Smith, 2022-12-28 This book explores the literate and advanced cultures of two very separate groups in the Book of Mormon 1 the Jaredites described in the book of Ether and 2 the members of tribal Manasseh who dominate the remainder of the Book of Mormon The first group flourished during the millennia before the arrival of the second group in a nearby area and became extinct as a civilization not long after the arrival of that second group Within the New World only one complex culture arose which was literate built great cities and had a large population namely the Olmec of southern Mexico the mother culture of the five subsequent advanced cultures of Mesoamerica This book demonstrates how the Mesopotamian Jaredites brought with them a Sumero Akkadian culture to the New World The linguistics of Sumero Akkadian are not only found systematically within the Jaredite onomasticon but a comparison of Sumero Akkadian with reconstructed ancient Olmec Proto Mixe Zoque strongly suggests the ultimate origin of that people in Mesopotamia at least 5 thousand years ago In

the second section of the book an offshoot of tribal Manasseh Clan Lehi demonstrates its pervasive influence through an onomasticon almost exclusively showing derivation from Manassite names known from the Bible and archeology and which are collocated geographically with each other and with a set of names known biblically to be associated with transjordanian tribes and southern areas such as Midian where Clan Lehi first goes to make good its escape from Judah **V5.**

Mesopotamian Religion and Mythology W.G. Lambert,2016-03-17 The late W G Lambert 1926 2011 was one of the foremost Assyriologists of the latter part of the twentieth century His principle legacy is a large number of superb critical editions of Babylonian literary compositions Many of the texts he edited were on religious and mythological subjects He will always be remembered as the editor of the Babylonian Job Ludlul bel nemeqi also known as the Poem of the Righteous Sufferer the Babylonian Flood Story Atra hasis and the Babylonian Creation Epic Enuma elish The present book is a collection of twenty three essays Lambert published between the years 1958 and 2004 These endure not only as the legacy of one of the greatest authorities on ancient Mesopotamian religion and mythology but also because each makes statements of considerable validity and importance As such many are milestones in the fields of Mesopotamian religion and mythology

A Handbook of Gods and Goddesses of the Ancient Near East Douglas R. Frayne,Johanna H. Stuckey,2021-02-08 From the tragic young Adonis to Za hapuna first among goddesses this handbook provides the most complete information available on deities from the cultures and religions of the ancient Near East including Anatolia Syria Israel Sumer Babylonia Assyria and Elam The result of nearly fifteen years of research this handbook is more expansive and covers a wider range of sources and civilizations than any previous reference works on the topic Arranged alphabetically the entries range from multiple pages of information to a single line sometimes all that we know about a given deity Where possible each record discusses the deity s symbolism and imagery connecting it to the myths rituals and festivals described in ancient sources

Many of the entries are accompanied by illustrations that aid in understanding the iconography and they all include references to texts in which the god or goddess is mentioned. Appropriate for both trained scholars and nonacademic readers, this book collects centuries of Near Eastern mythology into one volume. It will be an especially valuable resource for anyone interested in Assyriology, ancient religion, and the ancient Near East. *The Sabbath, Aaron to Zohar* Norman McClelland, 2021-10-30. This book not only argues for the sanctity of the seventh day Sabbath. It is this author's view that Christians have ample justification for observing Sunday as a holy day but not to claim that it has the same blessed and made holy power to it that the seventh day Sabbath has. Moreover, it is here pointed out that even the Quran, if read carefully, can support the seventh day Sabbath. **The Eden Narrative** Howard N. Wallace, 2019-05-27. *Akkadian-English Dictionary. Volume III (R-Z)* Maximilien De Lafayette, 2014-02-06. *Akkadian English Dictionary Volume III R Z*. Published by Times Square Press, New York and Berlin. *Akkadian English Dictionary*. Epistemology, Etymology, Terminology, History, Texts, translation, Linguistic cross references, Comparative Lexicon, Thesaurus of Akkadian, Sumerian, Assyrian, Babylonian, Chaldean, Phoenician, Ugaritic, Aramaic, Syriac, Hebrew, Arabic. With additional linguistic cross references, Turkish, Urdu, and Persian (Farsi). Volume 3 from a set of 3 volumes. A most unique dictionary of the Akkadian language on many levels, mainly because of its comparison and analogy between Akkadian and 14 languages of the ancient world. Thousands of entries, definitions, and epistemological explanation of the origin of the word, its derivation, and variants in other languages. Abundance of photos, maps, illustrations, and sketches.
