Sultans serves as a record of courtly power in the Ottoman era and is uniquely intertwined with the history of Istanbul itself **King of the World** Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel s King of the World is the most comprehensive and

up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king s effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis s court and the fascinating cast of characters who prostrated and plotted within it King of the World is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis s second wife Madame de Maintenon Mansel s narrative flair is a perfect match for this grand figure and he brings the Sun King s world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque
