Sultans Of Aden:

Sultans of Aden Gordon Waterfield, 1968 **The Sultan's Yemen** Caesar E. Farah, 2002-04-26 In the 19th century when the Ottoman Empire restored direct rule over Yemen the resulting turmoil came to threaten the security of the entire Arabian Peninsula This book describes the various military campaigns to regain control over Yemen surveying the increased foreign encroachments by the British in the south and the Italians through the Red Sea and the revolts of the Zaidi Imams and Isma'ili tribes Using previously unknown archival material this history of political rivalries and challenges confronting Ottoman Yemen in the 19th century should prove useful for scholars and students Arabia Without Sultans Fred Halliday, 2013-10-04 Fred Halliday writes The Arab Middle East is probably the most misunderstood of all regions the one with the longest history of contact with the west yet it is probably the one least understood Part of the misunderstanding is due to the romantic mythology that has long appeared to shroud the deserts of the peninsula Where old myths have broken down new ones have absorbed them or taken their place Now the Sheikh of Arabia has stepped down from his camel Instead through the delusive lens of the energy crisis he is seen to be riding a Cadillac and squeezing the powerless Western consumer of oil First published in the 1970s Arabia Without Sultans retains its validity for the present as it analyses the Arabian peninsula and Iran within the global context of western post colonial strategy and the political economy of oil Halliday offers a thorough study of the history the politics and the economy of this region in an ambitious encompassing and entertaining manner This classic work remains indispensable for students academics and all those who wish to have a greater understanding of the Arabian peninsula A well documented work written by an author who knows the language of the area Maxime Rodinson Halliday provides an unusual view point and a well documented description of the history of these states Middle East International Anyone interested in this area will want to read this International Affairs A most valuable account of the developments which have taken place in the Arab Gulf over the last hundred years Tariq Ali *Promised Lands* Jonathan Parry, 2024-12-10 A major history of the British Empire's early involvement in the Middle East Napoleon's invasion of Egypt in 1798 showed how vulnerable India was to attack by France and Russia It forced the British Empire to try to secure the two routes that a European might use to reach the subcontinent through Egypt and the Red Sea and through Baghdad and the Persian Gulf Promised Lands is a panoramic history of this vibrant and explosive age Charting the development of Britain's political interest in the Middle East from the Napoleonic Wars to the Crimean War in the 1850s Jonathan Parry examines the various strategies employed by British and Indian officials describing how they sought influence with local Arabs Mamluks Kurds Christians and Jews He tells a story of commercial and naval power boosted by the arrival of steamships in the 1830s and discusses how classical and biblical history fed into British visions of what these lands might become The region was subject to the Ottoman Empire yet the sultan's grip on it appeared weak Should Ottoman claims to sovereignty be recognised and exploited or ignored and opposed Could the Sultan's government be made to support British

objectives or would it always favour France or Russia Promised Lands shows how what started as a geopolitical contest became a drama about diplomatic competition religion race and the unforeseen consequences of history **Break all the Borders** Ariel I. Ahram,2019-01-09 Since 2011 civil wars and state failure have wracked the Arab world underlying the misalignment between national identity and political borders In Break all the Borders Ariel I Ahram examines the separatist movements that aimed to remake those borders and create new independent states With detailed studies of the Islamic State in Iraq and Syria the federalists in eastern Libya the southern resistance in Yemen and Kurdish nationalist parties Ahram explains how separatists captured territory and handled the tasks of rebel governance including managing oil exports electricity grids and irrigation networks Ahram emphasizes that the separatism arose not just as an opportunistic response to state collapse Rather separatists drew inspiration from the legacy of Woodrow Wilson and ideal of self determination They sought to reinstate political autonomy that had been lost during the early and mid twentieth century Speaking to the international community separatist promised a more just and stable world order In Yemen Syria Iraq and Libya they served as key allies against radical Islamic groups Yet their hopes for international recognition have gone unfulfilled Separatism is symptomatic of the contradictions in sovereignty and statehood in the Arab world Finding ways to integrate instead of eliminate separatist movements may be critical for rebuilding regional order **The Description of the World** Marco Polo,2016-02-11 Composed in a prison cell in 1298 by Venetian merchant Marco Polo and Arthurian romance writer Rustichello of Pisa The Description of the World relates Polo s experiences in Asia and at the court of Qubilai the Great Khan of the Mongol Empire In addition to a new translation based on the Franco Italian F manuscript of Polo s text this edition includes genealogies of the Mongol rulers and nine maps of Polo s journey as well as thorough annotation and an extensive bibliography Accounts and Papers Great Britain. Parliament. House of Lords,1839 'Fair Play' or Poisoned Chalice Sultan Ghalib bin 'Awadh al-Qua'iti II,2021-11-09 The region of South Arabia including the vast region of Hadhramaut has been a part of the Yemen since 1990 due to a shot gun marriage of an arrangement following the perestroika leading to the collapse of the Soviet Union and the withdrawal of its protecting presence Since then it has been in a regular state of ever increasing political turmoil and instability This is due to the United Nations failure to implement its Resolutions concerning the region s political future prior to British withdrawal in 1967 with Southern Arabia s strategic location at the doorstep of the world s major oil resources and its constant insecurity adding fuel to fire the latest case being the current crisis and the launch of Operation Decisive Storm in 2015 This study may be deemed authoritarian for the period it covers from many aspects due to the pen from which its authorship flows and the high and sensitive position held by its wielder at the time of the events it covers It should certainly prove a revealing and illuminating eye opener about the recent political history of a region that continues to suffer from grave paucity of material for the purpose of scholarship and about which regardless of its past greatness and current significance and strategic importance to the world at large so little is known Islamic

Fundamentalism Abdel Salam Sidahmed, 2018-02-07 The phenomenon of political Islam continues to dominate the political and social map of the Arab world with the increasingly open struggle between ruling elites and Islamists becoming the main source of political instability in many states This volume offers an in depth analysis of the rise of Islamic and fundamentalist movements in the Middle East and North Africa Through detailed case studies the contributors examine the various manifestations of political Islam highlighting differences across movements and evaluating the varying circumstances in which they arise They also assess the influence of such movements on the emerging post Cold War order in the region and consider questions of a general nature such as Islamic state theories and the impact of Islamicism on international relations

Defending Arabia J.E. Peterson, 2016-08-05 The defence of the Gulf has been a vital strategic concern for close on 100 years The British first became involved in the Gulf to protect the sea routes to India and with the development of international air routes the Gulf became a crucial staging post This book first published in 1986 surveys the strategic issues in the defence of the Gulf from the earliest British involvement up to the Iraq Iran war It examines the British retreat from the Gulf and the imperial vestiges that were left behind It considers the way in which American interests in the Gulf came to replace British interests and it analyses how American foreign policy has responded to this additional responsibility The book also investigates the regional concerns of Gulf security and the intra regional conflicts that have erupted in the Iraq Iran war

Islam and Political Development in Turkey Binnaz Toprak, 1981-01-01 **Islands of Heritage** Nathalie

Peutz, 2018-11-13 Soqotra the largest island of Yemen s Soqotra Archipelago is one of the most uniquely diverse places in the world A UNESCO natural World Heritage Site the island is home not only to birds reptiles and plants found nowhere else on earth but also to a rich cultural history and the endangered Soqotri language Within the span of a decade this Indian Ocean archipelago went from being among the most marginalized regions of Yemen to promoted for its outstanding global value Islands of Heritage shares Soqotrans stories to offer the first exploration of environmental conservation heritage production and development in an Arab state Examining the multiple notions of heritage in play for twenty first century Soqotra Nathalie Peutz narrates how everyday Soqotrans came to assemble defend and mobilize their cultural and linguistic heritage These efforts which diverged from outsiders focus on the island s natural heritage ultimately added to Soqotrans calls for political and cultural change during the Yemeni Revolution Islands of Heritage shows that far from being merely a conservative endeavor the protection of heritage can have profoundly transformative even revolutionary effects Grassroots claims to heritage can be a potent form of political engagement with the most imminent concerns of the present human rights globalization democracy and sustainability On the Edge of Empire Linda Boxberger, 2012-02-01 Offering a new perspective on a little studied society On the Edge of Empire examines the gradual incorporation of the Qu ayti and Kathiri sultanates of Hadhramawt in the southern Arabian Peninsula into the British Empire during the late nineteenth and early twentieth centuries Boxberger shows how changes in political and social institutions fostered contestation at all levels from

rivalries over territory and political power to heated debates over religious and educational reform to efforts to regulate wedding customs and women's dress. Based on extensive fieldwork, this ethnographic and historical narrative draws upon a wide variety of sources including British documents and accounts, local documents, manuscripts, and rare printed materials; extensive interviews with Hadhrami elders from all walks of life; and proverbs, poetry, and tribal lore. Clearly written and richly textured, this book is a welcome contribution to the study of Yemen, the historical ethnography of the Middle East, and the literature on the Islamic societies of the Indian Ocean littoral. Indian Ocean Migrants and State Formation in Hadhramaut Ulrike Freitag, 2003. This history of Hadhramaut in the 19th and 20th centuries shows the fascinating influence of diasporic merchants and scholars in the Indian Ocean on the evolution of their tribal homeland. It argues that international networks contributed to the formation of a modernity that was adapted to local conditions. *Colonial Chaos in the Southern Red Sea* Nicholas W. S. Smith, 2021-07-29. Shedding light on the historical origins of violence, trafficking, piracy, and civil unrest in Somalia, Yemen, and Djibouti. **The Struggle for South Yemen** Joseph Kostiner, 2020-10-14. South Yemen was long a key spot in the strategic geography of the West. Before the Second World War, it was important for the British as an outpost on the way to India. From the mid-1940s, it was a crucial gateway to the oil-rich Arabian Peninsula and a vital area in the context of superpower rivalry. This book, first published in 1984, traces the development of nationalist sentiment in South Yemen and the emergence of the two main groups in the struggle for independence: the NLF and FLOSY. Analysing both the impact of these groups on Yemeni society and demonstrating how they struggled with each other for supremacy, the book provides a perceptive account of how the revolutionary process in an Arab country unfolded. *Colonialism* Melvin E. Page, 2003-09-16. The most exhaustive reference work available on this critical subject in world history, focusing on the politics, economy, culture, and society of both colonizers and colonized. The history of the last 500 years is the history of imperialism, writes editor Melvin Page. In the Americas, as a result of imperialist conquest, disease, famine, and war, nearly wiped out a population estimated in the tens of millions. Africa was devastated by the slave trade, an integral part of imperialism from the 1400s to the 1800s. In Asia, even though native populations survived, native political institutions were destroyed. Imperialism also forged the two most important ideologies of the last five centuries: racialism and modern nationalism. In more than 600 essays presented in this three-volume encyclopedia, Page and other leading scholars, historians, political scientists, economists, and sociologists analyze the origins of imperialism, the many forms it took, and its impact worldwide. They also explore imperialism's bitter legacy, the gross inequities of global wealth and power that divide the former conquerors, primarily Europe, the United States, and Japan, from the people they conquered. **The Great War** Herbert Wrigley Wilson, Sir John Alexander Hammerton, 1916. Society and Trade in South Arabia R.B. Serjeant, G. Rex Smith, 2024-12-11. This book is the fourth and final collection of Professor R.B. Serjeant's articles on the trade, commerce, and society of South Arabia and the Yemen. The early articles concern trade, customary law, is the next subject represented with social history, and one or two incidental
